Principal's MESSAGE

Welcome to the Swan View Senior High School 2022 Year Book. The new look design and focus for the Year Book faithfully records the many events and achievements throughout this year for the School. I encourage all members of our Swan View school community to read about these events and achievements and reflect on the academic year.

In 2022, the School celebrated its 45th anniversary having opened on 7 February 1977. There were 27 Foundation staff and 346 Foundation students. The wider School community can be very proud of the School's amazing achievements in academia and the sporting fields during the past 45 years.

This year has been challenging as we have responded to the impact of COVID-19. The ever-changing health protocols and, more recently, the periods of isolation for students, families and staff, have concerned many within our community. I would like to express my sincere appreciation and humble admiration for all within our school community. The students and staff have shown enormous resilience, patience, and cooperation in adapting to the various school operational guidelines that we have been challenged to navigate throughout this year.

Cassius Turvey, Year 9, passed away on 23 October 2022 aged 15 years. Cassius' passing has had a deep and sad impact on the students and staff at our school and throughout Australia and internationally. Support for our students and staff has been ongoing.

Staff attended two Memorial Vigils held at Midland Oval on 29 and 31 October 2022. I was honoured and privileged to represent the School with Cr Karen Beale at the Funeral Service held on 18 November 2022 at Dream Builders Church, Middle Swan. It was a very beautiful and moving service that honoured the life of Cassius. Five teaching staff, Swan View Clontarf Academy staff, Swan View Stars Foundation staff, Follow the Dream Coordinator and 70 students attended the Funeral Service.

PHOTO: Dr Sekulla with Hon. Michelle Roberts MLA, Mr Ray Higgott and Councillor Jo Cicchini.

PHOTO: Dr Sekulla with Jameson Hewer at the Academic Achievement Assembly.

PHOTO: Dr Sekulla with Oska Dunn our WA Student Council School Representative.

The School organised a Memorial Service on 25 November 2022 to celebrate the life of Cassius. It was an opportunity for our students and staff together with invited guests and the Turvey family to remember Cassius in private. It was a beautiful service that touched the hearts of all that were present.

I would like to extend my sincere appreciation to our Swan View Senior High School community for their support of each other during this very sad time.

I would like to acknowledge and thank all members of the School staff for their continued hard work. At Swan View we are very fortunate to have a dedicated group of staff members who display care, nurture and commitment to our students, each other and the school environment.

I am very proud of the amazing relationship that we have with our partner primary schools. These schools have always been and continue to be great supporters of our School. I would like to acknowledge the Principals and the staff from these respective schools and thank them sincerely for their continued support.

I would like to publicly thank the members of our School Board. Our School Board, chaired by Cr Karen Beale, has performed exceptionally throughout the year. I am very grateful of the support given by the various Board members and thank them for their energy for our School.

Many thanks to all our parents/caregivers and other members of their respective families who assist in preparing their children for learning every day in our School. There is no more important job than parenting. As a School we look forward to working with you to provide your children with wonderful learning experiences. We value your ongoing support of our School. I would also like to extend my sincere appreciation to the Parents and Citizens Association for their continued support of our School during 2022. Your efforts are valued.

I would like to acknowledge the efforts of all students, and particularly the Year 12 Class of 2022. I wish all students who are leaving the School the very best in their future studies, training and employment.

It has been a pleasure to celebrate our students' successes in ATAR pathways, VET courses, sporting achievements, the performing arts, technology and community achievements.

Dr George Sekulla

Year 12 Graduation

The Year 12 Graduation Ceremony was held on 18 November 2022 at The Crown Resort in Burswood. Approximately 500 guests attended the event to watch 71 Year 12 students complete their secondary schooling.

The formal occasion and the setting enhanced the importance of the evening. It was a proud moment for many families and the wider School community. Dressed in their graduation gowns together with the School sash, an atmosphere of pride and self-achievement was created.

Mrs Hawley and Ms Scriven warmly welcomed students, staff, families, and guests, as Directors of Proceedings, to the Graduation Ceremony.

The keynote address was delivered by former student, Mrs Natalie Sarich-Dayton. Natalie was born to Croatian immigrant parents who settled in Swan View in the early 1970s. Natalie attended Swan View Primary School and Swan View Senior High School, graduating in the Class of 1994. She then went on to complete a Commerce degree at the University of Western Australia, before leaving Perth to travel and grow her career. Today, Natalie is the Chief Executive Officer and Managing Director of Brownes Dairy. Established in 1886, Brownes is Australia's oldest dairy. Natalie is the first female to hold the Chief Executive Officer and Managing Director position in Brownes history.

Natalie has over 20 years of international food and beverage experience. She has worked for some of the world's consumer goods powerhouses including Coca-Cola, Heinz, and Unilever in Australia and the United Kingdom.

In 2019 and 2020, Natalie was named in Australia's Top 50 CMO's. She has led Brownes Dairy to be one of Australia's most innovative and awarded food business, winning numerous marketing, packaging, innovation, and food awards. She was behind the revival of the popular 'Milko' home delivery service during the COVID-19 lockdowns and the launch of Hunt and Brew, one of Australia's fastest growing coffee drinks.

The Graduation Ceremony ended on a high note with the Charge to Graduating students by the Head Boy and Head Girl, Presentation of Graduation Folders by Dr Sekulla, the School Chaplain's Blessing by Mr Ramirez, followed by the Retiring Procession.

Special thanks and acknowledgements are extended to the Graduation Ceremony Coordinators – Mrs Bradley and Ms Haese (Marketing and Media Office), prize donors, Swan View Senior High School Board, School Executive Team, Senior Leadership Team, Year 11 Student Representative Councillors, School Staff, and Swan View Partners.

School Board
CHAIRPERSON

Welcome to the 2022 School Year Book. On behalf of the Board, I would like to congratulate all the Year 12s on completing what seems to be a lifetime of education. Well done to the dedicated parents and carers who put in all the hard work, sometimes just to get our children through the gate.

2022 was an unforgettable year with some amazing achievements and also with some terribly sad times. The long-awaited Maali Kadaadijny Centre was opened for students and staff, with the official opening to occur in 2023. I would like to acknowledge Dr Sekulla for his leadership in negotiating the building program with the Department of Education and the Department of Finance, together with Mr Ian Gilles, Ms Kellie Tucker, and Mrs Kelly Klymiuk for their hard work and dedication in ensuring a high quality Centre for our Aboriginal students.The school and the Board are so proud of this wonderful Centre. The work of Ms Kellie Tucker, Program Coordinator - Swan View Stars Foundation; Mr Kevin Bruce, Director - Swan View Clontarf Academy is truly changing lives and not to forget the very successful Follow the Dream program led by Ms Kelly Klymiuk followed by Ms Gaynor Manning. It is wonderful to see this Centre being used and creating a special place for our First Nations students and their families.

During the year, I was able to sign the contract for the Swan Districts Elevate Program's sponsorship from WesTrac. This is a unique partnership that was initially negotiated by Dr Sekulla involving funding from WesTrac Caterpillar in South Guildford and Caterpillar Inc based in the United States of America. This is a fantastic program to engage children through sport and dedicated mentors provided by Swan Districts Football Club. Swans and their leadership team should be congratulated for being so involved with their community well beyond the footy siren.

I would like to thank Dr Sekulla and his staff for their hard work. I have formed strong relationships with the Executive Team over the years and can honestly say they all go above and beyond to ensure our children reach their full potential.

I would also like to acknowledge the work of my fellow Board members representing parents and the community, Vice Chairperson Mrs Kendall Earnshaw who sprinkles her marketing talents and kindness all over our school, Ms Sandra Reeves and Mrs Christine Davey who turn up meeting after meeting to fight for all our students and to Mr Richard Kaub for his knowledge and commitment. In addition, I would like to thank Mr Daniel Candeloro, Mrs Carol Garlett, Ms Di Ryder and Mrs Margaret Sheedy-Dove for their continued contribution and invaluable advice during the year. Your efforts are appreciated.

Congratulations again to all our 2022 leavers, whether you are moving to further study or employment, always remember your Swan View Charge and never forget where you come from.

Deputy Principal
TEACHING AND LEARNING

As you look through the pages of this Year Book you will see in the Learning Area pages that at Swan View Senior High School our aim is to provide a class-environment that simulates our students intellectually and is socially and physically supportive of learning.

COVID-19 continued to impact face to face teaching throughout the year, but this did not detract from the great experiences provided by our teaching and learning and support staff throughout the school year.

This year I was supported in the Teaching and Learning portfolio by Heads of Learning Area and Teachers in Charge.

Heads of Learning Area
The Arts – Ms Kate Rogers
- Health and Physical Education – Mr Steve Bezant
- Humanities – Mrs Kathryn Salisbury (Semester 1)
- Mathematics – Mrs Justine McCann
- Technologies – Mr John Vidler

Teachers in Charge
- English – Ms Nicole Parella
- Humanities and Social Sciences – Mr Micheal Bennett-Hullin (Semester 2)
- Science – Mrs Laura Raven

You will see in the pages dedicated to these Learning Areas that there have been many opportunities to extend the learning in the classroom with a variety of incursions and excursions.

I am sure that in future years, you will look back at this Year Book and remember the good times you had in 2022. Whilst you may not always remember the formula's taught in Mathematics or how to correctly construct a PEEL or TEEL paragraph, but you will remember the friendships you made in your classes and the activities your Teachers and Education Assistants created for you.

Enjoy reading through the pages that follow.

Mrs Helen Hawley

Deputy Principal
STUDENT SERVICES

The 2022 school year did not start as expected with COVID-19 impacting the attendance on many students and staff. However, as always, we all worked together and pulled through to conduct many exciting events and support the young people at our school.

Student Services is comprised of a Lower School (Year 7-9) and Upper School (Year 10-12) team. These teams consist of a Coordinator and Student Support/Engagement Officers. Other members of the Student Services Team are the Chaplain, Community Health Nurse, School Psychologist, Student Support Coordinator, Learning Support Coordinator, Attendance Officer and School/First Aid Officers. This large department is overseen by the Deputy Principal – Student Services and is charged with working across the entire school to support students, working with parents/carers, teaches and outside agencies.

Providing opportunities for student leadership and student voice is an important part of Student Services. Student Representative Councillors are elected by their peers to represent their year group.

They attend many courses and events throughout the year to provide opportunities to develop and expand their leadership skills and experiences.

As part of its pastoral care and student expectation responsibilities, Student Services organises many events though the year. We have organised the following in 2022:

- National Day of Action against Bullying and Violence
- R U OK Day
- 90% and over Attendance Awards and Events
- Good Standing and Attendance Reward excursions
- Year Group Assemblies with Acknowledgement Awards
- The inaugural Year 11-12 River Cruise
- Year 12 Ball and Leavers activities
- Guest Presenters

PHOTO: Ms Scriven with Keisha Reed at the Swan View Stars Foundation Awards Ceremony.

Some of the services that are organised and provided by Student Services are transition events, immunisations, awareness days, Year 7 and new student family Meet and Greet BBQ, Breakfast Club, Yarning Circle, Elevate Study Skills, Peer Support, Swan Elevate Leadership program and uniform loans.

We collaborate with many outside agencies and organisations to enhance the opportunities and services for students. Swan City Youth Services, Swan Districts Football Club, Westrac, Caterpillar, Shire of Mundaring, Headspace, Cadets WA, Curtin University and the Motivation Foundation are a just a few of the organisations that provide services to the students at our school. They add to the extensive wrap around support provided by the dedicated and experienced student services team.

Ms Karen Scriven

Deputy Principal

INCLUSIVE EDUCATION

Building an inclusive culture across any educational facility is challenging, however we believe that every child has the right to access an inclusive education setting. Our staff value learners and strive to create learning opportunities that encourage all students to reach their educational priorities. I thank all staff in their involvement with building an inclusive environment in their classrooms and around the school through forging relationships between the home, the school and with the student as well as modifying the curriculum to cater to the needs of the students.

In further support of all students reaching their academic priorities, we commenced a 20-week pilot program across semester two this year. Eligible students in Year 8 with autism spectrum disorder (ASD), who did not have the capability to participate successfully in mainstream Math, English and Health programs, were offered a place in an Integrated Learning Program (ILP). This program targeted academic engagement and achievement while supporting students' communication and organisational skills. Social / emotional development and regulation was also supported with the view of students being transitioned into mainstream classes once they had achieved the exit criteria. The success of the program saw eligible students being integrated back into mainstream classes and in 2023: we will run a program for Year 7 and a Year 8 students.

Mrs Scolt (Learning Area Coordinator) delivers an intervention program for students with Autism Spectrum Disorder (ASD). Topics include building capacity in students to better understand how to converse with others positively and productively, form and maintain friendships, manage disagreements, and recognise how they are feeling in order to better self-regulate. The program has been running successfully for several years now.

Swan View Senior High School

45th ANNIVERSARY

PHOTO: Cr Rashelle Predovnik, Hon. Michelle Roberts MLA, Dr George Sekulla, Mr Ray Higgott and Cr Jo Cicchini cutting the cake.

On Friday 24 June 2022, a special morning tea was organised celebrating the 45th anniversary of the opening of our School on 7 February 1977. It was a wonderful opportunity to celebrate the School's achievements in so many areas during the past 45 years.

Dr Sekulla, thanked special guests for attending the morning tea and their continued support for our School:

- Hon. Michelle Roberts MLA, Speaker of the Western Australian Legislative Assembly and Member for Midland
- Ms Kendall Earnshaw, Vice Chairperson – Swan View Senior High School Board
- Councillor Jo Cicchini – Shire of Mundaring
- Councillor Rashelle Predovnik – City of Swan.

Maali Kaadadjiny Centre

SWAN LEARNING CENTRE

The building program for the new Maali Kaadadjiny Centre was completed in June 2022, achieving handover ahead of schedule. Students and staff moved into a completed and fully functional facility on 14 November 2022. A formal opening of the new Centre is planned for Semester 1, 2023.

The purpose-built Maali Kaadadjiny Centre is a landmark facility being the first of its kind in Western Australia and more broadly the entire country. The project not only addresses the needs of Swan View Senior High School but has potential to drive development and implementation of innovative facilities to support improvements in the delivery of education to Aboriginal and Torres Strait Islander peoples. The Centre represents the Department of Education's commitment to closing the gap for Aboriginal students.

The new building includes modern facilities such as two general learning areas, a meeting room to reduce anxiety of parents/caregivers and students entering a formal administration setting, three offices, a function room to accommodate school community events, two kitchens and an ambulant toilet with changing area to cater for the needs of students, staff, and their partnership with the local community.

Preparing the Centre for use continued after the handover. ICT works such as networking, personal computers, projectors and security cameras were prioritised; essential in delivery of Aboriginal Education programs in the facility, such as the Swan View Stars Foundation, Swan View Clontarf Academy and Follow the Dream.

IN LOVING MEMORY OF

Cassius Turvey

There are many words to describe Cassius – son, brother and friend. Yet to Mechelle he was an Angel. We are all sad that Cassius isn't here, but we are glad to know that he is in heaven watching over us all.

When he entered a classroom he would light up the room with the biggest smile and radiated so much warmth and affection for everyone. Cassius would always ask his teachers about their day and when they asked him about his day everytime he would reply 'Awesome Miss (or Sir)'. He brought so much joy to every day at school and many staff would comment I wish I had a class full of students like Cassius.

Staff fondly reflect on Cassius being the only student in the entire school that would go out of his way to open doors for them. He was polite and showed good manners.

We miss your smile. We miss seeing you in class and during break times.

Our hearts are sad, though we know that you are still with us in spirit.

Dr George Sekulla
Principal

Programs

Education Support Centre

The Education Support Centre continues to grow and by the end of the year, our classes increased from three to four: three Year 7-10 classes and one Year 11-12 class. With the growth in classes, our existing teachers: Ms Sheridan Cullinan and Mr Tom Evans were joined by Mrs Margaret Fleay and Mr Conrad Mayall. Our teachers worked collaboratively to provide a range of programs that piqued student interests and challenged their thinking. Educating our students alongside the teachers were the most appreciated and dedicated education assistants. Joining them this year were Ms Danielle Thiel, Mrs Denise Cowin, Ms Hayley Forrest, Ms Penny Watkins, Mr Richard Watson, and Mrs Rosalie Dubbelboer.

The highlight of 2022 was the welcomed addition of biannual assemblies exclusively for students in the Centre. Classes took turns in running the assemblies, offering students opportunities to develop leadership skills, progress their communication and social skills and build confidence in speaking in front of families and invited guests. Students were awarded certificates of achievement and showcased what exciting learning they had participated in throughout the term. In 2023, we will increase the frequency of assemblies to one each Term.

We are committed to building relationships with external service providers to ensure students reach their academic, wellbeing and health potential. We believe it takes a community to raise a child and encourage the collective input and knowledge of the parent, educator, and therapist to ensure students have consistency in receiving the same message and receive the best opportunity for growth and success. Therapists are welcomed on site to work with students in our therapy room.

