

Swan View
SENIOR HIGH SCHOOL

2024 Year Book

Acknowledgement of Country

Swan View Senior High School acknowledges the Whadjuk Noongar people and we pay respect to the past, present and future Traditional Custodians and Elders of this nation Whadjuk Ancestors who have walked this country. Swan View Senior High School acknowledges their special and unique place in our nation's historical, cultural and linguistic identity.

Swan View Senior High School also acknowledges the contributions of Aboriginal Australians, Torres Strait Islanders and non-Aboriginal Australians to the education of all children and people in this country we all live in and share together – Australia.

Principal's MESSAGE

As we reflect on another remarkable year at Swan View Senior High School, I am filled with pride and gratitude for all that our school community has achieved in 2024. This year has been one of learning, growth, and celebration, with our students, staff, and families continuing to demonstrate the strong sense of community that defines Swan View Senior High School.

Our students have embraced every opportunity to learn, lead, and succeed. Across the school, they have displayed enthusiasm, creativity, and perseverance in their academic studies, through outstanding achievements in sport, and in the many vibrant programs in The Arts. These experiences not only showcase their talent and commitment but also reflect the DARE values of Diligent, Accountable, Respectful, Extraordinary that lie at the heart of our school.

We have continued to strengthen our Aboriginal education and cultural programs and partnerships, including the Swan View Clontarf Academy, Swan View Stars Foundation, and the Polly Farmer Follow the Dream Program, all of which play an important role in supporting and inspiring our students to reach their goals.

This year, we also celebrate the success of our primary school partnerships, which have continued to strengthen the transition to secondary education and foster a sense of belonging and aspiration among younger learners. These collaborations are a vital part of our community, and we deeply value the positive connections shared with our partner schools.

As we farewell our Year 12 Class of 2024, we do so with great pride. This cohort has shown determination, maturity, and leadership throughout their final year, and we wish each of them every success as they move into the next stage of their lives—whether that be further study, training, or employment. They leave behind a legacy of commitment and camaraderie that will inspire those who follow.

I would also like to extend my sincere appreciation to the Swan View Senior High School Board for their ongoing support, wisdom, and dedication. Our School Board, chaired by Cr Karen Beale, have performed exceptionally throughout the year. Their guidance and commitment to our school's vision have been invaluable in helping us provide the best possible educational opportunities for all students.

My heartfelt thanks also go to our exceptional staff, whose professionalism and care underpin everything we do, and to our parents/caregivers for their ongoing encouragement and partnership. Together, we continue to nurture a learning environment where every student feels valued and empowered to reach their potential.

As we look ahead to 2025, we do so with optimism and confidence. I am proud of the achievements of our students and the collective strength of our school community. Congratulations to everyone on a successful and inspiring 2024.

Dr George Sekulla

School Board

CHAIRPERSON

It gives me great pleasure, on behalf of the Swan View Senior High School Board, to reflect on the achievements and progress of our school throughout 2024. This year has once again highlighted the strength, dedication, and community spirit that make Swan View Senior High School such a special place for learning and growth.

The Board has continued to work closely with the Principal, Dr George Sekulla, and the Senior Leadership Team to support the strategic direction of the school, ensuring that every decision we make reflects our shared commitment to student success and wellbeing. We are proud of the many programs and initiatives that have continued to strengthen teaching and learning, foster engagement, and build strong connections between the school and the wider community.

This year has been one of many highlights, including outstanding achievements across academic, sporting, and creative pursuits. Our students have demonstrated perseverance, teamwork, and pride in representing the school—both in the classroom and beyond. These successes reflect not only their hard work but also the dedication of our teachers and support staff who go above and beyond every day to help students reach their potential.

We also celebrate the continued success of our partnerships with local primary schools, which play an important role in supporting smooth transitions and inspiring young learners to see Swan View Senior High School as a place where they can thrive.

On behalf of the Board, I would like to extend our warmest congratulations and farewell to the Year 12 Class of 2024. You have been wonderful ambassadors for our school, displaying resilience, leadership, and determination throughout your journey. As you move into the next exciting chapter of your lives, we wish you every success and happiness. Remember that the foundations you have built here—of learning, respect, and community—will serve you well wherever you go.

I would like to express my sincere thanks to our Principal, staff, parents/caregivers, and community partners for their ongoing support and dedication. The success of our school is truly a collective effort, and it is inspiring to see what can be achieved when we work together with a shared vision and purpose.

As we conclude 2024, the Board looks forward with optimism and confidence to the year ahead. Together, we will continue to strengthen our commitment to providing an inclusive, caring, and high-quality education for every student at Swan View Senior High School.

Cr Karen Beale

Year 12 Graduation

The Year 12 Graduation Ceremony was held on Tuesday 19 November at The Crown Resort in Burswood. Approximately 450 guests attended the event to watch 83 Year 12 students complete their secondary schooling.

The formal occasion and the setting enhanced the importance of the evening. It was a proud moment for many families and the wider School community. Dressed in their graduation gowns together with the School sash, an atmosphere of pride and self-achievement was created.

Mrs Jessica Garfield and Mr Caelan Toki warmly welcomed students, staff, families, and guests, as Directors of Proceedings, to the Graduation Ceremony.

The keynote address was delivered by Mrs Robyn De Fraine.

Mrs De Fraine grew up in Midvale and Middle Swan, attending Midvale Primary School and Governor Stirling Senior High School.

She completed a Bachelor of Secondary Education with a major in Physical Education and began her teaching career at Carnarvon Senior High School, followed by roles at Gosnells Senior High School, and Leeming Senior High School, as a Health and Physical Education teacher.

In 2001, Robyn joined Swan View Senior High School, where she served as a Health and Physical Education teacher, eventually taking on roles as Health and Physical Education Head of Department and Manager of Student Services, until the end of 2017. Currently, Robyn is the Program Coordinator for Senior School at Yanchep Secondary College.

The Graduation Ceremony ended on a high note with the Charge to Graduating students by the Head Boy and Head Girl, Presentation of Graduation Folders by Dr Sekulla, the School Chaplain's Blessing by Mr Ramirez, followed by the Retiring Procession.

Special thanks and acknowledgements are extended to the Graduation Ceremony Coordinators – Mrs Bradley and Ms Haese (Marketing and Media Office), prize donors, Swan View Senior High School Board, School Executive Team, Senior Leadership Team, Year 11 Student Representative Councillors, School Staff, and Swan View Partners.

