

**YEAR 10 ELECTIVE SUBJECT SELECTIONS – 2021**

**Student Name:** \_\_\_\_\_ **Year 9 Form:** \_\_\_\_\_

The Year 10 Curriculum continues to develop broad educational knowledge and skills, with 16 of the 25 hours of schooling comprising the four compulsory learning areas of English, Mathematics, Science and Humanities and Social Sciences. A further 2 hours of Physical Education and 1 hour of Health are also compulsory subjects.

Year 10 students will be enrolled in three (3) elective subjects from the learning areas of Technologies, The Arts, Humanities, or Physical Education. **Students will study each of these three electives for two hours per week for the whole year.**

When making your selections, elective subjects should be ranked carefully as they are **year long courses** and do not change over at the end of Semester 1, as they did in Years 7 and 8. To assist with your selections, please refer to the Year 10 Subject Handbook which gives a detailed description of all the elective subjects listed below. This handbook is also located on the Swan View SHS website, <http://www.svshs.wa.edu.au/>.

Whether subjects are able to run or not is at the discretion of the school and is dependent on a number of timetabling factors. Students will be moved to their reserve subject choices if it is determined that a subject will not run. No further correspondence will be entered into.

**1. First Choice Selections** – the main subjects that you would like to do in 2021

**Please rank your TOP 3 choices in the table below.** If you are continuing in a specialist program that you are studying in Year 9, or have applied for a place in a specialist program for Year 10 2021, please include this subject in your selections.