A focus for students in Upper School is employment, and we are pleased to acknowledge students who successfully completed Work Placements: Ashlee Johnson: Retail at Salvation Army, Raydan Cumper: retail at Dream Builders, Scott Jamieson: Mechanic Assistant at Nissan, Shilo Pearce: School Based Traineeship at Taco Bell, Tim Pearson Goodacre: Gardening at Swan View Senior High School.

A sincere thank you to all staff who have had input into supporting the growth of our students as well as the growth of our Centre.

VOLUNTEER READING PROGRAM

The Volunteer Reading Program is an integral school wide program that has run for many consecutive years at the High School. There is a small but dedicated team of long term and newly appointed volunteers who give up their time every week to provide a community service to students who require additional reading support. Run historically on Tuesdays, this program was put on hold throughout Term 1 due to COVID-19 restrictions, however resumed for the remainder of the year: encouraging students to succeed to their highest reading ability.

Student Representative Council

In 2022, the Student Representative Council (SRC) had a highly productive year, showcasing their dedication and leadership. They aided primary school transition students, playing a role in the Year 12 Graduation Ceremony, emceed assemblies, and supported community events. The highlight was their memorable camp at Ern Halliday in Hillarys. During this getaway, the students dedicated time to brainstorm and present their ideas for the 2023 Business Plan, aligning it with the school's overall strategy. The camp was a blend of strategic planning and exciting physical activities. On the first day, students embraced abseiling challenges and group brainstorming sessions, displaying courage and teamwork. The second day began with a picturesque sunrise, followed by fun-filled activities like Ultimate Sports and Beach Team Building, enhancing communication and teamwork skills. The day concluded with an exhilarating activity, The Big Swing, pushing students out of their comfort zones. The evenings were marked by celebrations, dancing, and karaoke. The students bonded closely during this camp, leaving with cherished memories and a sense of accomplishment. The camp was a success, and everyone eagerly anticipates the achievements of 2023. The year also sees a bittersweet farewell to Mr Fletcher, and the SRC family wishes him all the best in his future adventures.

Swan View Basketball Program

We are continuing to grow and develop our Basketball Program at Swan View Senior High School. Throughout the year our current Program students competed in Basketball Tournaments for Year 7, 8, 9 and 10. Our teams performed extremely well, and this was an excellent opportunity for our players to test their skills against other schools. All our Basketball Program students have had two timetabled periods of Basketball, each week, for the duration of 2022.

A highlight for the year was the introduction of our reversible training singlets. These look fantastic and allow us to split teams and modify groups quickly in class. Our Year 7-9 students wore these as uniforms during their Basketball Tournaments. Next year all Basketball Program students will be required to have a reversible top.

In addition to our in-school program, we had a Senior Boys and Senior Girls Teams that trained and represented Swan View Senior High School during 2022. These teams play in the School Sport WA Basketball Tournament which is open to all school in Western Australia.

Throughout the year, we have visited our local primary schools to promote the program and encourage our future students to try out for a place in the Swan View Basketball Program. We are looking forward to welcoming our new Year 7s in 2023. In addition, we will be moving our Year 9 and 10 programs to a total of four periods each week in 2023. Year 7-8 will remain two periods each week.

clontarf foundation

The Swan View Clontarf Academy went through some significant changes in 2022. We said good bye to Mr Brad Tomlinson and welcomed two new operations staff in Mr Tyler Resuggan and Mr Jon Marsh. We moved out of our old Academy room and into the new Maali Kaadadjiny Centre.

The Swan View Clontarf Academy exists to improve the education, discipline, life skills, self-esteem and employment prospects of young Aboriginal and Torres Strait Islander men and by doing so equips them to participate more meaningfully in society.

We had several highlights during the year, a few of these are highlighted below.

- Thirty eight Good Bunch Lunches which are a reward for students every Friday with a cooked healthy lunch if they are 100% attendance for the week. These lunches are well received and our students aspire to achieve. Meals have included, Chicken Schnitzel, Gourmet Burgers, Curries, stir-fry's etc. Some teaching staff will also join us most weeks.

- Training - We have early morning training sessions every Tuesday and Thursday mornings from 7:15 to 8:35am. Morning pick ups commence at 6:15am and training always finishes with the boys having a shower before a nice cooked breakfast. Numbers have been very pleasing averaging around 20 boys each session twice per week. Yep we trained about 50 times in 2022.

- Nathaniel Keen and Michael Narrier recieved the opportunity to play at Optus Stadium as the Curtain Raiser to Collingwood v Fremantle in May.

- We went on three End of Term Rewards Days including a visit to Fremantle Escape room, Laser Corsps in the Swan Valley and a trip to Whiteman Park for a BBQ and sports activities.

PHOTO: Patrick Alley, Tyler Prosser, Anthony Hill and Billy Randall Goddard taking a lunch break during a hike through Swan View Tunnels.

PHOTO: Students visited Swan View Tunnels for one of our training sessions during the year.

- All Year 11 and 12 boys attended the Clontarf Employment Forum at Optus Stadium. There were over 30 Clontarf partners and 100 Clontarf boys from the Perth region finding out about employment opportunities post schooling.

- Congratulations to Cyril Ugle, Nathaniel Keen and Eithan Thornton for completing Year 12. These boys are now considered Clontarf boys for life.

- Provided driving lessons and vouchers to our boys who have their Learners Permit. Clontarf Swan View handed out more than $3 000 of value in driving lessons in 2022 and aim to increase this in 2023. Nathaniel Keen was also able to obtain his Provisional license.

- Delivered a number of worksite tours to Clontarf partners including Kmart, Coates Hire, Centurion and Woolworths. A number of students have successfully gained employment from these sessions.

- Clontarf staff deliver weekly lesson plans to all year groups which focus on our core pillars of Education, Employment, Wellbeing, Sport and Leadership.

- Participated in a number of Clontarf sporting carnivals across the region. These are a real highlight for our boys and all carnivals are used as an incentive to maximise school attendance and behaviour within the school.

Follow the Dream

The Follow the Dream: Partnerships for Success Program has had an eventful year that was filled with a variety of cultural and academic experiences that both engaged and challenged students.

We are indeed very proud of the outstanding progress that students have made throughout the year. We would like to acknowledge the achievement of two Year 10 students who won the three year ABCN Accelerate scholarships - Kyle Hill-McNally and Lateisha McGowan.

The new Swan View Career Taster program has involved some Follow the Dream students in Year 9 discovering future pathway opportunities. Students had opportunities to attend the University of Western Australia with the Race Around Campus activities, engaging in real university experiences in subject classes and touring the facilities. The UWA School of Indigenous Studies also visited our afternoon classes to provide an introductory presentation about Uni life and courses. Similarly, two Year 10 Follow the Dream students won places to take part in the ECU Bilang Bilang two-day residential program, where they engaged in experiences with faculty areas, camped out and mingled with aspirational Year 10 students from across Western Australia.

The NAIDOC celebrations were kicked off with Nan Vicki Adams facilitating a NAIDOC mural with all students and students also engaged in activities such as cooking damper. The Noongar Art and Cultural Enrichment Program continued throughout the year with a visit to the Art Gallery of WA, featuring a Booroongur textile totem workshop to engage in Noongar artist Ms Sharyn Egan's activation space. Swan View was also fortunate to secure a Yarning and Weaving workshop with Culture Weave owner Ms Nadine Foley, along with her Nan Coral Foley. Follow the Dream students and tutors were skilled up in no time with foundation weaving skills. Nan Coral was also invited to continue next year with cultural incursions as part of our Visiting Elder Program for our students, that will include storytelling and more weaving.

Our end of year Awards Night was a great event where many students won awards for high school attendance over 90% as well as an average of two nights a week attendance at homework classes over the whole year. Outstanding academic achievement was also celebrated as 16 students receiving awards for academic excellence. The theme for the awards was 'Dream Big' and Uncle Neville Collard delivered a moving and insightful Welcome to Country. Mr Kevin Taylor from UWA School of Indigenous Studies gave a truly inspirational key note speech that described his career and life journey, resonating with many in the audience.

We look forward to an even more culturally and academically enriching year in 2023 for our Follow the Dream students.

Ms Gaynor Manning
Program Coordinator

PHOTO: Booroongur Workshop AGWA.

PHOTO: Kyle Hill-McNally, Bertha Moore and Lateisha McGowan.

PHOTO: Keisha Reed and Elleanne McLennan at Mecca Comestica Excursion.

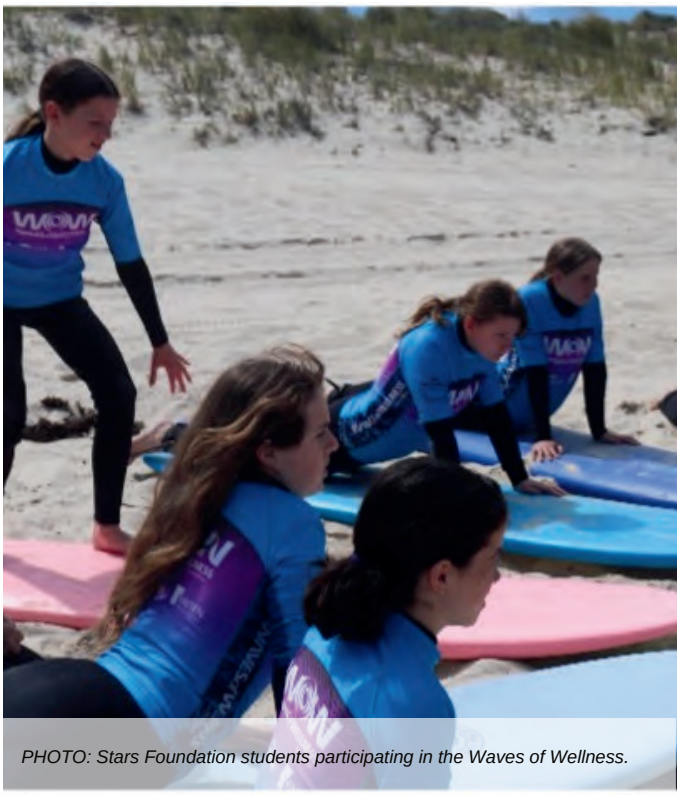

PHOTO: Stars Foundation students participating in the Waves of Wellness.

Towards the end of the 2021 academic year, Dr Sekulla entered into discussions with the Stars Foundation and negotiated the delivery of the program in 2022. Both the School and the Stars Foundation agreed to the delivery model that reflected the framework that had been in operation since 2019.

Our numbers started at 56 with 11 new Year 7 students joining our Program.

The girls have work hard in demonstrating the Stars' Values: Respect, Honesty, Commitment and Pride.

We were lucky enough to be invited to visit a number of stake holders such as Mecca, Chevron and Edith Cowan University Joondalup with girls getting opportunity to meet the stake holder and look at path they would like to pursue.

The students were offered a six week program with East Metro Health Services who delivered sessions on general health and wellbeing.

The Program's Shining Bright reward this year involved going to the movies and a trip to Optus Stadium for a full tour with lunch at the park and a walk across the Matagarua Bridge. These events are based on an average of 85% or above attendance.

A number of our students have also been able to engage in the program, Waves for Wellness. The Program assists students talking about mental health and wellbeing. In addition, it provides an opportunity for learning how to surf and building new friendship groups.

Our Year 12 students have concluded the year with an amazing trip to Busselton with our two mentors, Ms Lizel Buckley and Ms Katrina Jetta. They spent time relaxing at Aqua Resort and their days were spent out on excursions such as touring the Cave, trip on the Busselton Jetty train and the Underwater Observatory Tour. Meals were cooked by the all the students.

Being the first year with Stars we were honoured to have the Stars Foundation Board visit our school. They had a meeting with the Year 12 students and toured the new Centre.

We also had our School Ball with the night being full of glitter and glamour. The girls all looked amazing and made the most of their big event for the year.

We concluded the year with our attendance reward outing to Adventure World in Bibra Lake.

On Tuesday 1 November 2022, the Swan View Stars Foundation held their inaugural Awards Night in the Library.

The Awards Night was a night for our girls to relax and celebrate their achievements.

We said farewell to six of our Year 12 Stars students and reflected on their time at Swan View Senior High School.

We were joined by Cr Karen Beale, Tania Lawerence MHR, Stars Regional Manager Mr Simon Nimmo, staff, students and families.

We enjoyed a great night with families.

Congratulations to the students on their achievements and commitment.

Elevate Program

Swan Districts Football Club has operated in our community for almost 90 years and at Swan View Senior High School since 2019. Football is in Swans' DNA, but the focus of Elevate is steadfast on improving the lives of the people in the community through creating greater engagement in education and transitions to employment, improving health and wellbeing and enhancing community connections.

In 2022, the Elevate leadership and mentoring program commenced at Swan View Senior High School providing selected Year 7-10 students with increased opportunities for leadership, career and education guidance, physical education, resilience building and develop skills such as teamwork, communication, and initiative.

Elevate sessions are all designed for students to understand key insights such as:

- Education unlocks opportunities
- Making strong connections and alliances opens doors
- Good physical and mental health is vital

As students get older, the program evolves from the broad range of mentoring and leadership development in Years 7-10, to more specific individual support for Year 11-12, identifying post school pathways and setting students up for success once they leave Swan View Senior High School.

The staff at Swan Districts have been extremely passionate about supporting our young people which has led to some pretty outstanding results. We have noted a general improvement in attendance, wellbeing, and behaviour, as well as an improved outlook in our Year 7-9 students. Due to this success, Swans Elevate and Swan View Senior High School have been awarded a significant grant from WesTrac and Caterpillar so the program can continue and expand. The grant was negotiated between Dr George Sekulla and Mr Matt Hewitson. This grant has resulted in Year 10 students being included in the program in Term 4. Furthermore, in 2023, 80 Year 8-12 students will be able to participate in the program. In 2023, students will attend WesTrac each Term to learn about various opportunities and possibly find a career that suits them. They will also have the opportunity to complete barista training and learn more about the hospitality industry.

PHOTO: Arikihana Leota-Padlie, Tyrone Quartermaine, Anthony Hill and Elleanne McLennan.

PHOTO: Tahli Wilkins, Arikihana Leota-Padlie, Sheldon Andri, Donald McKay and Mr Tobe Watson.

In 2022, the students attended several excursions to Steel Blue Oval to participate in the inter-school Elevate Day to express their creativity through storytelling, building spaghetti and marshmallow vehicles, and drawing. The students also had the valuable opportunity to learn about some options for their future from special guests WesTrac, AFL Sportsready, and City of Swan. The students represented the school fantastically and won lots of prizes including water bottles, hats, power banks, stationery, and lots more.

In classes this year, the students acknowledged Reconciliation Week by learning about the Six Noongar Seasons and how these seasons are more suited to the WA climate than the western seasons. To celebrate the new season of Makaru coming in at the beginning of June, the students painted terracotta pots with art inspired by the Six Noongar Seasons and we have planted seeds in them. On a particularly rainy day, we were stuck inside the classroom and celebrated our 60th birthdays. Students decorated the classroom and prepared and presented a speech reflecting on their (imaginary) 60 years of life. There were some very creative responses including careers as doctors, lawyers, vets, serving in the Defence Force, travelling the world, hover cars, and some very large families! The students have also improved their cooking skills by making damper for the NAIDOC BBQ, a fundraising cake stall, and learning to cook healthy meals. We have also learned about storytelling, kindness, and creating our own businesses in our Swan Tank presentations.

Two awards were presented to students to consistently display the Elevate values and have made a notable contribution to the program throughout the year. These students were Lillian Dunphy in Year 8 and Peppa Curby in Year 9. We are looking forward to presenting more awards like these in 2023 as well as all the opportunities that our young people will experience. Thank you to Swan Districts Football Club, WesTrac and Caterpillar, and all our young people for their efforts.

Mrs Emily Goerke
Student Support Officer

Transition Program

PHOTO: Elleanne McLennan

PHOTO: Dr George Sekulla, Christy Holmes, Oscar Jordan, Elleanne McLennan, Amy Harapeet, Daniel Koti and Drew Jackson.

PHOTO: Oscar Jordan and Elleanne McLennan.

Our Transition Program and partnership with the local Primary Schools grows stronger each year as we introduce new initiatives for our future students.

During Term 2, we welcomed our Prospective Parents/Caregivers and their children to the school for an information evening and school tour.

Oscar Jordan (Head Boy) and Elleanne McLennan (Head Girl) emceed the event, and several other Student Representative Council (SRC) members facilitated the school tours. The attendance of families was not as many as we had hoped for, but in the uncertain times with COVID-19 and the apprehension of crowds, it was understandable.

The students who facilitated the school tours did so with pride and answered questions from families with confidence.