Deputy Principal

TEACHING AND LEARNING

As the Deputy Principal - Teaching and Learning, it has been a privilege to witness the growth and achievements of our students throughout the year. The academic journey at our school is shaped not only by the dedication of our teachers, education assistants and support staff, but also by the resilience and enthusiasm shown by our students.

In 2024, I was supported by the following middle leaders:

Head of Learning Area
- The Arts – Ms Kate Rogers
- English – Ms Shaina Farrell
- Health and Physical Education – Mr Steven Bezant
- Humanities and Social Sciences – Mr Robert Vernon
- Mathematics – Mrs Justine McCann
- Technologies – Mr John Vidler

Teacher in Charge:
- Science – Mrs Jessica Garfield

This year, we placed a strong focus on delivering curriculum in a way that catered to the diverse needs and interests of our students. We integrated research-based innovative teaching practices, to create an engaging and dynamic classroom environment where student engagement was the key. Our commitment to quality teaching was reinforced by the number of teachers wanting to improve their classroom performance through professional learning. Our ongoing commitment to learning is what drives the high standards of teaching and ensures that our students are receiving the best possible education.

Academic success is deeply connected to the overall wellbeing of our students. Without the support from our Student Services team our students would not be ready to learn. Initiatives focused on mental health, resilience, and mindfulness played a pivotal role in maintaining a balanced learning experience. This support has empowered our students to reach their full potential both academically and personally.

PHOTO: Shante Regnault and Ms Hawley.

PHOTO: Emily Carter, Ms Hawley, Daniel Koti, Hayden Carter and Karl Humes.

Our students have had the opportunity to extend their learning beyond the classroom, participating in a many excursions and enrichment programs. Our students are privileged to have the opportunity to engage in our specialist programs such as Achieving Curriculum Excellence (ACE), Future Artists Mastering Expression (FAME), Elite Basketball and the Soccer Academy as well as after school clubs such as Art Club, Robotics, Book Club and Badminton Club. One of our students, Tyson Marengo also introduced a Warhammer Club for interested students. Homework clubs were also offered in several Learning Areas. Thank you to the staff that continue to go out of their way to ensure our school is the school of choice in our area.

Academic excellence has been celebrated in many forms, from high-achieving students in specific subject areas to those who have demonstrated improvement and perseverance. Our school continued to recognise the importance of acknowledging every student's unique strengths and progress, regardless of where they started. This was through formal recognition at Academic Achievement assemblies, or the more informal letters of recognition sent by teachers.

As we reflect on the year's achievements, it is evident that the success of our school community is built on collaboration, hard work, and a shared vision for excellence in education. I look forward to what the next year will bring as we continue to innovate, inspire, and challenge our students to reach new heights.

Ms Helen Hawley

Deputy Principal
STUDENT SERVICES

The Student Services Team are here to support students and families and pastoral care in an important element of what we do. Student Services is comprised of a Lower School (Years 7-9) team and Upper School (Years 10-12) team. These teams consist of a Program Coordinator and Student Support Officers as well as Allied Health Professions and School Officers. The Student Services Team in 2024 comprised:

- Program Coordinator – Mr Simon Marriette
- Student Support Coordinator (Upper School) – Mrs Sophie Mathers
- Year 10 Student Support Officer – Ms Pauline Manser/Mrs Fleur Fletcher
- Year 9 Student Support Officer – Mrs Tracey Warwick
- Year 8 Student Support Officer – Ms Mel Meyers/Mr Aaron Kumar
- Year 7 Student Support Officer – Mrs Christine Davey
- School Chaplain – Mr Jon-Jon Rameriz
- School Psychologist – Mr Mitchell Powell
- Community Health Nurse – Mrs Lyndsay Gannaway
- Learning Support Coordinator – Mrs Brooke Scolt
- Student Support Coordinator (Wellbeing) – Ms Pauline Manser
- School Officers – Ms Nicola Hoglin, Mrs Nicki Malynn, Mrs Carmen Notte and Mrs Brooke Exell

This large department is overseen by the Deputy Principal – Student Services – Ms Karen Scriven and is charged with working across the entire school to support students, which includes working with parents/carers, teachers, and external agencies.

As part of its pastoral care and student expectation responsibilities, Student Services organises many events throughout the year. These events are aimed at rewarding students who consistently meet the schools Positive Behaviour Support values of DARE. At Swan View Senior High School, we DARE to be Diligent, Accountable, Respectful and Extraordinary. We also organise events for point of need and to raise awareness for areas of identified need.

Student Services organised the following in 2024:

- R U OK Day
- Colour Run
- Year 11-12 River Cruise
- Year 12 Ball and Leavers activities
- Guest Presenters
- National Day of Action against Bullying and Violence
- Year 7–10 reward excursion to Adventure World
- 90% to 100% Attendance Awards and Events
- Good Standing and Attendance Reward excursions
- Year Group Assemblies with Acknowledgement Awards

Some of the services that are organised and provided by Student Services include:

- Year 6 to Year 7 transition events
- Immunisations
- Awareness days, such as Do it for Dolly
- Uniform loans
- Breakfast Club
- Yarning Circle
- Swan Elevate Leadership program

Ms Karen Scriven

Deputy Principal
INCLUSIVE EDUCATION

Our focus this year has been on building strong relationships across the school community and with families, always with the goal of supporting the needs and outcomes of our students. As you look back on the year, we invite you to reflect on the dedication to our students, our shared love of learning, and the continued growth we've strived to achieve together.

Throughout 2024, we worked to ensure that what students learned in the classroom was connected to real-life experiences, enriching their education and preparing them for the future. We are proud of the progress made and look forward to the continued success of our students in the years to come.

Staff have had opportunities throughout the year to enhance their skills through school-based presentations, focusing on identifying students who required SEN plans for reporting purposes. As a collective, we shared strategies to support students with attention deficit hyperactivity disorder (ADHD) and promoted effective learning techniques. Professional reading materials were shared intermittently via email to support continuous learning and development.

To the staff who work with our students and actively choose to upskill in order to stay informed in the field, thank you for your continued support and guidance. Your dedication helps create a positive environment where students can thrive, learn, and cultivate a love for learning.

