## Specialist and School-Based programs

The following Department of Education endorsed specialist program will be offered at Swan View SHS:

- **Fame Academy (Specialist Drama)** provides students with the opportunity to extend their skills in acting and production areas, and exposes students to a wide range of theatre experiences. Over the course of four years, students participate in workshops with industry professionals, training them in basic circus skills, stage combat, special effects makeup, use of technology to edit and create sound for their stage production, and other acting and production skills.

The following school-based specialist programs are also offered at Swan View Senior High School:

- **Achieving Curriculum Excellence 'ACE'** program at Swan View Senior High School is for students who aspire to go to university. It focuses on academic excellence and extension and targets students aspiring to an ATAR pathway in Years 11 and 12. ACE offers a wide range of academic enrichment opportunities and students are expected to demonstrate exemplary attitude, behaviour and effort.

*The ACE Student program is offered to those students in **Year 6** who have been identified by The ACE Coordinator and their primary school teachers as suitable candidates for the secondary ACE program. These students will have achieved high scores in NAPLAN testing and consistently demonstrated academic aptitude in the classroom, including excellent standards of attitude, behaviour and effort.*

- **Elite Basketball** the Basketball program gives students in Years 7-10 the chance to pursue their passion for Basketball and aims to develop skills, game understanding and tactical knowledge. This class is offered as a timetabled elective and allows the opportunity for students to be involved in day competitions and excursions.

The program provides students with individual fundamental coaching combined with fitness training, testing and completion a junior referee course. Students will have the ability to demonstrate and develop strong teamwork and leadership skills which are essential for higher level and elite competition.

Students will be held to behaviour and engagement standards to remain in the program.