During Term 3, over three days, we welcomed almost 200 Year 6 students from our partner primary schools to experience a Transition Day. The students came from:

- Clayton View Primary School
- Greenmount Primary School
- Herne Hill Primary School
- Middle Swan Primary School
- Midvale Primary School
- Moordtij Noongar Community College
- Swan View Primary School

They had a full timetabled day experiencing the programs we offer giving them a taste of what it is like in high school.

In Term 3, Year 8 SRC visited Middle Swan Primary School to deliver the Smith Family Passport to Success program.

The program provides Year 6 students with the opportunity to develop skills, knowledge, and a positive attitude so they are prepared for a successful move from primary to high school.

Chevy Coleman, Drew Jackson, Glydine Magadia and Shanice Moore talked to primary school students about what to expect in high school. They broke down the myths about high school for the students. and answered lots of questions from the very inquisitive students.

Chevy Coleman, Drew Jackson, Glydine Magadia and Shanice Moore were wonderful ambassadors for our school. They handled the session with maturity and confidence.

PHOTO: Shanice Moore, Glydine Magadia, Chevy Coleman and Drew Jackson.

On Thursday 1 December, we had over 100 Year 6 students attend the Orientation Day. The students met at the front of the school at 8:30am, many of them a little anxious about the day ahead.

First up for the day they experienced a whole school assembly, their parents/caregivers also attended. The assembly was a cause for celebration, the Year 6 students witnessed many of our current students been recognised for achieving great things and receiving awards.

Mrs Helen Hawley, Deputy Principal – Teaching and Learning, paid a visit to the Achieving Curriculum Excellence (ACE) class. Mrs Hawley presented the Year 7 2023 ACE students with a certificate and gift.

Mrs Sally Bradley
Marketing and Media Officer

Events

Events

ANZAC ASSEMBLY

On Tuesday 24 May 2022 we held our ANZAC Assembly, Student Representative Council (SRC) members, Daniel Koti, Naomi Stewart and Christy Holmes read, The Prayer of Remembrance, In Flanders Fields and The Ode, they all read beautifully. Cadet and SRC members Oska Dunn and Eric Arjoon-Cloghan also played an important part at the Assembly.

COMMISSIONER FOR CHILDREN AND YOUNG PEOPLE VISIT

During Term 4, we were honoured to be selected by Ms Jacqueline McGowan-Jones, Commissioner for Children and Young People in Western Australia for her to visit our school. Ms McGowan-Jones began as the Commissioner for Children and Young People in Western Australia in January 2022.

The Commissioner talks to children and young people and others in the community about what kids need to be healthy and reach their potential. From this information she tries to get things changed for the better so the wellbeing of children and young people can be improved.

The Commissioner visited on Monday 31 October 2022 and met with 11 of our students. She wanted to discuss what is important to them and what they think they need to be healthy and happy. The students had prepared questions and ideas they wanted to put to the Commissioner.

The students all enjoyed meeting the Commissioner and having morning tea with her. She made them feel very relaxed and comfortable about sharing their ideas and suggestions. They joined in the discussions covering items such as:

- What are the best things about their community?
- What things could be improved in their community?
- Racism in the community

Athletics Carnival

On Friday 16 September 2022, we held our annual school Athletics Carnival, on our school oval. The day was a huge success and all students who attended should be congratulated on their participation and also the positive way they represented their Houses. Throughout the day, students were able to compete in a variety of events, including 100, 200 and 400m sprints, Long Jump, Shot Put and Discuss. In addition to these more traditional events there was the vortex throw, Tug-o-War and a number of team games. Every student who competed in an event was awarded points for their House and the competition was close all day. In the end there can only be one winner and for 2022 – the winning House was Salisbury. Below is a list of Medal Winners for the day as well as the overall house scores.

PHOTO: Shanice Moore and Glydine Magadia.

PHOTO: Andre Watson and Oscar Jordan.

A huge thank you to the Health and Physical Education Staff for their efforts in planning and running the carnival. Also the student House Captains who came early and stayed back late to pack up, plus the entire staff team – the day was a huge success, as a result of everyone contributing and helping out.

Mr Steve Bezant
Head of Learning Area - Health and Physical Education

The Push-Up Challenge

SWAN VIEW SENIOR HIGH SCHOOL RAISES $1 020 AND COMPLETES 112 226 PUSH-UPS IN THE PUSH FOR BETTER MENTAL HEALTH.

Thank you to those who took part in or donated to The Push-Up Challenge 2022.

During Term 2, we had approximately 100 staff and students take part, and we are so proud to have participated in The Push-Up Challenge and helped Australia #pushforbetter mental health.

Over the event we aimed for 3 139 push-ups to help raise awareness of mental health and of the lives lost to suicide in Australia in 2020. The Push-Up Challenge exists to encourage people to get fit, stay connected and learn about mental health.

As part of the challenge, we completed a massive 112 226 push-ups and raised $1 020 to help improve mental health and suicide prevention. We had so many students get involved which is fantastic. A huge thank you to all staff who assisted with coordinating teams and encouraging students to be involved.

At the end of the challenge, our school was second place (across Western Australia) for total push-ups completed. This is an amazing effort, and everyone involved should be very proud.

Across Australia, over 150 000 participants completed over 190 million push-ups, and over $9.5 million was raised for mental health and suicide prevention, proudly supporting Push for Better Foundation, Movember and Lifeline.

The event encourages participants to speak openly about mental health. Each day, those taking part, completed push-ups while learning about mental health. The number of push-ups changed from day to day to reflect a vital mental health statistic.

For our first year – 2022 was a huge success. We are looking forward to being involved next year and hopefully we will see even more of our community get involved.

PHOTO: Mr Kavcic, Ma. Terence Santos, Mr Bezant, Dannielle Regalario, Drew Jackson, Mr Fletcher, Jack Hall, Jacob Callaghan, Travis Brandsma-Epps, Jack Dolmans.

World's Greatest Shave

In Term 1, our brave Head Boy, Oscar Jordan participated in the World's Greatest Shave to support the Leukaemia Foundation's mission of reaching 0 lives lost to blood cancer by 2035.

This year, Oscar raised over $2 000 in donations thanks to our fantastic community who showed their support to this cause. The funds raised provides relief to those who need it most and also supports Australia's brightest researchers in their search to find advancements in diagnosis, treatments and ultimately a cure for blood cancer.

We are extremely proud of Oscar's bravery to take part in such a selfless act and give back to the Australian community and wish him all the best for his bright future.

Ms Michaela Perry
Year Coordinator - Upper School

PHOTO: Oscar Jordan and Mr Jon Jon Ramirez.

School Production

This year we presented “The Fall of the House of Usher” adapted from the story by Edgar Allan Poe. The cast and crew comprised students from Years 8-12 and were ably supported by a group of dedicated staff. This show was beautifully unsettling and haunting at times – it really allowed the students to show their acting and design prowess.

Curriculum

The Arts

Another busy year in The Arts – filled with exhibitions, performances, excursions, visiting artists and other public events. This year we continued our tradition of celebrating our students in the Showcase Assembly, held in week 8, Term 2. Our annual Fringe festival in week 9, Term 2 was well supported by family, staff and students. This year we featured works and contributions from students in Years 7-12, and for the first time ran the “Play in a Day” competition.

In Term 4, we were proud to present our annual Arts Open Day and Awards Night. As usual we had wonderful support from parents/caregivers and family member, and many staff brought their classes to participate in our performances and exhibitions.

Drama

We commenced thinking we would finally be able to forge ahead with public events and shows – little did we know the barriers that would arise as the year progressed.

Year 7

The newest students in the FAME family started their year studying ritual theatre, working together to create a whole class production. We went on to study radio drama, create props and costumes out of found materials and concluded our year with our first public performance – our circus show, having studied circus skills with Mr Joe Bolton. In Term 4, the Year 7 class also had a visit to the Regal theatre to see “The Spongebob Musical”.

Year 8

We continued our FAME journey, commencing our year with a study of pantomime and learning how to create and edit sound for our productions. In Term 2, we studied stage combat with the amazing Nastassja from Stage Combat Perth. We also worked with Ms Rachel Bott from Wakakirri to create a dance performance which we performed at the showcase assembly in Term 3. Term 4 saw us present short plays based on Grimm’s fairy tales, presented at the Arts Open Day. We also joined the Year 7 class to see “The Spongebob Musical” – judging by the reaction, we all had a blast.

Year 9

This class showed off their artistic side in Term 1, working on mask design and in Term 3 preparing plays for our annual Book Week tour. In Term 4, we decided to take the plunge and work on a full class production – “Zink: the myth, the legend, the zebra”. Which was performed as part of Arts week in Term 4. Our Fame excursion – in Term 4 – took us to the Theatre Underground to see the WAAPA production of “Assassins”, by Stephen Sondheim. What a great end to Year 9.

Upper School

As has become tradition at Swan View, the Year 10 FAME class joined the Year 11 and 12 classes which allowed them to work with the older students and learn from them. They were excited to continue their studies of stage combat, again learning from Nastassja. The Upper School students also staged some amazing class performances this year. Sadly, the Year 12 production was unable to proceed, but in Term 2 the Year 11 ATAR and all the Year 12s presented their monologues to friends and family. The Year 12s finished their year strongly with their Solo performance night. The Year 11 class proudly presented their production of Hoods at the start of Term 4, while the Year 10 FAME students produced some amazing and creating work in their production of “The Dream Collector”. In addition, the Upper School drama group was lucky to attend some great shows this year – “City of Gold” and “The Glass Menagerie” both at the State Theatre Centre, and “Once” at the Regal Theatre.

Certificate II in Creative Industries

Provided the support for all our public events in Drama this year. They worked hard to develop their public service skills, and also lead the staging of the Drama events for the Swan View Fringe event in Term 2. Not just skilled behind the scenes, the class also developed a group performance which was staged in Term 3.

Music

2022 has been an exciting year for the Music department at Swan View Senior High School with students participating in numerous performances and events throughout the year. Annual performances students were involved in included Swan View Fringe Festival, Showcase Assembly and Arts Open Day.

Term 3 saw students participate in The Voice, a singing competition held yearly. Competition was tight with only a couple of points separating the finalists. A significantly greater number of students entered this year so blind auditions were held over extra days.

Members of the Choir, Classical Guitar Ensemble and Year 12 Rock Band participated in a music tour to several of the local primary schools. This was enthusiastically received by many who watched them perform, and students were able to experience what it was like to be a touring performing artist.

The Classical Guitar Ensemble were invited to perform at the Year 12 Graduation Ceremony held at The Crown Ballroom. The ensemble proudly play music as the graduating class entered the event.

The year was ended with a visit from Kaboom, and Perth local percussion group who deliver bucket drumming workshops. Students watched performances from the duo on homemade instruments made from recycled materials before preparing and practicing their own drumming performance on recycled buckets.

Visual Arts

2022 has been a busy and productive year for the Visual Arts. During Arts Open Day we held the annual Visual Art Exhibition for 2022. The exhibition displayed the works from over the year, from 7 to 11 General Visual Art classes, Visual Arts Certificate II and Education Support Art classes. This year we had a new record of over 250 artworks displayed at the exhibition.

For the exhibition, Art Club students continued the tradition of presenting a live painting demonstration. This year the students painted in liquid watercolour to live guitar played by Mr Bailey Hester and different genres of pre-recorded music.

Students, teachers and parents were all given the opportunity to view the exhibition over the day and then vote for the best artwork for each year group.

PHOTO: Tamzin Wilsmore, Adam Learmonth and Ella Detloff.

NAIDOC WEEK

For NAIDOC week this year, local indigenous artist Nan Vicki Adams, was booked to help our students create large artworks to display in the new Maali Kaadadjiny Centre. All indigenous students and Year 9 and 10 Visual Art students were invited to participate in this creative opportunity. The theme for this years NAIDOC week was “Get Up, Show Up” and each student created their own design around this theme to put on the boards collaboratively.

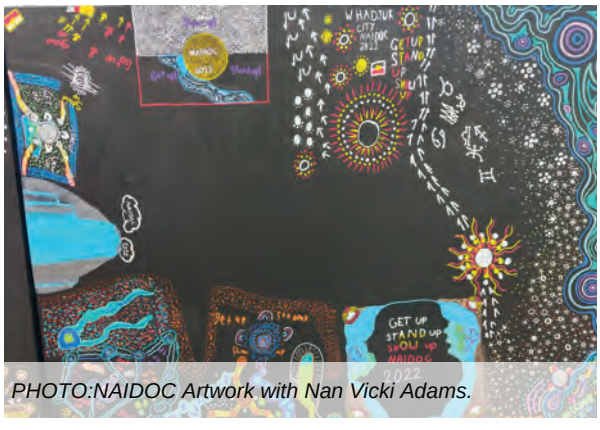

PHOTO:NAIDOC Artwork with Nan Vicki Adams.

YEAR 9 LIGHT SHOW EXHIBITION

In Term 3, the Year 9 Visual Art students were hard at work on creating their own light-based installations and sculptures. The students experimented with a range of different lights and materials and worked in groups to create a unique artwork.

On Wednesday of week 10, the students set up their sculptures in the old photography dark room and displayed them to staff and students for the Light Show exhibition.

PHOTO: Light work installation by the Year 9 Visual Art students.

AGWA and PICA ART GALLERY

The Year 10, 11 and 12 Visual Arts students had the opportunity to attend an excursion to AGWA and PICA art galleries. Students observed the artworks at Pulse Perspectives at AGWA, featuring 49 works by 2021 Year 12 Visual Arts graduates from 32 schools across Western Australia and Hatched, at PICA, an exciting showcase of the best up-and-coming artists recently graduated from art schools across Australia. The students experienced new outlooks and ideas for concepts that they can develop in their own artistic projects. The day gave an inspiring and insightful look at the world through the minds of our most talented young artists.

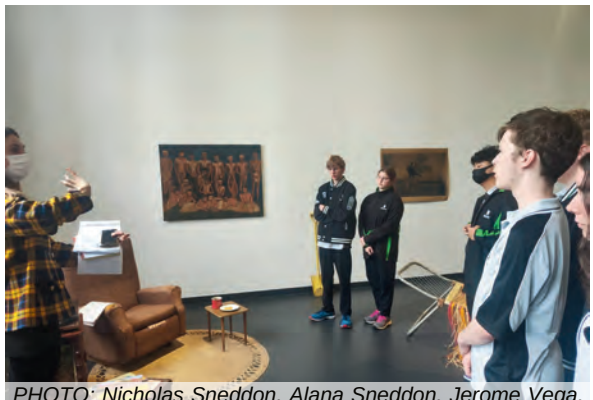

PHOTO: Nicholas Sneddon, Alana Sneddon, Jerome Vega, Jacob Cross & Jasmyn McKenzie.

PHOTO: Art Exhibition.

YEAR 12 ART EXHIBITION

At the beginning of Term 4, our Year 12 Visual Art students exhibited their artworks for a final show at Swan View Senior High School. The students displayed a range of creative works in different mediums from ceramics to drawing and painting. Students, teachers and parents viewed the exhibition and voted for their favourite artwork for the people's choice awards. Our winners of the People's Choice Awards for 2022 were Klara Gard, Juwana Wiggan and Dennilyn Custodio.

PHOTO: Latiesha McGowan Ella Wilkie Sophia Lawson Jessica Rotaru.

SWAN VIEW FRINGE FESTIVAL

In Semester 1, the Certificate II in Visual Arts students put together their own themed Still Life displays that they then created a series of drawings from using different drawing techniques.

The students then set up an interactive exhibition for our Swan View 'On the Fringe' festival, displaying their drawings and setting up a still life display for visitors. Visitors then had a chance to create their own still life drawings and add them to the display.

PHOTO: People's Choice Awards - Juwana Wiggan.

ART CLUB FACE PAINTING

This year our Art Club students tested out their face painting skills at our Annual Athletics carnival. The students were in high demand over the whole day and painted many creative and house themed designs.

ART CLUB MURAL

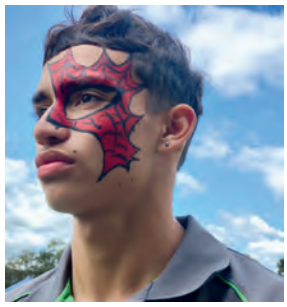

This year, Art Club students have been working on re-painting the mural in main art studio. Swan View students painted the original mural over 10 years ago, as a Halloween themed Wizard of Oz and we decided it was time to give the mural a new look.

The new Mural is a landscape painting influenced by the backgrounds and scenery, created by the Japanese animation film studio, Studio Ghibli. The base of the mural is now complete and Art Club students will continue to work on the details on the Mural in 2023.

Ms Zoe Baldock
Teacher

English

The year of 2022 once again demonstrated the exceptional work and achievements of the students and staff of the English Learning Area at Swan View Senior High School.