To our parents and caregivers, we appreciate your continued support, which strengthens the connection between home and school, and plays a key role in ensuring the success of our students.

Mrs Renee Bowell

Programs

Education Support Centre

The Education Support Centre, located within the main campus of Swan View Senior High School, serves as a specialised educational facility designed to meet the needs of students with mild to moderate learning challenges, including cognitive, physical, sensory, and behavioural difficulties. In close collaboration with the High School, the Centre plays a pivotal role in fostering an inclusive environment across the school, supporting students in reaching their full potential.

Our programs are grounded in the Western Australian Curriculum, where applicable, and are carefully adapted through carefully designed programs and targeted interventions to address the unique needs of each student. A primary focus of the Centre is to nurture students' independence, with an emphasis on preparing them for successful post-school pathways. These pathways include social activities, employment, volunteering, independence, and further study, ensuring students are equipped with the skills and confidence to thrive beyond school.

My Journey

Each year, parents and students in Years 9, 10, and 11 in our Education Support Centre have the opportunity to participate in My Journey. This afternoon event is designed to bring together staff, students and their parents to plan person-centred goals for the students' senior school pathways. During the afternoon, we explore the students' wants and needs in the areas of Leisure & Social, Work Experience, Education, Volunteering, and Independent Living. These focus areas allow us to develop goals to support each student holistically throughout senior school, to prepare them for life after graduation. Last year, we had five families attend the afternoon event and we look to grow this number in 2025.

Introduction of Health and Physical Education Teacher

We proudly introduced a dedicated Physical Education and Health teacher to the Education Support Centre, an initiative that had been in the planning stages for quite some time. The goal was to find an educator who could effectively deliver tailored programs that would engage our students, taking into account their unique learning needs and behavioural considerations.

After careful selection, we welcomed Ms Emily Savill-Holmes as the teacher who has proven to understand the specific needs of our students, and brings a creative and dynamic approach to physical education and health. Emily's ability to design programs with engaging and unconventional activities ensure that students are actively involved and motivated, transforming the physical education experience into one that is both enjoyable and impactful. This addition to the Centre has had a meaningful impact on our students' learning journey, and we look forward to the continued success of this program in the future.

School Bus Service Team (Perth Transport Authority)

We are fortunate to have the support of the Perth Transperth Authority since 2021, which provides a dependable bus service that safely transports eligible students to and from school each day. This service is invaluable to our families, and we greatly appreciate its contribution to our school community. In 2024, there were 14 students who accessed this service.

ASDAN

This has been a fantastic year of growth for ASDAN in our Centre, with all five classes actively participating in a variety of programs. The ASDAN courses are designed to engage students with relevant and inspiring content that leads to meaningful learning outcomes.

These programs not only motivate students to pursue further training and employment opportunities but also empower them to take control of their futures. With practical, accessible activities, ASDAN supports the development of personal, social, and work-related skills for students with diverse needs. Additionally, these programs are School Curriculum and Standards Authority (SCSA) endorsed programs that our Senior School students will have recognised on their Western Australian Statement of Student Achievement (WASSA).

In 2024, we were thrilled to see 23 students complete their ASDAN qualifications and receive their certificates at the ESC Final Assembly. This marks a significant growth in our ASDAN learning programs since we began delivering them in 2021. Over the past four years, the number of students achieving qualifications has steadily increased. From just six students in 2021 across two learning programs to 2024 where we reached an impressive 23 students across five learning programs. We are excited to continue building on this success, with even more opportunities planned for 2025 and beyond.

Congratulations to the students who worked hard and achieved their qualifications last year—you should all be incredibly proud of your accomplishments.

Student Leadership Program
The Student Leadership Program has successfully completed its inaugural year at the Centre, with impressive outcomes.

Students elect a peer from each year level to form the Student Leadership Team. In Semester 2, the student leaders concentrated on enhancing the overall student experience, with a particular focus on improving break times. Building on the success of this first year, plans are already underway to further strengthen and expand the program in the future.

As the current student leaders transition, we look forward to welcoming the new team for Semester One, 2025, to continue the valuable work initiated this year.

Mrs Renee Bowell
Deputy Principal - Inclusive Education

Inclusive Education

As we reflect on this past year, we celebrate the growth and achievements of our students. From academic milestones to personal development, it has been a year of progress for each of them their own way. Our students work hard in their learning, independence, and social growth.

As always, this year's success has been a community effort. We extend our deepest thanks to our students, parents, and staff for your ongoing support and contributions. Together, we have made this year meaningful and impactful, and we look forward to continuing this journey of inclusion and excellence in the years ahead.

Enjoy reflecting on these accomplishments and the wonderful moments captured in the Inclusive Education section of the Year Book.

Staff Growth and Contributions

Over the past year, our professional staff has continued to grow, further enhancing the quality of support we provide to students with disabilities. Our Education Assistants play a vital role, working not only within the Centre but also across mainstream classrooms, ensuring that students receive the necessary support to thrive in a variety of settings.

In addition to the dedicated Education Assistants, we welcomed a Health and Physical Education (HPE) teacher to the team, further strengthening our offerings and enriching the students' learning experiences. This addition has been invaluable in providing a well-rounded educational experience for our students.

Our staff, whether part-time or full-time, consistently go above and beyond to support the academic, social, and emotional needs of our students. Their commitment and collaborative approach create a positive and inclusive environment that empowers students to succeed and reach their full potential.

Attention Deficit Hyperactivity Disorder

Teachers are committed to ongoing professional learning and development. During the year, staff participated in a presentation and workshop focused on strategies to support students with Attention Deficit Hyperactivity Disorder (ADHD). This session emphasised the importance of educators staying up-to-date with effective approaches for assisting students with disabilities, a critical factor in fostering inclusive learning environments and enhancing student outcomes.

Autism Awareness

Earlier this year, we marked Autism Awareness Month with a focus on promoting understanding and acceptance. Acknowledging that autism can be a sensitive topic for individuals who seek inclusion without being singled out, we approached the initiative with care and sensitivity. Staff received informative flyers, including links to webinars and professional training, to support their understanding of autism. Throughout April, staff participated in a 'Walk for Autism' to further raise awareness.

As part of our ongoing commitment to autism awareness and inclusivity, we strive to foster a culture that celebrates the unique strengths and capabilities of all individuals, regardless of neurodiversity.

Special Educational Needs (SEN) Plans
SEN Plans are written for select students across the school in Terms 1 and 3 each year. These plans are essential for ensuring that students with disabilities receive personalised, effective, and equitable education, ultimately leading to better learning outcomes and overall success. Plans are reported on in Terms 2 and 4.

Learning Environment
Students with sensory sensitivities may experience classrooms as noisy and distracting, which can make it challenging for them to concentrate on their work. These students often need additional supports to engage in their learning at the same level as their peers. Parents and teachers who have concerns about a student's educational experience are encouraged to reach out to the Inclusive Education team to schedule meetings and discuss potential strategies.

The Hub, previously known as Waggyl Triage, offers a supportive and inclusive space for both mainstream and Education Support Centre students, where they can regulate emotions, debrief concerns, and receive support for academic and personal challenges. Led by Mrs. Corinne Henry and Mrs. Brooke Scolt, the Hub also serves as a vital resource for staff, providing information to better assist students and support their own well-being through self-regulation. This space fosters a positive environment for both staff and students. Parents and teachers with concerns are encouraged to contact the Inclusive Education team to discuss tailored support strategies. Throughout 2024, Mrs Henry and Mrs Scolt provided support to students a total of 3 168 times. While the exact number of staff support instances is unclear, this will be more closely monitored in 2025.

Social Skills Program
Invited students participated in our Social Skills Program, incorporating elements from Talkabout for Teens and Social Thinking and Me. These programs aimed to improve students' ability to navigate social situations by developing assertiveness and understanding social "hidden rules."

Through structured lessons, role-playing, discussions, and interactive activities, students enhanced their communication skills and gained a deeper understanding of social dynamics in a supportive environment.

The program helped students with learning disabilities build confidence in their social abilities, equipping them with valuable skills for both academic and personal growth. Its success lies in providing a safe space for students to learn and grow socially.

Topics include:
- Developing an awareness of self and others
- Identifying personal qualities and strengths
- Developing an awareness of how we feel about ourselves changes the way we behave in certain situations
- Developing an awareness that some things are in our control and some of things are not.
- Flexible thinking
- Ways of communicating
- Size of the problem

Student Representative Council

During Term 1, the Student Representative Council (SRC) has demonstrated extraordinary leadership, accountability, and a commitment to enhancing our school community. A warm welcome was extended to Mr Caelan Toki, who joined the SRC family, bringing fresh enthusiasm and ideas.

The SRC has been at the forefront of various events and initiatives. They played a pivotal role in the Year 7 Meet and Greet BBQ, fostering inclusivity and helping new students settle into school life. At the International Women's Day Breakfast, our Head Girl and Boy, along with their Deputies, emceed with pride and confidence.

An exciting milestone was achieved with the completion of the SRC Business Plan, outlining clear goals and initiatives for the year. This was presented at the School Board meeting by the Head Girl and Boy, showcasing the student voice's impact on school decisions.

In preparation for Harmony Week, the SRC has been busy planning events to celebrate cultural diversity and inclusion. They also supported the Parent-Teacher Interview Afternoon, ensuring smooth communication between families and staff.

Leadership was further displayed during the Academic Achievement Assembly, emceed by Year 12 students.

During Term 2, the school held its annual ANZAC Assembly, where Hayden, Riley, Geann, and Shantè emceed and their professionalism shone.

The Council's proposal for new seating around the school gained approval from the Senior Leadership Team, with quotes now under review by the Finance Committee. This initiative reflects their dedication to creating a more comfortable and connected campus environment.

Several SRC members attended the ABCN Future Thinkers Program, gaining valuable insights into leadership and innovation. Meanwhile, Sharnae and Anthony took proactive steps by engaging in PBiS meetings to deepen the SRC's involvement in the school's rewards system.

Finally, the SRC's diligent efforts were evident during the inaugural Open Night and Fringe Festival, where they guided visitors, showcased the school, and embodied our values of diligence, respect, and accountability.

Term 3 was another extraordinary chapter for the Student Representative Council (SRC), filled with leadership, service, and growth.

Our Year 7–9 members demonstrated diligence and respect during the Year 6 Transition Days, assisting with four sessions involving eight local primary schools. Their guidance helped incoming students feel welcomed and excited about joining our school community.

The Academic Achievement Assembly was a proud moment, with Year 10 SRC students confidently emceeing the event and several members receiving awards. Immediately after, many SRC students volunteered at the Parent-Teacher Interviews, providing exceptional support with maturity and professionalism.

A major milestone was achieved this Term: the seating project received finance approval, thanks to Rachel Watson and Bryze Uy's persistence and gratitude towards the school's staff. This initiative reflects the SRC's accountability and commitment to improving communal spaces.

On 17 September, six SRC students visited Middle Swan Primary School for the Passport to Success Program, acting as ambassadors to ease primary students' transition to high school. This experience strengthened their leadership and relationship-building skills.