After the impact of COVID-19 in 2021 the students returned fresh and eager to demonstrate their adaptability in an ever-changing environment.

As always, the year was filled with great events and inspiring English events. From Book Week dress up, poetry author incursions to the Year 6 Orientation Day.

Our Year 12 students completed ATAR, general and foundation courses and put in an amazing effort. The highlight for the cohort was the unit of work 'Freedom Writer's Diary' which was used to prepare for EST. The genuine insights and experiences the students learnt through this medium was invaluable when reflecting on their own lives and experiences.

The Year 11 students started their WACE courses with infographics and advertising and a film study on The Truman Show. All the students enjoyed the units of work.

The Year 10 cohort created feature articles on the documentary 'Blackfish' which details the captivity of Orcas in captivity. Furthermore, they completed poetry and analysed short stories which proved more thought-provoking than they had anticipated.

Our Year 9s delved deep into the English curriculum with speech analysis of persuasive speeches and newspaper articles. A highlight to all was the analysis of the 'Greta Thunberg UN COP24' speech. It was a focal point of the cohort be able to see another high school aged student from another country in action with her persuasive techniques and passion.

The Year 8s worked extensively on novel studies, short stories, and picture books. A select group of students worked with Ms Parrella and Mrs Muir to complete intensive English classes and the results and achievements of the students were out of this world.

And finally, our Year 7s. The year started with NAPLAN preparation and therefore included lots of learning and revision of narratives, persuasive texts, films, and poetry. Well done to the Year 7s for giving it their best go at NAPLAN.

Thank you to the English Learning Area 2022 staff. It was a challenging year but your professionalism and dedication to the students and educational outcomes is reflected in the wonderful achievements of our students.

Ms Nicole Parrella
Teacher in Charge

PHOTO: HASS Learning Area dressed up for the Year 12 Dress Up Day as the 1950s era.

PHOTO: Year 6 Middle Swan Primary School students doing an English activity on Orientation Day.

Health and Physical Education

What a year it's been. There is always so much going on in the Health and Physical Education Learning Area. Even with COVID-19 restrictions limiting some activities in early 2022, it has been an exciting year full of highlights. Across the next few pages, we celebrate a number of events and activities that took place throughout 2022 – these include:

- Athletics Carnival
- Basketball Program
- Outdoor Education Expeditions and Excursions
- The Push-Up Challenge
- Soccer Teams
- Volleyball Club

All these initiatives are examples of the incredible opportunities that our students are able to take advantage of, at Swan View Senior High School. They are also examples of our students displaying high levels of engagement, maturity, and self-management skills to be able to safely participate in this variety of activities.

In General Physical Education throughout the year, our students have had the opportunity to be active and develop skills to support healthy lifestyles. Across this year they have participated in a variety of sports and being given the opportunity to develop fundamental movement skills applicable to a range of activities. Athletics and fitness testing were completed by all year groups and then a range of other sports and recreational activities.

At Swan View we are committed to getting our students active and involved in physical activity. This is important for developing healthy habits for life and is part of our holistic curriculum. Students who have a passion for the Health and Physical Education Learning Area have been able to get involved in a variety of additional activities, including lunch and recess games in the gym, sport teams and clubs, plus our Lightning Carnival. All students in Years 7-10 had the opportunity to participate in a Lightning Carnival, where we competed against other schools from our region in both Basketball and Soccer Tournaments. All students who participated in these carnivals, should be congratulated on their efforts in representing our school – we are very proud of their performances.

In Health Education, we have covered a variety of important topics that are relevant for all students. This includes Drug and Alcohol Education, Relationships and sexual health, mental health, resilience and online safety. As part of this curriculum, we had some guest presenters visit us from 'Helping Minds' who spoke with our students about a variety of topics related to mental health.

It has been a great year working with our students and engaging with the Health and Physical Education curriculum. I would like to acknowledge our Health and Physical Education team for all their hard work and commitment to our students. Through their hard work and the engagement of our students we have seen some excellent results in 2022.

Enjoy looking at some highlights from Health and Physical Education over the next few pages – thanks for a great year.

Mr Steve Bezant
Head of Learning Area - Health and Physical Education

Outdoor Education

YEAR 12

As a result of COVID-19 restrictions, the Outdoor Education (OED) Course was altered so that students did not go on any overnight camps in Semester 1. Our classes adapted to this and planned two Hiking Day trips as an alternative – this was our major assessment task for the Semester. On Thursday 31 March and Friday 1 April 2022, the Year 12 OED classes attended hiking day trips. Day one was a walk in Kalamunda National Park along the Bibbulmun Track and then around the Rocky Pool Loop Trail. Day two was a Hike to the top of Mt Cooke – this highest peak in the Darling Range at 582m.

Highlights included our lunch stop at Rocky Pool (although there wasn't any water at this time of year), the view from the top of Mt Cooke, some incredibly steep down hills that challenged everyone, plus the satisfaction of completing our planned walks as a group. Our students did a fantastic job managing themselves in the natural environment and worked well together as a group.

In Semester 2, we held our final canoeing expeditions for these students and the culmination of everything learnt throughout the Outdoor Education course. Due to all the rain, we had throughout Term 3 the river levels were very high and this made for some exciting conditions both on our Day Trip on the Avon River and our Camp. The Canoeing Camp was held in the Dwellingup Region, on the Murray River.

The weather was very kind to us and although there were some cold nights, the sun came out and we had some beautiful days on the river. The students did an excellent job managing themselves in the natural environment. We had an amazing time and enjoyed canoeing down some exciting rapids and paddling through some scenic sections of river. Students had all their equipment stored in water-proof barrels in their canoes and were completely self-sufficient during the expedition.

Finally reaching the Dwellingup caravan park on the last night where we could enjoy a hot shower was a great reward for all the hard work, completing almost 20km of paddling on the Murray River. All students performed really well on the expedition, and it was a great way to finish the Outdoor Education journey for this group.

PHOTO: Year 12 Outdoor Education class.

PHOTO: Elleanne McLennan, Sophie McKay and Alyssa Wingrave.

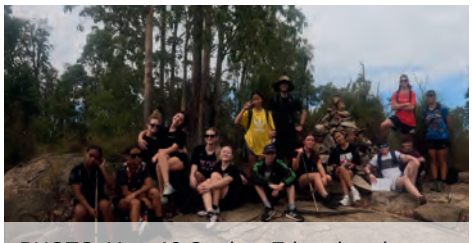

PHOTO: Year 12 Outdoor Education class.

YEAR 11

On 5 and 6 May 2022, our Year 11 Outdoor Education class completed two day trips as their major assessment task of Semester 1. Day one was a walk in Kalamunda National Park along the Bibbulmun Track and then around the Rocky Pool Loop Trail. Day two we completed the Echidna Trail in Walyunga National Park. Highlights included the downhill on the rocky pool loop, all the Kangaroos we saw on the Echidna Trail, plus the amazing views of the Avon Valley, including the river and railway line. Our group kept an incredible pace and we completed the walks in excellent time. We had perfect weather and the students performed extremely well on this assessment.

PHOTO: Billy Randall-Goddard, Kyle Southern, Michael Narrier, Remy Pagh, Abraham Arerau, Connar Young and Venessa Ninyette.

In Semester 2, our class completed a Mountain Biking Skills Program, and this culminated in day trip. On the final Wednesday of Term 3 our class was dropped out at Lake Leschenaultia with our bikes and supplies for the day. We started the morning on the Mounting Biking trails above the lakes which was a great test for our skills. Then we started the long ride all the way back to Swan View Senior High School, following the 'Kept Track' and then the 'Railway Heritage Trail', all the way back and through John Forrest National Park and back to school. All students did an excellent job completing the trail and managing themselves throughout the trip.

YEAR 10

As part of the Year 10 Outdoor Education course students have had the opportunity to take part in two Snorkelling excursions and a Mountain Biking Program in addition to school based activities throughout the year. Our snorkelling trip in Term 1 included visiting Coogee Beach and some body boarding at Sorrento due to weather conditions making snorkelling difficult. In Term 4, we were able to get much more snorkelling done and were able to explore the snorkelling trail at Coogee Beach, including Omeo Shipwreck.

The mountain biking component of our course was held in John Forrest National Park. Students were able to explore different trails in the park whilst expanding their mountain biking skills. It was both challenging and rewarding for students with many of them stepping outside of their comfort zone.

YEAR 9

On 28 June 2022, the Year 9 Outdoor Recreation class went on our first trip of the year with a day hike at Walyunga National Park on the Echidna Trail. Prior to the trip, students spent the term working on journals, including research on local flora and fauna, navigation methods and learning the Leave No Trace Principles to ensure we left the trail litter free and exactly how we found it.

On the day, students braved the 10 degree temperatures and set off on the 11km round hike. Students thoroughly enjoyed the experience of being outdoors and were lucky enough to see the local wildlife in their natural habitat. Everyone was extremely well behaved and gave positive feedback about their experiences for the day.

In Term 4, the class completed a snorkelling day trip. The weather was fantastic and students were able to explore the snorkelling trail at Coogee Beach, including Omeo Shipwreck. This was an excellent experience for the students and they all performed extremely well throughout the day, developing new skills and working well together.

Mr Steve Bezant and Ms Constance McIntosh
Teachers

Humanities and Social Sciences

2022 has been a productive and jam-packed year for Humanities and Social Sciences as students have participated in a variety of teaching and learning activities, developed their skills and knowledge and continued in the pursuit of creating ‘upstanders, not bystanders’.

Our annual HASS week, which took place during Term 1, was a resounding success as students participated in a variety of activities that reflected their learning. Year 7s took part in a mock archaeological dig, developing their inquiry skills as they unearthed the past. Year 8s went medieval in a jousting contest while Year 9s experienced the realities of trench warfare through a school wide simulation of a World War I battle. The Year 10s raced around the campus in the ‘Amazing Race’, where they had to decipher clues, use their HASS knowledge and skills and walk like an Egyptian. Well done to all who participated.

Our Lower School electives saw students use HASS skills in exciting new contexts. Our Year 8 Digging Up the Past class created pigments for traditional artworks while Year 9 Worlds, Myths and Legends participated in a STEM challenge on how to capture and contain a minotaur. Year 10 Crime Scene Investigation partook in a plethora of practical problem-solving puzzles including blood splatter, ballistics and DNA matching.

The Year 10 ACE HASS class participated in the ‘Schools Solve the 17’ program. The class was divided into groups and each group was given one of the United Nations Sustainable Development Goals to investigate, ranging from eliminating hunger to providing better healthcare and education globally. The class worked hard on their challenge and produced interesting and unique solutions to the given problems.

Upper School HASS also has gone from strength to strength. The ATAR Geography class received the opportunity to visit Sandalford Winery as a part of their depth study. Students toured the manufacturing facilities, learned about marketing and sales, and conducted a fieldwork investigation as a part of their course. A terrific hands-on learning opportunity for our ATAR students.

2023 sees no signs of slowing down for HASS as we continue to grow our programs and provide new and unique opportunities. 2023 will see the introduction of a General Aboriginal and Intercultural studies course and the continued growth of our Upper School programs, including general and ATAR Modern History and ATAR Geography.

Thank you to the students and HASS staff for all your hard work and dedication this year.

Mr Micheal Bennett-Hullin
Teacher in Charge

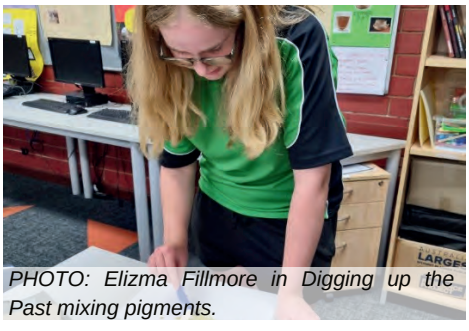

PHOTO: Elizma Fillmore in Digging up the Past mixing pigments.

PHOTO: Sandalford Wines, Year 11 Excursion - Liam Butler, Kiana Adams, Kylie Straw, Kevin Magadia, Beau Oldfield, Angela Risteska, Amber Headley, Anushca Cronje.

PHOTO: Year 8, Digging up the past - Kyhandra Slater and Kobe Cameron.

Mathematics

We welcomed Mr Garfield, Ms Beaumont, Mr Chin and Ms Cicchini to the Learning Area. Thank you to Mrs De Souza for assisting the Learning Area during Term 1. We farewelled Ms Munro at the end of Semester 1 and thank her for all her hard work at Swan View Senior High School.

We continued to run Wednesday after school Maths Homework/Study Club. This proved very helpful for those students who attended, allowing them to receive one-on-one tutoring and assistance with upcoming assessments. Mrs McCann also delivered a before school study class for the ATAR students. This was taken over by the Year 10 ACE students in Term 4 so that they could prepare for ATAR in Year 11.

In Years 7, 8 and 9, we trialled the SCSA teaching, learning and assessing exemplars. These allowed students to apply the skills they had learnt in Mathematics to a “real-world” problem. Student feedback was positive so we will continue with these in 2023.

The Year 7s and 9s completed NAPLAN online in Term 2. This was a new experience for some of our Year 7s and they adapted very well. The Year 10-12 students who had not satisfied the WACE Numeracy requirement completed their OLNA in March and then September. In preparation for this, students practiced OLNA style questions using olna.com.au as well as via explicit, direct instruction in class. The school will fund the students to access this program again next year as most of the students who accessed it on a regular basis this year were able to pass the Numeracy component of OLNA. Those students who suffer from anxiety were also given the opportunity to do their assessment in a small group or one-on-one with a teacher. This proved quite successful, and we will continue this in 2023.

Our Year 7s made and tested paper planes. They measured distance and time, and then calculated statistical measures and drew graphs. The students who made the best plane in each class were: 7.1 Luke Poulton, 7.2 Riley Searle, 7.3 Lachlan Lynch, 7.4 Adam Learmonth and 7.5 Louis Murray.

Our Year 8 students continued with the JEMM program to improve Numeracy skills. They also worked through the Cut of the Cost teaching and learning program from School Curriculum and Standards Authority. One of the best activities in this was the Algebra Stations where students worked in teams to solve different problems using their knowledge of algebra, rates and ratios. The Year 8 students also had fun designing floor plans for homes, including working out painting, carpeting and landscaping costs. The ACE class were also privileged to have Ms Vicki Adams work with them on an incursion to Art during R U OK Day.

PHOTO: Holly Caputo completing the Home Design task.

PHOTO: Aaron Rokobukai and Blake Carey completing the ratio task.

PHOTO: Michael Mitchell and Year 7 students flyin the paper planes.

The Year 9 students have had a busy year with NAPLAN, ACE exams and other learning experiences. They also trialled a new SCSA program where they used Pythagoras' Theorem to analyse the sizes of televisions.

The Year 10 ACE class have worked through both the Year 10 Western Austrlian Curriculum as well as aspects of the 10A curriculum. This should make them fully prepared for ATAR Mathematics in Year 11. The general Year 10 classes have covered concepts and skills that will prepare them for future employment, TAFE or General Mathematics in Year 11.

Our Year 11 and 12 students continued to work hard to achieve their WACE. Many of these students utilised the before and after school tutoring sessions or worked with their teacher during a break time on areas of weaknesses.

Mrs Justine McCann
Head of Learning Area - Mathematics and Science

PHOTO: Mrs McCann, Mr Garfield, Ms Beaumont, Mr Papas and Ms Perry dressed up as the 1950s at the Year 12 Dress Up Day.

PHOTO: Year 7s during NAPLAN.

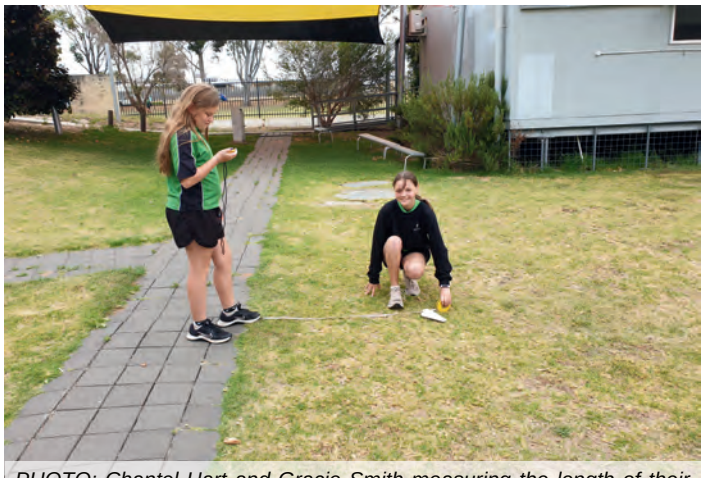

PHOTO: Chantel Hart and Gracie Smith measuring the length of their paper plane distance.

PHOTO: Chantel Hart and Linkon Hart measuring the length of their paper plane distance.