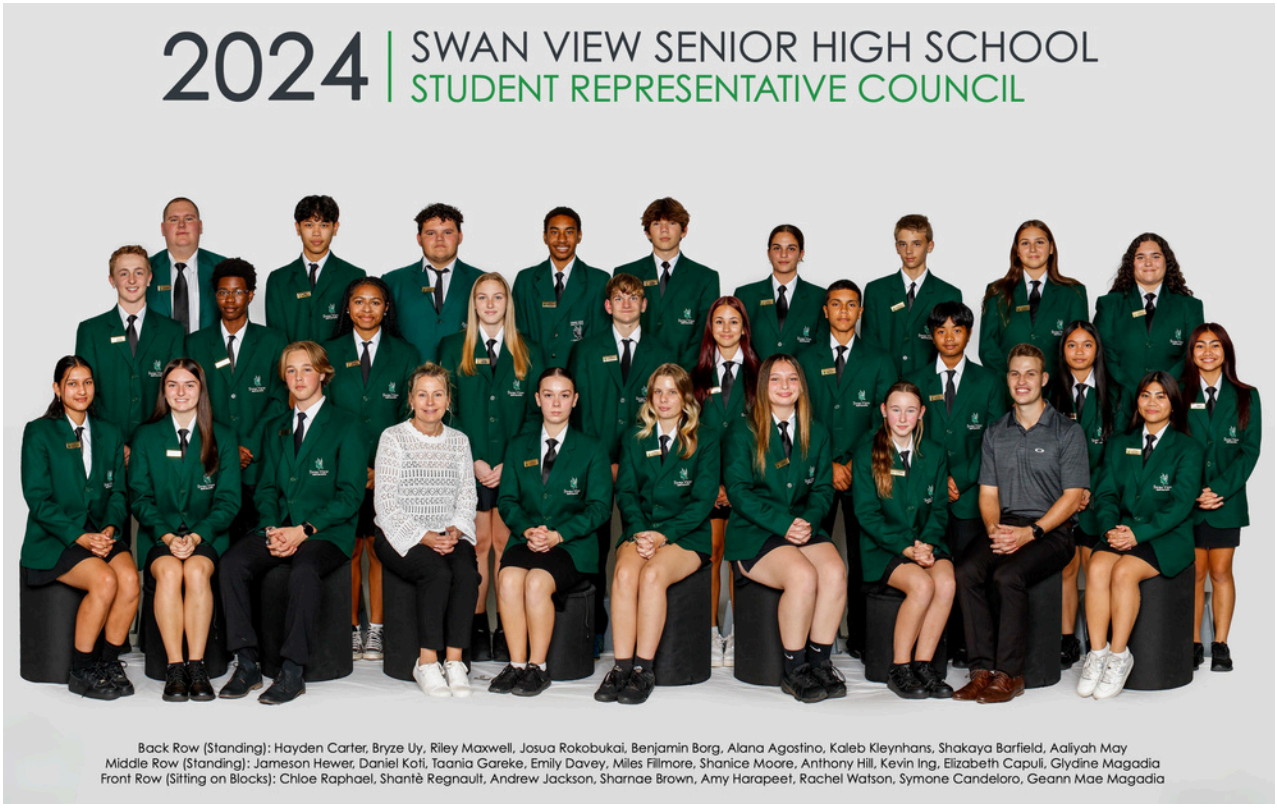

We also celebrated the SRC Elections for the 2024-2025 term. Congratulations to our new representatives across Years 7–11, who embody our school values and will lead with diligence, accountability, and respect. We eagerly await their contributions in the year ahead.

In Term 4, we will bid farewell to our Year 12 SRC members, whose extraordinary leadership has left a lasting legacy. Their professionalism at events like the Graduation Ceremony and Farewell Assembly has been truly inspiring.

To cap off the Year, 20 SRC members attended the Leadership Camp at Point Walter Recreation Camp. Over three days, students engaged in team-building, problem-solving, and strategic planning for the 2025 SRC Business Plan. Activities like raft building, pool games, and ultimate sports fostered teamwork, respect, and creativity.

As we reflect on the year, it's clear that the SRC's extraordinary efforts continue to enrich our school community. We thank them for their unwavering commitment and look forward to the remarkable achievements still to come.

Mrs Sally Bradley and Mr Caelan Toki
SRC Coordinators

Swan View Basketball Program

The Swan View Basketball Program has continued to develop in 2024. All our Basketball Program students in Years 7 and 8, have had two timetabled periods of Basketball, each week, for the duration of the school year.

Our Year 9 and 10 students have had four periods of Basketball each week. This has allowed for additional development and opportunities to learn more about officiating and coaching.

Our Year 10 students were able to obtain a coaching qualification through Basketball Australia as part of the course this year.

Basketball Program students competed in Tournaments for Years 7, 8, 9 and 10 Lightning Carnivals. Our teams performed extremely well, and this was an excellent opportunity for our players to test their skills against other schools. We also had entered junior (Year 7-9) boys and girls teams in the School Sport WA tournament, held at Ray Owen Sports Centre. Our teams performed very well – our girls team came second overall, making it all the way to the Grand Final.

In addition to our in-school program, we had a Senior Boys team that trained and represented Swan View during 2024. This team played in the School Sport WA Basketball Tournament which is open to all schools in Western Australia and performed very well.

Throughout the year, we have visited our local primary schools to promote the program and encouraged our future students to try out for a place in the Swan View Basketball Program. We are looking forward to welcoming our new Year 7s in 2025.

Mr Steve Bezant

Swan View Soccer Program

The Swan View Soccer Academy had an action-packed year. In Terms 1 and 4, students in the Year 9 and 10 Soccer Academy classes had the honour of representing our school at the School Sports WA Futsal Competitions, hosted at Kingsway Indoor Stadium. Several of our students were nominated for the 'Most Valuable Player' and 'Golden Glove' awards, highlighting their exceptional talent and dedication.

In Term 2, four teams were entered and competed in the School Sports WA Pennants League competitions. The teams consisted of students across all year levels and for the first time ever, Swan View had a Senior Boys and Intermediate Boys team, as well as a Senior Girls and Junior Girls team. Our teams showed immense growth and determination, taking massive strides forward with each game and showing extraordinary improvement. The results for each of the fixtures are highlighted below.

As a reward for consistent attendance in the lead up to the competition, students who attended the first five training sessions were eligible to receive an UP & GO. After each game, two students were recognised for their efforts and were chosen for the 'Best on Ground' and 'UP & GOer award'. Students who displayed resilience, determination and improvement were rewarded with either a free Grill'd burger or an UP&GO for their outstanding efforts.

During Term 2, we also welcomed three star players from the Perth Glory Ninja A-League squad. Our Junior and Senior girls met Georgia Cassidy, Grace Johnston and Tamika Lala, who were willing to take photos with our students, provide autographs and share valuable advice.

Well done to all students listed below for their fantastic commitment and effort throughout the year. We have seen 46 girls and 65 boys involved in at least one training session or game. There has been a huge amount of interest and massive improvements made across the entire year. I would like to acknowledge the effort of two individuals in particular, Derek Clinch and Caitlin Henry, who in the first season playing at Swan United Soccer Club achieved the Best and Fairest and Players Player Award respectively. Congratulations on a fantastic achievement! We look forward to more success in the future and I wish you all a safe and well-rested holiday.

Finally, I would like to personally share my appreciation to the many staff members who have been involved this year, as none of it would have been possible without their support. Special thanks to Mr Tom Evans, Mr Kyle Morgan, Mr Yorke Ponnan, Mr Timothy Wallis and Mrs Anne Desouza for going above and beyond.