Science

2022 has been a great year for Science giving students the opportunity to participate in some fun activities both in and out of the classroom. Below are some of the highlights from Science.

Science Week

Each year Science is given a theme for Science Week. Some of the themes in the last few years have been; Deep Blue - Innovation for the Future of Our Oceans, Food - Different by Design and this years theme was Glass - More than Meets the Eye. During Science Week students will participate in various activities within that theme which gives them an opportunity to investigate issues and topics that might not come up in the regular Science curriculum.

Science Roadshow

Some of the staff from Science travelled to Midvale Primary School and Swan View Primary School to teach Science to Kindergarten students. We did demonstrations of elephant's toothpaste followed by some hands on activities. Students made static electricity butterflies, got their hands messy in a non-Newtonian liquid and drew some pictures to use for paper chromatography. Everyone had a great time.

PHOTO: Swan View Primary School student discovering paper chromatography.

PHOTO: Ms McConnell, Swan View Primary School students, and Mrs Panzich-Sekulla.

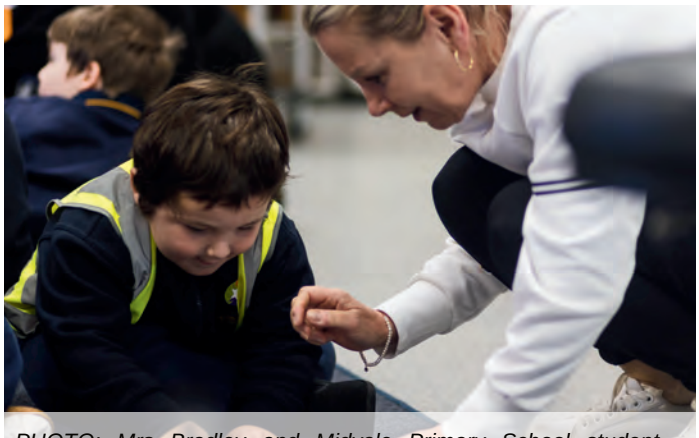

PHOTO: Mrs Bradley and Midvale Primary School student discovering tuning forks.

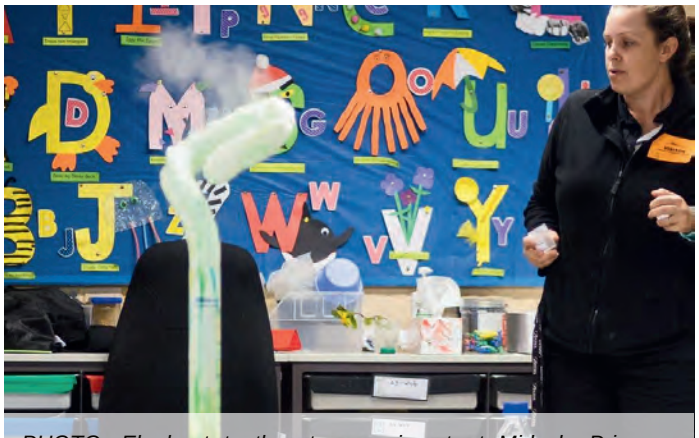

PHOTO: Elephant toothpaste experiment at Midvale Primary School.

Year 12 Human Biology Zoo Trip

The Year 12 ATAR Human Biology students travelled to Perth Zoo to spend the day learning more about primates. In this experience students examined why humans are classified as 'primates' and the evolutionary trends within this order. Comparative anatomy, physiology and behaviour are used to identify the similarities and differences between the Hominidae (Great Ape) family and the traits of early Hominins are explored. Students took part in an interactive presentation, incorporating audio visual elements and biological artefacts.

PHOTO: Aedan Scurrah and Nikolas Sneddon.

PHOTO: Chris Ross, Christy Holmes, Klara Gard, Jerome Vega, GJ Uy, Aedan Scurrah and Nikolas Sneddon.

PHOTO: Chris Ross, Aedan Scurrah, Christy Holmes, Nikolas Sneddon and GJ Uy.

Showcase Assembly

Each year selected students participate in a short presentation as part of the Showcase Assembly. This year the students showed off a few exciting demos including genie in a bottle, elephant's toothpaste and angry bottles. Finally, with everyone on the edge of their seats, things ended with a hydrogen balloon bang.

Mrs Laura Raven
Teacher in Charge

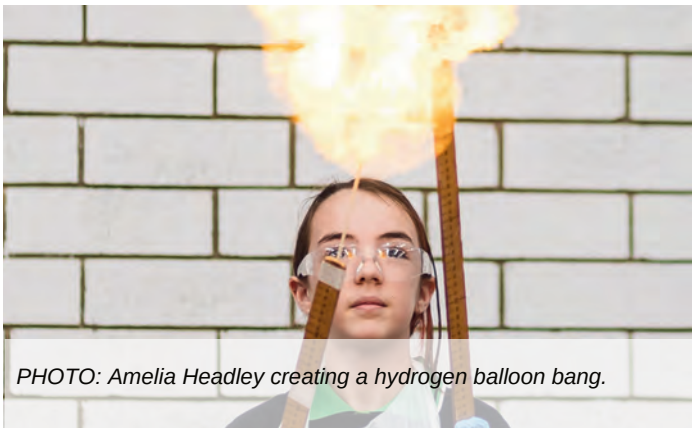

PHOTO: Amelia Headley creating a hydrogen balloon bang.

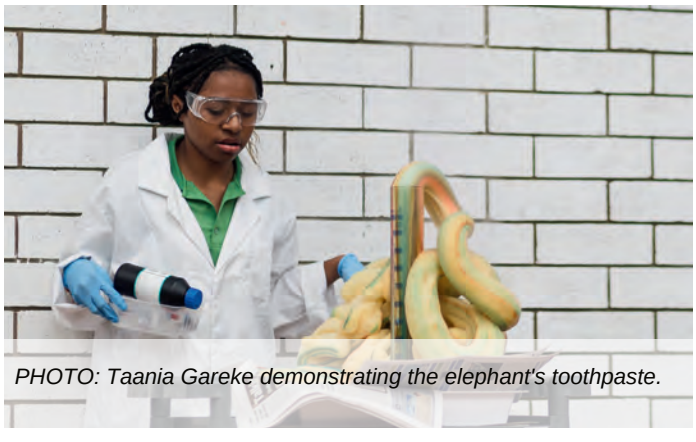

PHOTO: Taania Gareke demonstrating the elephant's toothpaste.

In Term 3, the Year 12 ATAR Psychology class travelled to Perth Zoo where they took part in the Zoo's Psychology focused 'Hisss-teria, Psychology in Action' workshop. The students learnt how the animals at Perth Zoo are trained using classical and operational conditioning, watching videos, and learning training modifications on animals such as the Southern White Rhinoceros, Komodo Dragon and Sumatran Orangutan (who use observational learning in their breeding programs to model desired mothering behaviours amongst Orangutans). The presentation also taught students how systematic desensitisation can be used to treat animal phobias, particularly Ophidiophobia (fear of snakes) with a special guest feature of one of the zoos non-venomous snakes. The students enjoyed the remainder of the day filling out their booklets whilst observing psychology in action at the zoo.

Ms Jessica Beaumont
Teacher

PHOTO: Christy Holmes petting the non-venomous snake.

PHOTO: Jerome Vega petting the non-venomous snake.

PHOTO: Klara Gard petting the non-venomous snake.

Year 10 ACE Science and Engineering Challenge

At the end of Term 2, the Year 10 ACE students participated in the Science and Engineering Challenge (SEC) at Claremont Showgrounds. The SEC is a nationwide STEM outreach program run by the University of Newcastle in partnership with communities, Rotary clubs, universities and sponsors. Through the SEC, students experience aspects of science and engineering which they would not usually see in the classroom. On the day, students were involved in a day competing against other schools in fun and engaging hands-on activities such as designing an earthquake proof tower, building a hovercraft or bridge, providing electricity to a city or creating an environmentally friendly house. Eight schools took part on the day and points were awarded based on performance. Overall, our students came sixth on the day. It was great to see what our Year 10 students were capable of without adult intervention.

Ms Michaela Perry
Teacher

PHOTO: Martha Gareke, Ponnie Carvell and Isabelle Agostino.

PHOTO: Emily Slade, Lacey Hewer and Shante Regnault.

PHOTO: Riley King and Kyle Hill-McNally.

Technologies

The Technologies Learning Area has had a very exciting year delivering interesting and engaging learning experiences to our students. During this year, our students have been involved in the development and use of technologies, developing solutions to complex challenges, and building and applying practical solutions.

At Swan View Senior High School, students participate in three distinct contexts:

- Design and Technologies
- Digital Technologies
- Home Economics

Although these three contexts are discrete, they are related. They have enabled our students to analyse and creatively respond to design and or digital challenges.

Each of our learning experiences across the three contexts developed curiosity, confidence, creativity, innovation, and cooperation within our students. These attributes have been displayed by our students in the various activities particularly when making sense of complex ideas and relationships. From working with each other to demonstrating technologies to primary school students to competing in interschool competitions, our students have had an amazing learning journey in 2022.

Design and Technologies

It has been a very successful year for students in Design and Technology with students engaged in outstanding projects. Projects produced in the Year 12 General Materials Design and Technology – Wood course continue to be at a very high standard, with beautifully finished furniture pieces. The creativity and conceptual development with each piece have been amazing.

In Lower School, students have produced work to a high standard in Woodwork Years 7 – 10. Their creativity and innovation were easily demonstrated in the various pieces of work. The students had the opportunity to use the new laser cutter. Metalwork was delivered to the Year 9 and 10 students through Gateway to Engineering. Students engaged in 3D printing and laser cutting enabling them to experiment with software to bring their ideas to life.

PHOTO: Elizma Heymans, Jameson Hewer, Jack Wylde, Mr Vidler, Diesel Higham, Mr Letizia, Arikihana Leota-Padlie and Caroline Linder at Lynwood Senior High School completing the build of their robot for the Western Australian Robotics Playoffs and Agricultural Games on 27-28 August at Curtin University.

Department of Education **Marine Industries School Pathways Program**

FIRST LEGO LEAGUE CHALLENGE

In 2022, Design and Technology received a $3 000 grant from Ms Gail Manton from the Marine Industry School Pathways Programme to put toward equipment for their Robotics Program. On 27 and 28 August, the Swan View Senior High School Robotics Club competed in the Western Australian Robotics Playoffs held at Curtin University in Bentley. The students competed well in their first play-off series and came in a very competitive equal third place in the semi-final rounds.

PHOTO: Elizma Heymans, Caroline Linder, Mr Letizia, Arikihana Leota-Padlie and Hon. Alannah MacTiernan MLC.

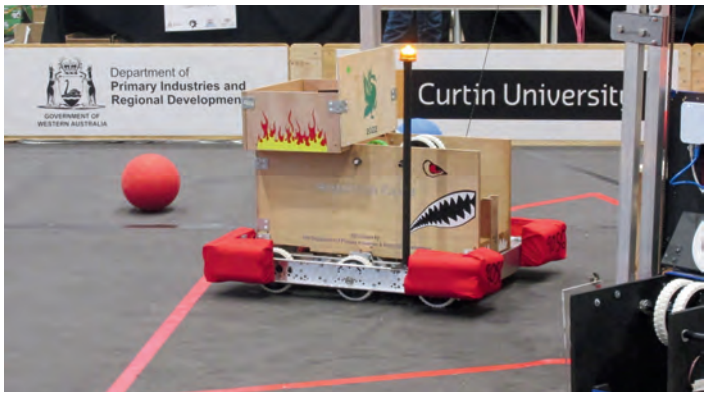

PHOTO: Swan View Senior High School robot. A special thank you to Brenda Vanderleer for creating the robot stickers.

Hon. Alannah MacTiernan MLC, the Minister for Regional Development; Agriculture and Food; Hydrogen Industry and Senior Project Officer, Ms Suzanne Hawkes with the Department of Primary Industries and Regional Development were impressed with the robot our students had manufactured for the event. They were then invited by Hon. Alannah MacTiernan for two days at the Perth Royal Show during the Term 3 School Holidays.

The Technologies Learning Area farewelled Mr Ray Higgott at the conclusion of the academic year. Mr Higgott retired from the Department of Education on 16 December 2022 after a 30-year commitment to Swan View Senior High School. Mr Higgott commenced at Swan View on 28 January 1992. He retires with the sincere appreciation and thanks of the staff and students at Swan View Senior High School.

Digital Technologies

ROBOTICS PRIMARY SCHOOL VISITS

Throughout Term 3, Year 3 and Year 4 students visited from Greenmount Primary School and Swan View Primary School to learn Robotics coding. The team and problem-solving skill they displayed were remarkable and they loved exploring the Robotics Room.

We look forward to continuing these workshops to Primary School students next year.

PHOTO: Swan View Primary School visit with Mrs Hawley.

PHOTO: Swan View Primary School students coding their robots.

ROBOTICS CLUB

The Swan View Robotics Club has grown strongly in numbers since commencing in 2021. There are now 10 students who meet every Wednesday from 3.00 – 4.00pm building and coding various robots.

Mr John Vidler
Head of Learning Area - Technologies

Home Economics

2022 has flown by in Home Economics. Students have been able to develop skills that are useful in everyday life, such as how to prepare food, understand health and nutrition, safety, hygiene, and cleanliness.

In Term 4, Year 7 students got the opportunity to learn about food and cuisines from around the world. They produced recipes such as fried rice, pancakes, carbonara and many more.

In Semester 1, Year 8 students honed their culinary skills by learning about basic cooking techniques and nutrition for the body. They learnt about how to read a recipe, measure ingredients accurately, how use a knife and oven/stovetop safely. Also, the importance of cutting down sugar and learning about Retro Desserts and creating their own 'healthy' dessert using less sugar.

The Year 9 class was introduced to global cuisines, gaining knowledge about a variety of global ingredients and food traditions/practices used. The emphasis was on developing practical cooking abilities while also comprehending the cultural importance of different dishes. Over the course of the year, students modified recipes to accommodate cultural differences, dietary choices, and nutritional principles.

In the Year 10 Café Foods course, students explored the world of café cuisine. The program not only focused on refining practical cooking skills specific to café-style dishes but also the entrepreneurial aspects of café management. As part of their coursework, students took a hands-on approach in creating Café menus and dishes that thoughtfully incorporated local ingredients, sustainable resources, and a diverse array of options catering to specific dietary requirements.

In Food Science and Technology, students have become expert cooks and are able to produce recipes with ease. Year 11s learnt about staple food ingredients and where our food comes from in Western Australia. They also got to show off their skills with an end year bake off competition. Year 11 General Food Science and Technology encompassed a multifaceted exploration of the science behind food. Students engaged in a comprehensive study of the principles and processes involved in food production, preservation, and preparation. The course emphasized a hands-on approach, allowing students to develop practical skills in the kitchen while integrating scientific concepts. Throughout the course, students practiced critical thinking and problem-solving, fostering the development of skills essential for analysing and addressing challenges within the world of food science and technology. They engaged in a variety of projects that involve the creation and analysis of food products, fostering a deeper understanding of the science behind food production.

PHOTO: Year 9 student, Joel Fillmore with his burger.

PHOTO: Bake-Off first Prize Winners - Kyle Southern and Billy Randall-Goddard.

In Year 12 General Food Science and Technology, the students moved deeper into the intricate facets of food science, expanding their understanding of complex concepts. Involving more advanced practical applications, refining culinary techniques, and developing innovative approaches to food product development. The students used their knowledge and skills to develop and create meals that aligned with the Australian Guide to Health and met the needs of a variety of dietary requirements within different age demographics.

The Year 11 Children, Family and the Community class got to name and take care of Swan View's new Reality Babies, Jamaal and Amelia. This has taught them valuable hands-on parenting responsibilities; they were all happy to hand the babies back at the end of it. Students visited day-care centres and showed the kids activities they have made to encourage their literacy skills. They were able to make care packages and learnt about childhood nutrition and created a healthy lunchbox.

Mrs Anna Taylor and Ms Ruby Walkden

Vocational Education Training (VET)

2022 proved to be a dynamic and exciting year for VET at Swan View Senior High School. We were pleased to welcome our Career Practitioner Ms Kathy Moore to develop Career Education and experiences for our students.

The suite of activities we offered to our students was vast, encompassing auspiced (on-site) certificates, profile (off-site) certificates, traineeships, try-a-trade, career tasters, work experience and programs brokered by the Smith Family – iTrack, and an on-site Career Expo (held in the Gym).

On-site VET included:

Certificate III - Business
Certificate II - Community Services
Certificate II - Creative Industries – Drama
Certificate III - Education Support
Certificate II - Engineering Pathways
Certificate II - Skills for Vocational Learning
Certificate II - Sport and Recreation
Certificate II - Workplace Skills

At TAFE, students engaged in Certificate II - Automotive Servicing and Certificate II - Automotive Vocational Preparation.

We also had students participate in school-based traineeships where they completed a certificate course and also engaged in regular work experience one day per week. These traineeships covered:

Certificate II - Civil Construction
Certificate II - Community Services
Certificate III - Early Childhood Education and Care
Certificate II - Engineering
Certificate III - Retail
Certificate II - Retail Services
Certificate II - Resources and Infrastructure Work Preparation
Certificate II - Salon Assistant

Our VET trainers have continued to build relationships with a variety of industries and community agencies and are excited to see where these connections will take us.

Structured Workplace Learning

This year we had a number of Year 10 and Year 11 students participate in work experience. Spending time in a workplace provides our students with a chance to see what it is really like in their chosen industry.

Our students spent time in a wide range of work places including:

- ABS Auto
- Aussie Moto
- Dream Builders
- Earlsferry Sculptures
- Earnshaws Real Estate
- Greenmount Primary School
- Haytel Communications
- Midland City
- Midland Toyota
- Midvale Auto Electrics
- RCT
- Swan Real Estate
- Swan View Primary School
- The Coffee Club
- The Ritz Carlton

Careers

With the introduction of a school-based Career Practitioner, 2022 was an exciting year for our students with regard to opportunities for potential career pathways and all the associated requirements. It has also been an incredibly rewarding experience for me to get to know the students and witness their personal growth as they embark on career-based learning.

My role as Career Practitioner at Swan View Senior High School is to encourage student aspirations and achievements and help connect current learning to future learning, work and life opportunities. Students are then more actively engaged and inspired to look to a future with hope and excitement when they understand the relevance of their school-based learning.

This main focus has been on the Year 9 Career Taster Program, an initiative of the Department of Training and Workforce Development, which aims to inspire secondary students to become 'career curious' about further study opportunities and potential careers. However, in addition to this, students from Years 10 to 12 have also enjoyed some interesting incursions and excursions that opened their eyes to options available to them for a future career.

PHOTO: Dr George Sekulla and Ms Kathy Moore

Ms Kathy Moore
Career Practitioner

PHOTO: Australian Defence Forces speaking to Year 11 and Year 12 students.

Defence Force Incursion

On 29 April 2022, Year 11 and 12 students were fully engaged and asked intelligent questions of the presenters. Such was their enthusiasm, most students completed an expression of interest form.

PHOTO:Tyrone Andersen, Kyle Hill-McNally, Riley Maxwell, Hayden Linton and Deyonta Andersen at the Careers Expo.

Careers Expo – Perth Convention and Exhibition Centre

On 13 May 2022, Year 10 students explored career pathways that they hadn't considered and generally had a great time interacting with a variety of career pathway providers.

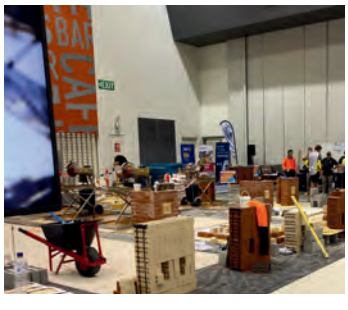

Curtin University Incursion

In Term 2, Year 11 and 12 students were invited to listen to Ms Michelle Watson, Future Student Engagement Coordinator from Curtin University, explained various pathways for university entry. The students showed exceptional interest and engagement during the presentation and approached Ms Watson afterwards with queries about their own University prospects. It was heart-warming to see so many students planning their future and careers with enthusiasm and excitement.

Perth SkillsWest Careers & Employment Expo - Perth Convention and Exhibition Centre

Year 10 students were totally engaged and engrossed in the Expo and demonstrated maturity and excellent interpersonal skills when connecting with exhibitors.

PHOTO: Mercrucio Abra

PHOTO: Ashley King and Cooper Hoglin.

Construction Training Fund – Belmont

The Year 10 students explored career opportunities in the construction industry at CTF. By playing with virtual and augmented reality machinery and kinetic sand, they felt like they were really using the digger, crane and excavator. They were hooked and some of them want to explore the construction industry further.

PHOTO: Joel Fillmore learning to lay a small concrete slab.

PHOTO: Joel Fillmore.

Try-a-Trade: Civil Construction – South Metro TAFE

In June, Year 9 and 10 students learnt to drive a digger to dig a trench and lay a small concrete slab.

This training was fully funded by Construction Training Fund.

CAREER TASTER

PHOTO: Jack Wylde.

PHOTO: Kawiti Kingi.

Year 9 Career Taster Program Mindflight7 VR Incursion
The students explored a range of virtual careers such as open heart surgery, space exploration and marine biology. The presenters encouraged the students to develop a positive mindset in all circumstances and explore options outside of their comfort zone.

PHOTO: Freya Bakker, Lucas Bergin, Abby Cooper, Emily Davey, Mackenzie Esquibel, Cadence Headley, Samara Hitchcock, Aaliyah May, Rachel Watson, Ebony Wilton.

Year 9 Career Taster Program Try-a-Trade: North Metro TAFE, Joondalup campus
Students enjoyed hands-on experiences of health and wellness training at a state-of-the-art simulation hospital at Joondalup (McLarty) campus. They began their adventure with dental training, learning how to mould a tooth to correct anatomical features using plasticine. Then they fabricated a bleach tray for whitening teeth using a dental model and a hi-tech machine. Next they learned how to assist a distressed patient, take vitals on simulated 'Maria' and assist with a coughing episode. Finally, the students gowned-up according to correct protocol and procedure, practiced hand-hygiene routines and treated an open 'wound' using the sterile processes of a nurse.

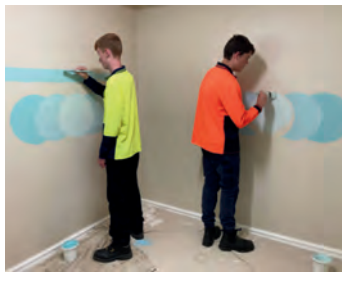

PHOTO: Ruby Webb.

PHOTO: Tiffany Santos.

Year 9 Career Taster Program Hospitality (Baking & Decorating) - North Metro TAFE
The students experienced working in a commercial kitchen with professional pastry chefs, and were responsible for collecting their ingredients, making, icing and decorating cupcakes, and cleaning up their workspace afterwards and enjoying their cupcakes.

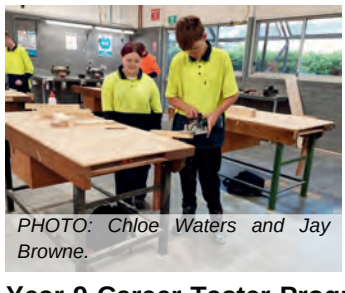

PHOTO: Chloe Waters and Jay Browne.

Year 9 Career Taster Program - Painting & Decorating, Bricklaying and Carpentry - North Metro TAFE
Day 1: Students used a compass and spirit level to plot their design on the wall. Then they used precise cutting-in techniques to bring their wall to life.
Day 2: Student worked tirelessly to construct a small brick wall project and demonstrated perseverance when feeling tired and overwhelmed.
Day 3: The students practiced using maths to measure and cut timber to size to ensure everything was square.

Roy Hill Mine Site Experience

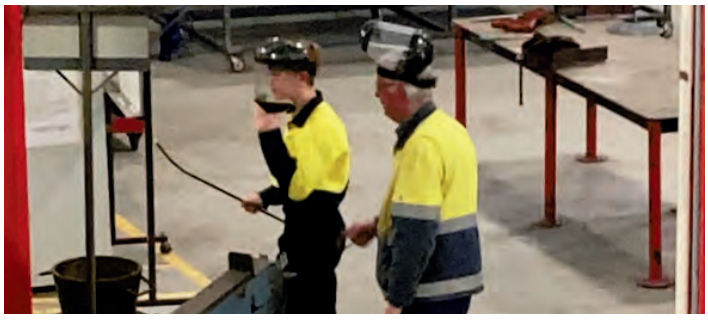

Year 9 Career Taster Program Roy Two Day visit Roy Hill Mines, Pilbara
Students were exposed to the fly-in-fly-out (FIFO) lifestyle while participating in on-the-job experiences with qualified trades persons and professionals. Students spent time in different areas of the business learning about life in the resources sector which gave them insights into different trades, job roles, and ideas for careers and pathways they can pursue.

PHOTO: Mr Luke Kavcic, Savannah Hansen, Rachel Watson, Ms Lizel Buckley, Cody Vanderleer, Lucas Bergin, Jameson Hewer, Joel Fillmore, Patrick Alley, Emily Davey, Cadence Headley and Daniel Watson.

Year 9 Career Taster Program Try-a-Trade: Heavy Metal Fabrication – North Metro TAFE
In June, three students added a few extra skills under their belt using heavy fabrication tools. That's what this program is about. This training was fully funded by Construction Training Fund.

Year 9 Career Taster Program Aspire UWA Race Around Campus – University of Western Australia
An excited group of aspirant Year 9 students experienced University campus life to see how much fun it can be. They engaged in taster activities from different faculties and student clubs while exploring the campus. Our UWA student ambassadors were graduates of computer science and neuroscience.

Student Services

Lower School

PROGRAM COORDINATOR

Student Services offers support to students with their education, behaviour and social-emotional wellbeing. The Student Services Team is available for parents or caregivers to discuss the progress of their child/children in regards to their academics, behaviour and wellbeing.

Currently we have two Engagement Officers, Ms Taree Cooke (Year 7 and 8) and Mrs Tracey Warwick (Year 8 and 9). Our Engagement Officers work collaboratively with other members of the Student Services Team to provide an environment that nurtures the emotional, physical and academic wellbeing of students.

We also have one Lower School Year Coordinator, Mr Michael Zampogna. Our Year Coordinators offer a broad range of support in the area of pastoral care including attendance, positive reinforcement, and academic progress and provide a communication link between students, parents/caregivers and the school.

2022 has been a year of many things, from COVID-19, isolation, staff shortages, pizza and movie rewards, Year 6 Transition days, reconciliation walks and sausage sizzles, incursions, including Bullying Zero, Constable Care, Curtin STEM, St John First Aid, Bubble Soccer and much more. Students have experienced our biggest R U OK?! Day ever and a good standing and 85% attendance reward excursion to Adventure World.

Lastly, a huge thank you to all the staff in Student Services for what has been a busy and proactive year. The time, effort, dedication and ongoing support you provide to our students each and every day is second to none.

I wish both staff and our Swan View families a happy and safe Term break.

Mr Daniel Mills

PHOTO: Mr Mills, Mrs Goerke and Dylan Butcher with the PBS Award.

PHOTO: Mr Mills on the Smoothie Bike at R U OK Day.

Lower School
YEAR COORDINATOR

Each Term, the school acknowledges the efforts of our star students. See the Award section for the recipients of awards for the year at our Year Assemblies.

Congratulations to our winners, thank you for consistently displaying our DARE expectations and the positive example you have set for your peers.

Each Semester, the school acknowledges students with high attendance. Students that achieved an attendance of 85% and above had the privilege of attending Adventure World for the reward excursion this semester. Student with 90% and above were also invited to a free ice cream event.

On Friday 9 September 2022, the whole school participated in R U OK Day and the importance of the occasion to support mental health. There was a range of events which included art class, sports activities, engaging stalls, guest speakers, and a free sausage sizzle for everyone.

R U OK? inspire and empower everyone to meaningfully connect with the people around them and start a conversation with those in their world who may be struggling with life.

You don't need to be an expert to reach out - just a good friend and a great listener.
Use these four steps and have a conversation that could change a life.

1. Ask R U OK?
2. Listen
3. Encourage action
4. Check in

I would like to take the time to thank Mrs Goerke, Ms Perry, Ms Klimczyk and the Year 12 Health Studies class for their efforts and support in preparation for the event. I would also like to thank our vendors and sponsors (listed below) for visiting our school, along with the kind donations for our sausage sizzle from Woolworths Aveley and Ellenbrook, and Swan View IGA.

Upper School

STUDENT SUPPORT COORDINATOR

I would firstly like to offer a sincere thank you to the extended Student Services team for their support of both students and staff during a very busy and, at times, very difficult 2022.

The Upper School team this year included primarily of the Upper School Year Coordinator - Ms Michaela Perry, Engagement Officer - Ms Pauline Manser (Year 10), and myself, Mrs Sophie Mathers, Engagement Officer for Year 11 and 12 students. A huge thank you goes out to additional staff who stepped in to backfill roles as required. Their assistance is always very much appreciated.

Working in Student Services brings many challenges as we support students to achieve high standards of attendance and behaviour. It is, however, very rewarding to collaborate with students to also achieve positive peer relationships and encourage strategies to build resilience and a positive academic focus.

We aim for all students to feel safe at school and to engage in their learning.

As a school community we faced difficult times this year, however, there were also many positive events and activities we should celebrate. We participated in the Day of Action against Bullying and Violence confirming the message that 'Bullying is Never ok'. Our weekly yarning sessions continued, also focusing on building positive relationships.

Social events are always high points of the year, with 2022 seeing a return of the Year 11 and 12 River Cruise. Over two thirds of the Year 11 and 12 students achieved the attendance and good standing requirements to be invite to the cruise. There was a definite buzz around the school for several weeks after a very enjoyable night with lots of questions about whether there will be a 2023 River Cruise.

The Year 12s celebrated the end of their high school journey with their School Ball. All invited students attended the Ball and enjoyed the evening making memories with friends that will last a lifetime. We wish our Year 12s all the very best in the future and hope to hear wonderful things as they venture into the next phase of their lives.

For the current Year 10 and 11 students, the end of year break gives you a chance to relax, re-charge and refocus in preparation for the 'business end' of your high school journey. I dare say we will all have a busy start to 2023 but I know that the Upper School Student Services team are looking forward to working with our amazing students and their families.

Mrs Sophia Mathers

PHOTO: Mr Fletcher and Mrs Mathers saying farewell at the Year 12 Farewell Assembly.

Upper School
YEAR COORDINATOR

The Year 10 cohort had an exciting year in high school where they were presented with many opportunities and activities to participate in. This year has been a particularly busy year for our Year 10 students, with many changes made to their typical high school experience. Subject selections has been a vital part of Year 10 where students made important decisions regarding the subjects that they will study for the next two years of their high school journey.

In Term 4, the Year 10 girls had a PPEP Talk presented by the Pelvic Pain Foundation of Australia (PPFA). The PPFA is committed to supporting teenagers who suffer severe period pain, pelvic pain, and endometriosis to allow them to fulfil their potential and live the best life possible. PPEP Talk brought a new approach to helpful-self management strategies that students can try themselves and provided guidance on where to find further good quality information and professional health advice.

The Year 10 students played numerous games of basketball and volleyball throughout the year where students enjoyed a bit of friendly competition. As a school, we placed a major focus on attendance and good standing and rewarded those students with a rewards lunch in Semester 1 and an ice-cream in Semester 2.

It has been my pleasure coordinating 2022's Year 10 cohort and I wish them all the best going into Year 11 next year.

It was a busy year for our Year 11 students. During our weekly Year Group Committee, committee members designed our leavers jackets as we prepare to enter our final year in high school.

Our ATAR students had their first set of exams this year which has helped them prepare for their final end of Year 12 and WACE exams. Although this has been a very busy and stressful year, it has been a fantastic opportunity for students to prepare themselves for their final year of high school.

A massive highlight of 2022 is the Year 11 and 12 Volleyball Club which was held every Friday during lunchtime. A really big thank you to Mr Rudd for offering up his lunch time to umpire every competitive game. This quickly became a weekly social event where memories were made that will be cherished forever.

Exams have wrapped up and our students are finally able to enjoy a well-deserved break. We are so proud of each one of you and are so excited to see what you achieve in 2023 as you near the end of your high school journey.

2022 has been a year of mixed emotions – excitement at what the New Year will bring and frustration at having to work through the challenges and meet deadlines in preparation for completing Year 12. Although this year has been one of the busiest year yet, when I look back to the start of the year, it seems like it flew by in a blink of an eye.

Our Year 12s successfully ran a weekly Year Group Committee where committee members helped plan special events such as the Year 12 Ball and various other social activities. We continued Volleyball Club every Friday during lunch time which turned out to be one of our weekly social events which helped foster strong peer relationships. As a year group, you reflect on more than just five years of education. You share five years of friendships and memories which I hope you cherish forever.

After all the stress and anxiety, it's all over. ATAR or General, you have all finally completed your high school journey.
I would like to thank all our staff, students, parents, caregivers and community members for their support in making this a fantastic year. It has been my absolute pleasure coordinating our graduating class of 2022, and I wish you all the best for what the future holds.

Ms Michaela Perry

River Cruise

The Semester 1 Reward Excursion for Year 11 and 12 students was an evening River Cruise aboard the Crystal Swan. Students travelling to the venue on the school bus were treated to a range of Mr Rudd's party tunes. Once meeting the remainder of the group, we boarded the vessel and spent the following three hours eating and dancing the night away.