As a reward for consistent attendance in the lead up to the competition, students who attended the first five training sessions were eligible to receive an UP & GO. After each game, two students were chosen for the 'Best on Ground' and 'UP & GOer Award'. Students who displayed resilience, determination and improvement were rewarded with an UP & GO for their outstanding efforts.

In Term 4, the Swan View Soccer Program had a fresh makeover, with the new soccer kits arriving thanks to the generous donation of Sanitarium. The Year 7s were excited and privileged to unveil the new jerseys at the recent lightning carnival.

Well done to the students listed below for their great commitment and effort throughout Term 4. Across the year, we have seen 32 girls from Years 8 to 10 and 43 boys from Years 7 to 11 attend at least one training session. There has been a huge amount of interest and massive improvements across the entire year. I wish you all a safe and well-rested holiday and look forward to more success in 2024.

Lastly, I would like to personally share my appreciation to the many staff members who have supported the program this year at various points in time. I expect the program will continue to grow and none of it would have been possible without their support. Special thanks to Mr Tom Evans for his hard work and consistent commitment all year.

Mr Michael Zampogna
Soccer Program Coordinator

The Clontarf Foundation exists to improve the education, discipline, life skills, self-esteem and employment prospects of young Aboriginal and Torres Strait Islander men and by doing so equips them to participate more meaningfully in society.

This year has been full of fun activities focused on our Clontarf Pillars – Education, Leadership, Employment, Sport, Well-Being and Partners. Some of the Swan View Clontarf Academy Achievements for 2024 include:

- 82% average attendance for the year in our program
- 85% of Clontarf Students received health checks in 2024
- Clontarf students participated in 12 camps in 2024 including trips to Albany, Geraldton, Rottnest and an interstate trip to Sydney.
- Two weekly morning training sessions including dodgeball, basketball, football and swimming sessions. Our morning training sessions have anywhere from 15-25 boys attend.
- Two weekly after school sessions. These sessions range from being on site to off site, educational, sport focused or individual development sessions.
- Daily pick up and drop offs with about 25 students accessing our transport every day.
- Thirty four Good Bunch Lunches which reward students for great attendance every Friday.
- A successful awards night with great attendance from students, their families, school staff and Clontarf partners.
- Ten students graduating from the program.

Scholarship News
The 2024 ABCN Accelerate Scholar, Patrick Alley, was presented with a brand-new laptop, a generous contribution from ABCN partner MinterEllison, to support his studies.

AERRS Racism Research
Selected students from Clontarf and STARS participated in groundbreaking research on the experiences of racism among Aboriginal youth. This study, led by Noongar woman Dr. Bep Uink at the Kulbardi Aboriginal Centre at Murdoch University, aims to identify the type and frequency of 'daily racism' and explore safe strategies for addressing it with Aboriginal and Torres Strait Islander young people.

Murdoch University Workshops
Follow the Dream students engaged in the highly popular Kulbardi Dreaming workshops at Murdoch University. The second and third workshops in this three-part series were delivered in Term 2, helping students map out their paths toward their dream careers.

ABCN Scholarship Sydney Leadership Summit
All first-year scholars in the ABCN Accelerate Scholarship program attended the Leadership Summit in Sydney. Year 11 student Patrick Alley, one of only five first-year scholars in Western Australia and 32 across Australia, had the privilege of taking part in this incredible experience in May.

A key component of this scholarship is the dedicated mentor support provided throughout the three-year program. Patrick thoroughly enjoyed the summit and spent valuable time with his mentor during all sessions.

Mathematics In-School Tutoring
In 2024, all Aboriginal students at Swan View Senior High School have the opportunity to access tutoring three nights a week during the Term—Tuesday, Wednesday, and Thursday.

Timetabled in-school tutoring sessions in Mathematics continued throughout Term 2, 2024, leading to impressive academic improvements. The students' strong achievements, reflected in their semester reports, will also support future scholarship applications.

ABCN Accelerate Scholarship Winners
In November, we proudly announced our two ABCN Accelerate Scholarship winners for 2025—out of only three in Western Australia and 30 across Australia. Congratulations to Anna-Leigh Smith and Anthony Hill (who was also named Deputy Head Boy for 2025). This is an outstanding accomplishment and an incredible opportunity, providing three years of mentorship and support.

Bankwest Laptop Winners
Savannah Hansen and Ethan McLennan successfully applied for and won Polly Farmer Foundation Bankwest laptops to assist with their senior school studies. Congratulations to both students.

Follow the Dream Awards
We held a wonderful celebration to recognise students' dedication and hard work throughout the year. Many students received awards for attendance and achievement, along with gift vouchers in recognition of their efforts. Well done to all—we look forward to an even more successful 2025.

End-of-Year Reward Camp
Students who consistently attended after-school homework sessions were rewarded with an unforgettable end-of-year camp, which was well attended by students from various year levels. The camp was packed with exciting activities to celebrate a year of dedication and success.

Koomal Dreaming – Students participated in a special cultural workshop led by Josh Whiteland on Wardandi land at Ngilgi Cave. They gained valuable insights into local cultural knowledge and history.

Yelverton Brook Wildlife Sanctuary - The night tour was particularly fascinating, allowing students to observe nocturnal wildlife up close.

Busselton Jetty – A train ride along the iconic Busselton Jetty, followed by a tour of the underwater observatory, provided a fantastic and memorable experience. A perfect way to wrap up the year.

As 2024 draws to a close, we take a moment to reflect on an incredible year for our Stars Foundation students, filled with opportunities for growth, connection, and celebration.

This year saw our students engage in numerous leadership and sports programs. Selected Senior Stars students participated in an AFL Coaching Course with Fremantle Dockers, gaining insight into coaching, umpiring, and administration. This experience was followed by umpiring at the AFL 9s Footy Carnival at Swan View Senior High School.

Our younger students also had a chance to develop their skills through the WA Cricket Leadership Program, where they trained with Cody from WA Cricket, refining their bat and ball techniques while building teamwork and camaraderie. Additionally, the AFL Stars Carnival provided an opportunity for our Year 7-9 students to build relationships and participate in a fun, active competition.

Our older students took part in the AFL Senior Carnival at Bob Blackburn Reserve, displaying exceptional sportsmanship and teamwork. The Fremantle AFLW visit brought inspiration, with players Gabby Newton and Gabby Webster leading a training session for our female athletes.