All students exhibited excellent behaviour and cruise staff mentioned several times how polite and well-mannered all students were.

Overall, the night was an incredible opportunity to spend time with friends and make unforgettable memories.

Extra Curricular

Swan View Book Club

This year saw the beginning of the Swan View Book Club. The Book Club focuses on showing students what is possible in the world of literature.

Once a fortnight, after school we meet with a group of bookworms to discuss a book of study and how it demonstrates some of the core principles of the English curriculum.

This year we reviewed the book "Before the Coffee Gets Cold by Toshikazu Kawaguchi. A Japanese classic We would discuss the book over coffee, doughnuts and banana bread, looking at theme and how different cultures view similar concepts through different eyes. Next year we plan to continue onwards, looking at how a mystery is built on pacing and omission and how Science Fiction explores the issues of our world through the medium of somebody else's. I hope to be joined by the same brilliant students that visited our Book Club this year as well as many others who want to see just how much books have to offer.

Mr Lucas Bennett
Teacher

PHOTO: Mr Bennett and Book Club students.

Swan View Soccer Program

After a successful inaugural season in 2021, the Swan View Junior Soccer Team had a huge amount of interest for the 2022 season. As a result, it was exciting to create our very first girls soccer team. The team competed in the Junior Girls Pennants League, which consists of students in Years 7, 8 and 9 with a predominant amount of the girls squad made up of Year 7 and 8 students.

It was equally remarkable to have an intermediate boys soccer team. This team competed in the Intermediate Boys Pennants League which consists of students in Years 7, 8, 9 and 10, with a predominant amount of the boys squad made up of Year 7 and 9 students. Although success on the field wasn't fully replicated, both teams took massive steps forward and have been developing well. One of the highlights being the Junior Girls 4-1 win against Joseph Banks Secondary College.

After each game, two students were chosen for the 'Best on Ground' and 'UP&GOer award'. Students who showed resilience, determination and improvement were rewarded with an UP & GO for their outstanding efforts. All involved thoroughly enjoyed the opportunity this season had to offer and both teams will be better from the experiences they encountered. We are hopeful and are looking forward to being successful in next year's competition. Even though our competition finished at the end of Term 2, training continued on Wednesdays for the remainder of the year.

Mr Evans, Mr Kavcic and Mr Zampogna would like to congratulate all the students involved throughout the year. We would like to acknowledge their achievements and improvements, as well as the contributions of all families who went above and beyond to support the teams throughout the Term 2 competition.

Mr Michael Zampogna
Soccer Program Coordinator

Volleyball Club

On Thursday afternoons each week throughout 2022, the Learning Area ran the Volleyball Club for our Upper School students. The Club was all about developing game play skills in a fun, enjoyable environment. The club gave ATAR Physical Education Studies students an opportunity to practice and improve their knowledge of the game in preparation for the practical assessment. On occasion, Hampton Senior High School joined us, and we were able to network and learn new skills from them.

Volleyball Club ran for one hour each week and was extremely well attend throughout the year. It has been a place where students of all abilities can come down and have a go - we are very much looking forward to seeing the talent from our Lower School students in the years to come.

On Friday 24 June 2022, we had three teams play in their first School Sport WA Volleyball Tournament at Warwick Stadium. The tournament was run as an all-day carnival where our students got the opportunity to play against other schools and demonstrate their volleyball skills in a competitive environment.

All teams showed great skill and enthusiasm, each team making it through to finals.

The Girls and Boys C Division teams came runner-up champions in their pools. Boys B Division did not lose a single game and took home the 2022 Champion Schools Volleyball Shield. They should all be very proud of their efforts. It was a fantastic day, we all had lots of fun.

Australian Defence Force Awards

The Australian Defence Force offers an awards program which is open to all Australian Schools, the program supports the presentation of up to two awards to successful students each year from participating schools – two students from Year 10 and two from Year 12.

The awards are:

- Future Innovators Award
- Long Tan Youth Leadership & Teamwork Award

The Australian Defence Force (ADF) Future Innovators Award has been designed to recognise recipients' science and mathematics abilities while highlighting the value the Navy, Army and Air Force place on STEM skills and STEM career opportunities within Defence.

The awards are a means to formally recognise those students who have demonstrated motivation and innovation in the areas of STEM within their school, and who display strong personal ethical values, such as doing one's best.

The Australian Defence Force (ADF) Long Tan Youth Leadership and Teamwork Awards are to encourage the development of behaviours and attributes considered critical in Australia's leaders of tomorrow.

The awards recognise students who demonstrate leadership and teamwork within both the school and the broader community, and who display strong values, such as doing one's best, respect for others and "mateship" - values considered integral to both the ADF and Australian society.

Students are nominated by staff and the final decision made by Mrs Hawley, Deputy Principal – Teaching and Learning.

Elvis

THE SWAN VIEW THERAPY DOG

Elvis was born on 29 July 2019, he is a three year old Rough Border Collie he belongs to our wonderful Education Assistant, Mrs Vicki Atkins. Mrs Atkins adopted him at the young age of eight weeks. From this time Elvis has completed various obedience skill sets and been in training with “Wagamuffins” to be Swan Views’ very own therapy super dog.

So what does a therapy dog look like at Swan View? Elvis makes the fifty minute drive to come in bright and early for his action packed day. It starts with attending the Education Support Centre, greeting the staff, walking up to the office to visit our wonderful administration ladies and the senior leadership team. Elvis attends a staff meeting engaged in the weeks’ agenda then off to the Education Support Centre, this Year in Room 3.1 which has nine students. Each and every one of these students and the staff benefit from Elvis.

On a Tuesday, during period 2 Elvis roams around the school visiting Student Services, the library and during recess and lunch Elvis and Mrs Atkins visits the ladies in Stars Foundation and enjoys his much needed rest. Elvis loves to be brushed by those who finish their work or are just needing some extra care and attention.

Our Swan View community love having Elvis at our school.

Year Coordinator's Address

It is an honour to address this year's Graduating class here at Swan View Senior High School and I would like to start off by thanking each and every one of you for this year that we have spent together. It feels like only last week I was stood on this exact same spot, introducing myself as Year Coordinator alongside your former Year Coordinator Mr Rudd. I am completing my fourth year teaching here at Swan View Senior High School, and each time we farewell a Graduating cohort, Dr Sekulla reminds us how quickly time will fly by and that you too will be sitting amongst the Graduating class. Well, here we are, and has time flown by.

You have all worked extremely hard during what has been rather difficult times as a result of COVID-19. We have had many ups and downs, students have come and gone and yet here you sit as part of your graduation cohort. CONGRATULATIONS, you did it.

While we have farewelled three other cohorts during my time here, it would come as no surprise that today's farewell in particular is extremely bittersweet. Sweet because we are so proud of you all for pushing yourselves and reaching your goals and we are so excited for everything that lies ahead of you. Bitter because you've taken up a little part of our hearts, created special memories and you will all will be dearly missed.

As a teacher who prides herself on being fair, you may have heard me say "I don't have favourites". And while that may be true, I am more than happy to admit that our Graduating Class of 2022 will leave a significant hole in all of our hearts.

I will be sure to remember all the times I was asked "Miss have you marked our test papers" after sitting it less than 24 hours prior or "Miss could you check my attendance" before any upcoming social event. And who could forget Friday lunchtime Volleyball Club which turned out to be more of a weekly social event or bonding session.

As I look out at the faces of this Graduating class, I can only reflect on how I felt as a Senior Class of 2011. Although that was 11 years ago, not a lot has changed since then. I just as you, were challenged with what to do next. Do I continue my studies, take a gap year, go travelling, the decisions were endless. There is no right or wrong answer here, and my advice to you is to just follow your instincts and don't be afraid to take that leap of faith, whatever it may be.

I would like to highlight that majority of people's lives bear witness to the fact that how we are at school is not necessarily how we fare in life. So, what really matters, what really counts is not your success at school but how you live your life now. It is the choices you make as a graduate from Swan View Senior High School that will shape you, open doors and present new and exciting opportunities. Every one of you has the potential to achieve greatness in your own unique way.

I hope these years in High School have been some of your best years yet, and that you look back at your time here at Swan View Senior High School with fondness. However, I hope they pale in comparison to what is yet to come. From here, you will be faced with many challenges, decisions, opportunities to grow, experience and enjoy. A chance to be the person that you truly want to be. I strongly believe, of course, based on your previous behaviours and the way in which you have conducted yourselves over the years, as well as the skills and knowledge that we have imparted to you, that you will surely overcome them.

So, I will leave you with a quote, as William Arthur Ward said, "if you can imagine it, you can achieve it; if you can dream it, you can become it."

On behalf of all the staff members here at Swan View Senior High School, I bid you farewell and wish you the best of luck in the days ahead.

Ms Michaela Perry
Year Coordinator - Upper School

Head Girl's Address

I won't lie to everyone, Oscar and I can talk, sometimes a little too much, but writing this Graduation Speech did not come easy. So many things to say and so many people to thank but where do I even start?

I am so very proud of every one of you. We showed through hard work and resilience that graduating High School was a task we can all achieve. You showed all the people who may have doubted you that their opinions were irrelevant and tonight you walk out of here with a Certificate saying Graduate of 2022. You have done what some people may feel is impossible, whether you're the first in the family to graduate or the last. I know you have loved ones very proud.

I have known most of you all from the first day of Year 7 to this very Graduation Ceremony. Even though we all look like we have got it together with our dresses, button up shirts and our hair looking top tier. It wasn't always this way. I remember the Lower School days, from high pony-tails that gave girls foreheads no justice to the boys using a whole tub of hair gel to get that slick back look, either that or their hair was not done at all. It's safe to say there was no in-between. We've been through a lot together from the Lower School heartbreak days where we thought it would last forever but that forever lasted two weeks. Then it was on to the next. How romantic. And how could we forget the Kilometre Club, at the age of 11 and 12 we were forced to run a kilometre within 10 minutes before every spot lesson. Shout out to Mr Staer, you really were preparing us for the Olympics. If you can get through a Year 7 heartbreak and you can run a kilometre in under 10 minutes, I promise you can get through whatever comes your way.

But lets face it, everyone around the Swan View community has helped shape us into the people we are today. To the Staff in Clontarf Academy and Stars Foundation, I cannot thank you enough for the support you show to our Indigenous Community here at Swan View. To the English, Science and Maths Learning Area, I'm sure we can all agree you guys are the quirkiest departments of them all but thank you for teaching us in English how to write a PEEL paragraph, Point, Example Explain Link right? In Science that the Mitochondria is the powerhouse of the cell and in Maths, that letters should never be involved with numbers. To the Sports Department, thank you for setting up an annual beep test out of nowhere, there was no warning, but we knew as soon as you pulled out the orange cones and heard the nightmare radio saying "the test will begin in five seconds, start level one one" we knew it was a battle to the death of who could get the highest score. As much as we learnt or didn't learn we all thank you from the bottom of our hearts for putting your time and effort into educating us. Not only did you give us a great education, but you gave us some of the best memories. Keep doing you thing and continue teaching the younger generation because without teachers the world would lack knowledge.

To our families, we thank you from the bottom of our hearts as well. You have been there for us since birth, from holding our hand when dropping us to our first day of Kindy to watching us collect our Graduation Certificates. We may have been hard to deal with but tough love and 18 long years of commitment you stood by us. you taught us that we cant' go out every weekend no matter how bad we wanted to go and when driving past McDonalds on Morrison Road, crossing your fingers will not make your mother indicate. Instead you'll get the famous quote "there's food at home". You taught us most of hat we now, you picked us when we fell down then taught us how to pick ourselves up.

To my SRC family you are also a big reason why I am standing in this position tonight. I remember last year being asked if I wanted to be nominated for Student Council, I laughed and thought to myself that the council was for really good and intelligent kids. I didn't feel I was like the rest and couldn't see the potential leader I could be, until about month or two passed and we were headed to camp. People kept asking me if I was going to go for Head Girl. I had no clue as I had only just been in SRC for a couple months rather then since Year 7 but something inside of me told me I should go for it and I'm so glad I did.

SRC was like a family to me, Mrs Bradley and Mr Fletcher made it feel so homely. I will never forget the first time I needed to buy a white button up shirt and a black business skirt for Assembly. Would you think, me of all people knew where to find that? So I asked Mrs Bradley and she replies in her British accent "ooo go to Big W darling it's cheap as chips" and from that day on I knew SRC was where I felt comfortable.

To the Stars Foundation, Lizel, Katrina and Kellie. Thank you for for teaching us that aboriginality is not about the colour of skin but the blood that runs through it. Thank you for teaching us how to be strong, independent black women.
Kellie, we will never forget your pre-excursion speech that went something link "Now girls, remember where you come from, who you are and what you are representing. If I hear any of my girl muck around ooo you wanna look out!" It was safe to say we were on our best behaviour.

I want the class of 2022 to go into the world with Ms Kellie Tucker's pre-excursion speech. No matter where you go or end up in life, remember where you come from, who you are and what you representing. because without these three key points, you may not get a hiding from Ms Kellie Tucker but it is possible that you lose who you really are, trying to be someone you're not.

I hope all the best for my Graduating Class of 2022. I thank you for some of the best memories and friendships. I thank you foe being people I genuinely wanted to be around. we've come so far and I am so proud of you all. Go into the future and pursuit whatever makes you happy.

Everton Adley

Nickname: Esh Lad

What is your favourite memory of High School?
Simon jumping the fence to fight the other kids.

If you could go back to Year 7, what is one thing you would do differently at school?
Get a mullet early.

Where do you hope to be in 10 years' time?
A PT.

Darcy Alder

Nickname: Adler

What is your favourite memory of High School?
The boys.

If you could go back to Year 7, what is one thing you would do differently at school?
My hairstyle.

Where do you hope to be in 10 years' time?
Not here that's for sure.

Hope Amm

Nickname: Short-Stack

What is your favourite memory of High School?
Playing Pac-Man in Mr Garfield's Maths class.

If you could go back to Year 7, what is one thing you would do differently at school?
Listen in class.

Where do you hope to be in 10 years' time?
Have a career and stable life.

Shannen Anderson

Nickname: Mannen
What is your favourite memory of High School?
When I come to school late and go to my class and everyone stops and stares to see who's at the door with awkward silence.

If you could go back to Year 7, what is one thing you would do differently at school?
Actually listen to the teachers.

Where do you hope to be in 10 years' time?
Hopefully playing in the Womens AFL.

Kyanne Beagley

Nickname: Kayne
What is your favourite memory of High School?
Chatting to Mr Rudd on any occasion. Allowed me to be myself at school and enjoy it's treacherous hours just that bit more.
If you could go back to Year 7, what is one thing you would do differently at school?
Enjoy its carefree nature. Go out with friends more and live life to its fullest.
Where do you hope to be in 10 years' time?
In a financially secure job that provides health and happiness to my family.

Bethany Brahim

Nickname: Betty
What is your favourite memory of High School?
When I come to school late and go to my class and when in Year 10, in Student Services putting a Uno reverse card on the table.

If you could go back to Year 7, what is one thing you would do differently at school?
Stand up for what I believe in

Where do you hope to be in 10 years' time?
Happy, I hope to be at my happiest <3

Travis Brandsma-Epps

Nickname: GoPro
What is your favourite memory of High School?
Getting to know all my teachers and building relationships with them.

If you could go back to Year 7, what is one thing you would do differently at school?
Pay attention and not wag classes

Where do you hope to be in 10 years' time?
Working with my church to make life easier for them and married to the woman I love.

Jacob Callaghan

What is your favourite memory of High School?
Muck Up Day.

If you could go back to Year 7, what is one thing you would do differently at school?
Study before tests.

Where do you hope to be in 10 years' time?
Alive.

Soraya Chavez

What is your favourite memory of High School?
Friends.

If you could go back to Year 7, what is one thing you would do differently at school?
To not be a smart ass.

Where do you hope to be in 10 years' time?
Get a good paying job.

Jacob Cross

Nickname: Cat Boy

What is your favourite memory of High School?
Meeting my boyfriend.

If you could go back to Year 7, what is one thing you would do differently at school?
Be more active.

Where do you hope to be in 10 years' time?
In the WEE.

Dennilyn Custodio

Nickname: Denni
What is your favourite memory of High School?
Probably the Ball and all the endless nights stressing about exams and when I did ATAR and cried for five hours straight… High School was fun.

If you could go back to Year 7, what is one thing you would do differently at school?
Don't date just have fun.

Where do you hope to be in 10 years' time?
Rich-er. And either a doctor or a teacher with three kids, my own house and maybe a husband.

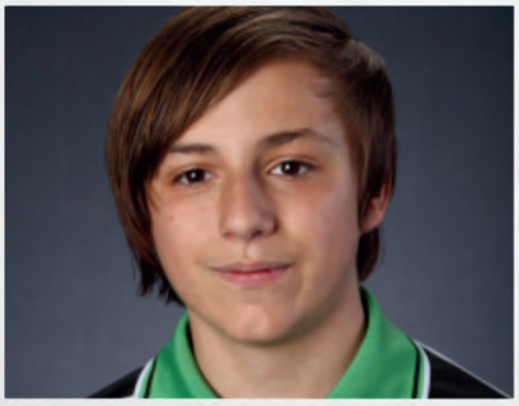

Aiden Decampi

Nickname: Aido

What is your favourite memory of High School?
Reaching the end of Year 12.

If you could go back to Year 7, what is one thing you would do differently at school?
Pay more attention in class and complete my work but still be myself.

Where do you hope to be in 10 years' time?
Working in a Full Time Job.

Cooper Detloff

Nickname: Coops

What is your favourite memory of High School?
Leaving.

If you could go back to Year 7, what is one thing you would do differently at school?
Go to a different School.

Where do you hope to be in 10 years' time?
In the Air Force as a highly qualified and respected fast jet pilot.

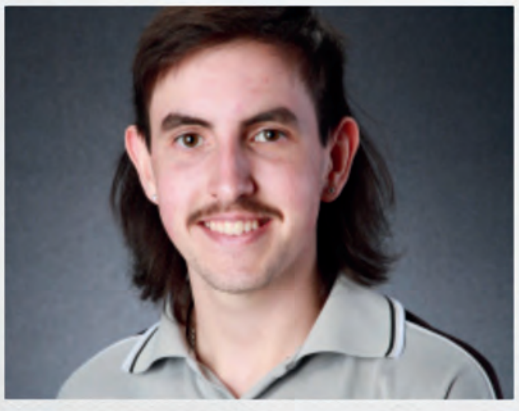

Cameron Dixon

Nickname: Too many to mention

What is your favourite memory of High School?
The Year 12 Ball.

If you could go back to Year 7, what is one thing you would do differently at school?
Believe in myself more.

Where do you hope to be in 10 years' time?
Performing music.

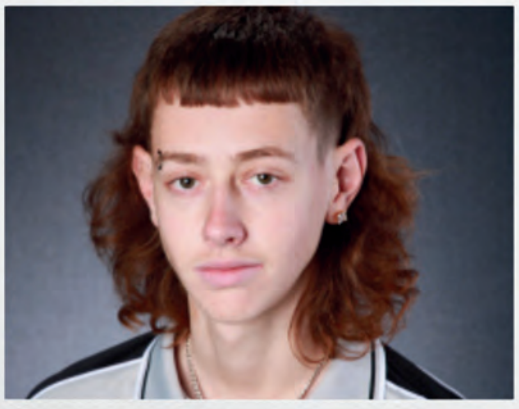

Jack Dolmans

Nickname: Dolmans
What is your favourite memory of High School?
Any day that I got to share with my friends that turned into a family.

If you could go back to Year 7, what is one thing you would do differently at school?
To be more impulsive when it comes to something you believe in and don't be afraid of failure.

Where do you hope to be in 10 years' time?
I honestly don't know, that's what makes life exciting, as long as I've got my friends and family then I'm satisfied.

Mitchell Doyle

Nickname: Doyle

What is your favourite memory of High School?
When Jack Dolmans took a bite of a urinal cake for $200.

If you could go back to Year 7, what is one thing you would do differently at school?
Study more.

Where do you hope to be in 10 years' time?

Charli Dwyer

Nickname: CDawg
What is your favourite memory of High School?
Telling the Sports Department all the 'tea' in our year group.

If you could go back to Year 7, what is one thing you would do differently at school? I would put more effort into my school work and be much nicer to the teachers.

Where do you hope to be in 10 years' time?
I hope to be a real estate agent or a flight attendant. These are my two dream jobs. If not doing these I hope in 10 years I am happy with where I am.

Kyhan Faumuina

Nickname: Soldier Boy

What is your favourite memory of High School?
The Volleyball Comps, Ball night and Muck Up Day.

If you could go back to Year 7, what is one thing you would do differently at school?
I would be nicer to my peers and focus in class more.

Where do you hope to be in 10 years' time?
I wanna be a high class fashion designer with my own brand.

Hayley Fisher

What is your favourite memory of High School?
Year 11 Business Class.

If you could go back to Year 7, what is one thing you would do differently at school?
Not wear a ponytail!

David Forrest

Nickname: King David

What is your favourite memory of High School?
Making the friends I made.

If you could go back to Year 7, what is one thing you would do differently at school?
Making the friends I made.

Where do you hope to be in 10 years' time?
In a stable job with a good income.

Klara Gard

What is your favourite memory of High School?
In Year 7 they didn't put mats down and I fell off the parallel bars in the gym, winding myself, cracked my chin open and fractured my knuckle.

If you could go back to Year 7, what is one thing you would do differently at school?
Do not go on the parallel bars.

Where do you hope to be in 10 years' time?
Living my best life with my zoology degree surrounded by my pack of Cavalier King Charles Spaniels.

Azaya Goode

Nickname: Curry

What is your favourite memory of High School?
Getting a mullet at school.

If you could go back to Year 7, what is one thing you would do differently at school?
Apply myself.

Where do you hope to be in 10 years' time?
Have a good job, make bank, take care of family.

Christopher Hall

Nickname: Krispy

What is your favourite memory of High School?
Meeting all my friends.

If you could go back to Year 7, what is one thing you would do differently at school?
Choose the subjects I like.

Where do you hope to be in 10 years' time?
At a minesite.

Jack Hall

Nickname: LJ (Little Jack)
What is your favourite memory of High School?
First thing that comes to mind is Year 10 in Science when Azaya showed everyone his badly shaved head he did to himself and probably most the memories I have created with the boys in the kingdom.
If you could go back to Year 7, what is one thing you would do differently at school?
Change my hair style and get a mullet.
Where do you hope to be in 10 years' time?
Having a good working job and making good money and taking care of my family, mostly my mother.

Jordyn Hall

No response was received at the time of publication.

Cooper Headley

Nickname: Gargamel

What is your favourite memory of High School?
Tea in Modern History.

If you could go back to Year 7, what is one thing you would do differently at school?
Nothing, past successes and failures is what made me the man I am today.

Where do you hope to be in 10 years' time?
Mechanic.

Alayah Hill

Nickname: Laylay

What is your favourite memory of High School?
Either winning Muck Up Day or the Ball Night.

If you could go back to Year 7, what is one thing you would do differently at school?
Not worry about what everyone is doing, depend more on myself.

Where do you hope to be in 10 years' time?
Either still working or maybe teaching.

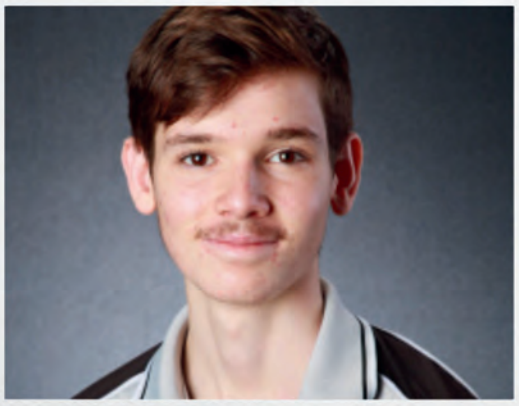

Christy Holmes

Nickname: Cain

Filming a horror trailer in Year 9 Media.

If you could go back to Year 7, what is one thing you would do differently at school?
Talk to people other than the ones I already knew.

Where do you hope to be in 10 years' time?
Teaching Primary School kids.

Raidon Hounsham

Nickname: RJ
What is your favourite memory of High School?
My favourite memory will be just messing around with my friends.

If you could go back to Year 7, what is one thing you would do differently at school?
Not date almost my whole year.

Where do you hope to be in 10 years' time?
I hope to be in a position were i am financially stable and have a family.

Kaitlyn Hull

Nickname: Kaitie

What is your favourite memory of High School?
Joining my friend group.

If you could go back to Year 7, what is one thing you would do differently at school?
Nothing.

Where do you hope to be in 10 years' time?
Happy
.

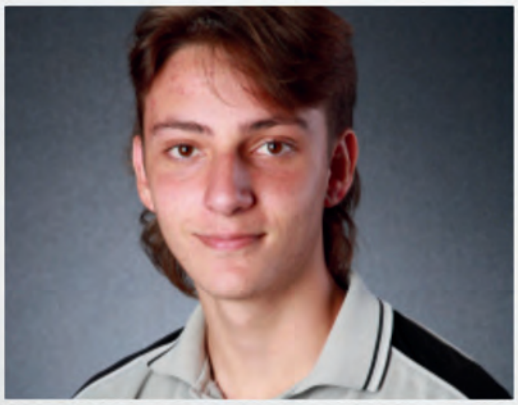

Oscar Jordan

Nickname: OJ

What is your favourite memory of High School?
Shaving my head.

If you could go back to Year 7, what is one thing you would do differently at school?
Enjoy school that little bit more.

Where do you hope to be in 10 years' time?
Have a family and a wife.

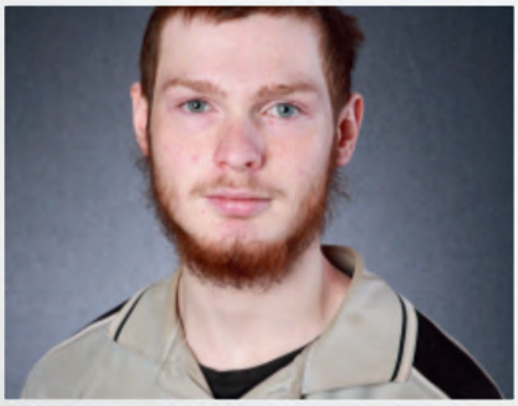

Nathaniel Keen

Nickname: Naynay

What is your favourite memory of High School?
Beating all the tall kids in volleyball.

If you could go back to Year 7, what is one thing you would do differently at school?
Change my hairstyle

Where do you hope to be in 10 years' time?
On holidays somewhere in Europe with my mortgage paid off.

Adam Kemish

Nickname: Soopy

What is your favourite memory of High School?
Don't have one.

If you could go back to Year 7, what is one thing you would do differently at school?
Nothing.

Where do you hope to be in 10 years' time?
Job as a Software Developer.

James Kerrison

No response was received at the time of publication.

Aleshya Kotis

No response was received at the time of publication.

John Legaspi

Nickname: Baba

What is your favourite memory of High School?
Sleeping in class.

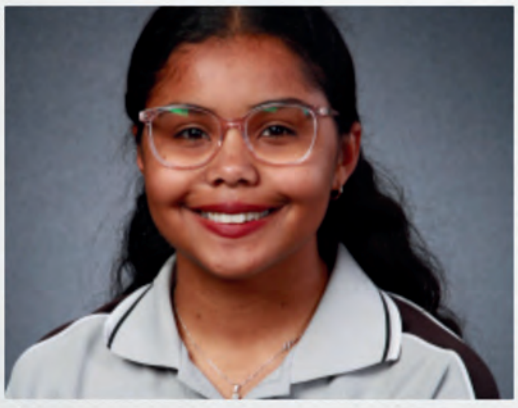

If you could go back to Year 7, what is one thing you would do differently at school?
Don't get into relationships, they'll mess you up.

Where do you hope to be in 10 years' time?
Still alive.

Alexis MacArthur

No response was received at the time of publication.

Hellen Cristina Odorio Martins

Nickname: Hellen
What is your favourite memory of High School? My favourite memory of high school is in Year 11 when I was cooking gnocchi and Ms Taylor told us the gnocchi should taste like the ocean. I put in a tbsp instead of a tsp of salt. and it ruined the pasta completely. We couldn't eat it, but it did taste like the ocean.
If you could go back to Year 7, what is one thing you would do differently at school? I would be less stressed about the little things like making friends and studying because eventually everything will work out.
Where do you hope to be in 10 years' time?
In 10 years', I hope to have a fulfilling career that I enjoy maybe something like teaching.

Liam McChesney

Nickname: Music Man

What is your favourite memory of High School?
Friday Afternoon activities.

If you could go back to Year 7, what is one thing you would do differently at school?
Try my hardest no matter what.

Where do you hope to be in 10 years' time?
Elsewhere.

Sophie McKay

Nickname: Soph

What is your favourite memory of High School?
Stealing all Mr Garfield's lollies.

If you could go back to Year 7, what is one thing you would do differently at school?
Not take any moment for granted.

Where do you hope to be in 10 years' time?
Starting my own business.

Alyssa McKenzie

What is your favourite memory of High School?
Uno reverse.

If you could go back to Year 7, what is one thing you would do differently at school?
Get better friends.

Where do you hope to be in 10 years' time?
Happy.

Jasmyn McKenzie

Nickname: Tobi

What is your favourite memory of High School?
Any memory involving my friends.

If you could go back to Year 7, what is one thing you would do differently at school?
Try to socialise more.

Where do you hope to be in 10 years' time?
Have a stable and enjoyable job.

Tyra McKenzie

What is your favourite memory of High School?
Year 11 Psychology class (Mr Sharples).

If you could go back to Year 7, what is one thing you would do differently at school?
Talk to more people.

Where do you hope to be in 10 years' time?
Good job and stable life.

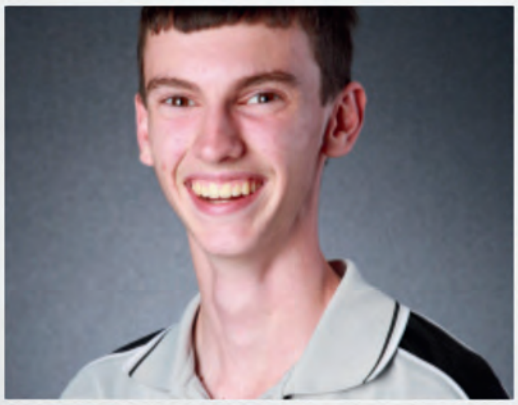

Elleanne McLennan

Nickname: Elle and L
What is your favourite memory of High School?
Chopping up all the boys who thought girls couldn't play Basketball in 1v1s.

If you could go back to Year 7, what is one thing you would do differently at school?
I would part my hair in the middle rather then slick it back.

Where do you hope to be in 10 years' time?
Travelling around the world.

Travis Mepham

Nickname: Gas Chamber

What is your favourite memory of High School?
Outdoor Ed Mountain Bike Camp.

If you could go back to Year 7, what is one thing you would do differently at school?
Actually do the work.

Where do you hope to be in 10 years' time?
Work.

Sev'n Miletic

What is your favourite memory of High School?
Leaving.

If you could go back to Year 7, what is one thing you would do differently at school?
Do assignments before they are due.

Where do you hope to be in 10 years' time?
Rich.

Jack Montgomery

Nickname: Monty
What is your favourite memory of High School?
Anything with Dolmans being an idiot (I love that man).

If you could go back to Year 7, what is one thing you would do differently at school?
Be involved with FAME at the start of Year 7 not the middle so I could get that damn award.

Where do you hope to be in 10 years' time?
I'm taking life one step at a time, baybee.

Francis Navales

What is your favourite memory of High School?
First days and last days of Term. Doing absolutely no work on those days and watching movies or playing games.

If you could go back to Year 7, what is one thing you would do differently at school?
Start assessments as soon as I get them and don't leave it until last minute.

Where do you hope to be in 10 years' time?
Relaxing in a large house in Canada, near the Rocky Mountains.

Taylah Oliver

Nickname: Quack Sparrow
What is your favourite memory of High School?
A sauce packet exploding against a wall.

If you could go back to Year 7, what is one thing you would do differently at school?
Open up more.

Where do you hope to be in 10 years' time?
I hope to complete an apprenticeship and begin work.

A long-standing tradition at Swan View Senior High School is the Leavers Breakfast and dress up day. The Year 12s are treated to a full cooked breakfast provided by the canteen and served by staff and SRC students.

Mock awards are then presented by subject teachers and their Year Coordinator. These awards acknowledged a host of the more entertaining personalities within the group.

Year 12 students chose the dress up theme for each Learning Area. This year costumes related to different decades, with the student choice winners being the Health and Physical Educations's 2000s music theme. Not one, but two, Britneys paraded for students together with The Backstreet Boys.
Students have free choice with some very creative individual and group costumes this year.

The 2022 School Ball was held at the stunning Mandoon Estate in Caversham as the very last social event of the year on Thursday 20 October 2022.

More than 120 students, their partners and staff enjoyed a magical evening.

Mandoon Estate staff provided an excellent meal, and the DJ ensured the dance floor was crowded all night.

Jack Montgomery wowed us with his dance moves and, not surprisingly, won the Best Dancer award.

Bethany Brahim and Cooper Detloff were voted by staff and students as the Belle and Beau of the Ball for 2022.