Strengthening cultural connections and personal growth cultural engagement was a major highlight, with our Stars girls participating in Reconciliation Week by creating Aboriginal-inspired artwork and cultural photographs. NAIDOC Week saw our students take part in impactful activities, including a blanket activity that deepened their understanding of the Stolen Generations, culminating in a vibrant NAIDOC Assembly featuring kangaroo stew and damper.

Our Kalgoorlie Netball Carnival Camp combined sport, culture, and exploration, with our girls winning three out of six games and experiencing a Tjupan Honey Ant Bush Outing. The Busselton Basketball Camp provided another opportunity for connection and skill development, as students engaged in cultural activities and team-building experiences.

Career and Educational Opportunities This year was also marked by exceptional career-focused experiences. Year 9 and 10 students attended the ABCN First Nation Goals workshops at Chevron, where they explored goal setting and resilience. A separate visit to Chevron provided insights into the energy sector and potential career paths.

Senior students gained valuable knowledge about reproductive science through a visit to Genea IVF, while a tour of DP World at the wharf gave students a behind-the-scenes look at logistics and operations. Woolworths also supported our program by donating Easter eggs and hosting discussions on job opportunities.

Celebrating Success and Attendance Rewarding commitment and consistency was an important part of the year. Students who achieved 85% attendance and above in Term 2 enjoyed a day at Bounce in Joondalup, while high-attendance students in Term 3 were treated to a fun-filled day at Zone Bowling. To finish the year, our highest attenders were celebrated with a trip to Adventure World.

End-of-Year Celebrations and Recognition- The Year 12 Induction Camp prepared our senior students for their final year, covering culture, work readiness, and leadership. This culminated in a special Year 12 dinner at Epicurean at Crown Towers, a well-deserved celebration of their achievements. The Stars Awards Morning recognised all students' efforts, with special commendations for our four Year 12 graduates, three of whom earned their WACE, and one who completed a Certificate II in Sport and Recreation and another a Certificate II in Workplace Skills.

Thank you to all our students, mentors, and supporters for making this year one to remember.

Swan View Emergency Services Cadets Corps

End-of-Year Camp in Busselton
On 4 December 2024, the Swan View Emergency Service Cadet Corp (SVESCC) held their highly anticipated end-of-year camp in the picturesque town of Busselton. This event marked a significant milestone for the cadets, who have spent the year honing their skills in various emergency service disciplines.

The camp was a culmination of a year filled with rigorous training and community service. The cadets Amelia Headley, Maddy McGilvray, and Lillian Lossie participated in activities designed to enhance their fire safety, search and rescue techniques, leadership, and first aid skills. The camp provided an opportunity for the cadets to put their training into practice in a real-world setting, fostering teamwork and camaraderie among the participants.

Camping at Busselton Baptist Camping Centre
The cadets set up camp at the Busselton Baptist Camping Centre, a facility known for its excellent amenities and beautiful natural surroundings. Here, they engaged in team-building exercises and enjoyed the camaraderie of camp life. The mornings were filled with walks on the beach, where cadets experienced the white sands, calm waters, and diverse marine life.

Exploring Mammoth Cave
One of the highlights of the camp was a visit to Mammoth Cave, a stunning natural wonder located in the Margaret River region. The cadets were awed by the cave's impressive formations and learned about its geological significance. The guided tour provided an educational experience, enriching the cadets' understanding of the natural world.

Fun at Yallingup Maze
One of the cadets' favourite moments was their visit to Yallingup Maze. Here, they enjoyed playing mini golf, solving puzzles, and navigating the challenging maze. These activities provided a perfect blend of fun and mental stimulation, allowing the cadets to relax and enjoy themselves while also engaging their problem-solving skills.

Adventures at Forest Adventures
The cadets also spent an exhilarating day at Forest Adventures, an adventure park offering a range of thrilling activities. They tackled high ropes courses, zip lines, and other challenging obstacles, testing their physical abilities and pushing their limits. This adventure not only provided a fun break from their training but also reinforced the importance of resilience and teamwork.

Busselton Jetty Underwater Observatory Tour
Another memorable experience was the Busselton Jetty underwater observatory tour. The cadets descended eight meters below the ocean's surface to observe the vibrant marine life in its natural habitat. This unique tour offered a fascinating glimpse into the underwater world, sparking curiosity and appreciation for marine conservation.

As the camp concluded, the cadets returned home with a sense of accomplishment and a renewed enthusiasm for their roles in the emergency services. The experiences and friendships forged during the camp will undoubtedly inspire them to continue their journey in serving and protecting their communities.

The Swan View Emergency Service Cadet Corp's end-of-year camp in Busselton was a resounding success, highlighting the importance of youth engagement in emergency services and the positive impact such programs have on young individuals.

Proud to support THE DUKE OF EDINBURGH'S INTERNATIONAL AWARD AUSTRALIA - WA

This year at Swan View Senior High School, we offered The Duke of Edinburgh's International Award to two students in Year 10. The Duke of Edinburgh Award is a leading youth development program, empowering all young Australians aged 14 to 24 to explore their full potential and find their purpose, passion and place in the world, regardless of their location or circumstance. The Award is a fully inclusive program and has no social, political, or religious affiliations.

The Award is divided into three levels with each progressively more challenging and students must complete a varying number of hours across each section. Within each section students can choose from their interest and hobbies whilst also attending a camp in which they plan.

Levels:
- Bronze
- Silver
- Gold

Four Sections:
- Physical Recreation
- Skills
- Voluntary Service
- Adventurous Journey (Camp)
- Gold Residential Project (Gold Level only).

At the beginning of this year Lucas Bergin was presented with his Bronze Award and four new students signed up to the program, Mia Tims-Blacklock, Rhenae Beagley, Ben Borg and Blake Cary.

In Term 2, the new Duke of Edinburgh students attended their Adventurous Journey Camp. Students had to plan and prepare for camp to be signed off for the unit. Students planned a Bushwalking camp in Dwellingup. We hiked 10km to Marrinup Falls, enjoying the scenery along the way. We spent the rest of the afternoon setting up camp, completing team building exercises and playing games before calling it a night.

In 2025, the above students will continue work across their chosen areas in Physical Recreation, Skills and Voluntary service to achieve their Bronze Award.

Elevate Program

The Swans Elevate leadership and mentoring program has been running at Swan View Senior High School since 2019. The program has evolved each year to ensure alignment with Swan View Senior High School student needs. In 2024, students delved further into Social Emotional learning including how to regulate their emotions and resolve conflict, also covering topics such as personal exploration and understanding. The students continue to strengthen their bond with the Swans Elevate mentors building a comfortable and safe environment when exploring social and emotional learning.

In 2024, 46 Swans Elevate students engaged in a range of activities to improve social emotional wellbeing, physical health, interpersonal skills, mental health, and connection. The activities chosen included:

- Goal Setting
- Teamwork
- Healthy eating
- Emotional Literacy
- Aspirations
- Zones of Regulation
- Overcoming challenges
- How to fail
- Communication

Hero to Zero Program
In response to the Social Emotional Wellbeing survey results Swans Elevate engaged an external program Zero2Hero in Term 4 to work with students. The Chevron Humankind initiative aims to foster compassion and understanding for common struggles. Through interactive workshops and activities, Swans Elevate students explored a range of topics to develop their capacity to self sooth and boost their overall well-being. Program highlights include teaching emotional regulation, enhancing self-talk and self-care, and recognising struggles in others.

Transition Program

Our Transition Program has been a basis in ensuring smooth transitions for primary school students into the exciting world of high school. This year, we showcased our school's offerings, promoted excellence, and fostered a strong connection with our local primary schools through a series of vibrant and engaging activities.

Our team visited local primary schools to promote our unique programs and invite students to explore their talents. Auditions for our renowned FAME (Future Artists Mastering Expression) program were facilitated, uncovering budding performers, while ACE (Achieving Curriculum Excellence) students were selected, with offers sent out shortly after.

We opened our doors to Year 3 students, who visited our school for a Robotics Experience with the innovative guidance of Mr John Vidler. These sessions were not only educational but also inspiring, sparking curiosity and creativity.

In Term 3, Year 6 students from eight local primary schools participated in Transition Days, getting a firsthand taste of high school life. These days were filled with exploration and fun, building excitement for what lies ahead.

Our Science teacher, Mrs Laura Raven, visited local primary schools, creating a fun and interactive science experience for Kindy students, sparking an early love for learning.

To highlight our exceptional FAME program, our talented drama students brought literature to life during Book Week, performing shortlisted picture books at local primary schools. Similarly, our Music students embarked on a Music Tour, delighting audiences and showcasing the joy of music.

Term 3 also saw the announcement of our Year 6 Scholarship winners, celebrating academic excellence and talent.

The program concluded in Term 4 with Orientation Day, where approximately 120 Year 6 students officially joined our school community. After a warm Assembly that recognised our future ACE students, they enjoyed a day filled with engaging activities across various subjects, setting the stage for an extraordinary high school journey.

Our Transition Program reflects our commitment to being Diligent, Accountable, Respectful, and Extraordinary in everything we do. By fostering connections and nurturing young talent, we ensure every student is prepared to thrive in their next chapter.

Events

Athletics Carnival

On Wednesday 9 October 2024, we held our annual whole school Athletics Carnival, on our school oval. The day was a huge success and all students who attended should be congratulated on their participation and the positive way they represented their Houses. Throughout the day, students were able to compete in a variety of events, including 100, 200 and 400m sprints, Long Jump, Shot Put and Discus. In addition to these more traditional events, there was the vortex throw, Tug-o-war and a number of team games. Every student who competed in an event was awarded points for their House and the competition was close all day. In the end there can only be one winner and for 2024 – the winning House was Weld. Below is a list of Medal Winners for the day as well as the overall House scores.

A huge thank you to the Health and Physical Education staff for their efforts in planning and running the Carnival. Also, the student House Captains who came early and stayed back late to pack up, plus the entire staff team – the day was a huge success, as a result of everyone contributing and helping out.

Beach Carnival

On Friday 8 March 2024, we moved the school to the Beach – setting up our annual Beach Carnival at Mullaloo Beach. The day was a huge success and all students who attended should be congratulated on their participation and also the positive way they represented our school. Throughout the day students were able to compete in a variety of events, including Beach Sprint, Surf Swim, Board Paddle and Ironman/woman. In addition to these more traditional events, there was beach volleyball, tug-o-war, and the super 8s. Every student who competed in an event was awarded points for their House and the competition was close all day. In the end there can only be one winner and for 2024 – the winning House was Gladstone.

A huge thank you to the Health and Physical Education Staff for their efforts in planning and running the carnival. Also, the student House leaders who came early and stayed back late to pack up, plus the entire staff team – the day was a huge success, as a result of everyone contributing and helping out.

Colour Run

On the last day of Term 3, our school was a rainbow of vibrant colours when students and staff joined together for the Colour Run. Everyone was dressed in white and ready to be splashed with bright bursts of colour.

The course had several checkpoints, with volunteers at each one armed with coloured powder and water pistols - ready to make sure that everybody looked like walking rainbows when leaving the track.

Thanks to all who joined in and made the Colour Run such an enjoyable and memorable day end to the Term.

Interschool Carnivals

SWIMMING

On Wednesday 27 March a group of 17 Swan View Senior High School students competed at the School Sports Western Australia (SSWA) Interschool Swimming Carnival led by our Swimming Captains, Charlotte Abbott and Joel Fillmore.

Swan View Senior High School competed in the Black and Gold carnival for a second year in a row versing other like schools. Students competed across several individual events and relays. Swan View finished in 4th place with a total of 364 points. Miles Filmore (Year 8) and Courtney Sims (Year 7) both won overall Individual Champions and Caitlin Henry (Year 9) won Runner Up Champion.

Carnival Champions	
Year 7 Girls Champion	Courtney Sims
Year 8 Boys Champion	Joel Fillmore
Year 9 Runner Up Champion	Caitlin Henry

ATHLETICS

In Term 4 on 11 October 2024, Swan View competed in the SSWA Track and Field Carnival. This year the school moved into Division 7, allowing students from Years 7 – 12 to participate, resulting in our biggest team yet.

Sebastian Tolosa and Shante Regnault were awarded 2024 School Athletics Captains. Every student who attended represented the school proudly and displayed great sportsmanship. Swan View had 16 students who placed either 1st, 2nd, or 3rd in their nominated event and the school finished 7th overall.

PHOTO: Ethan McLennan at Interschool Athletics Carnival.

PHOTO: Robert Toto at Interschool Athletics Carnival.

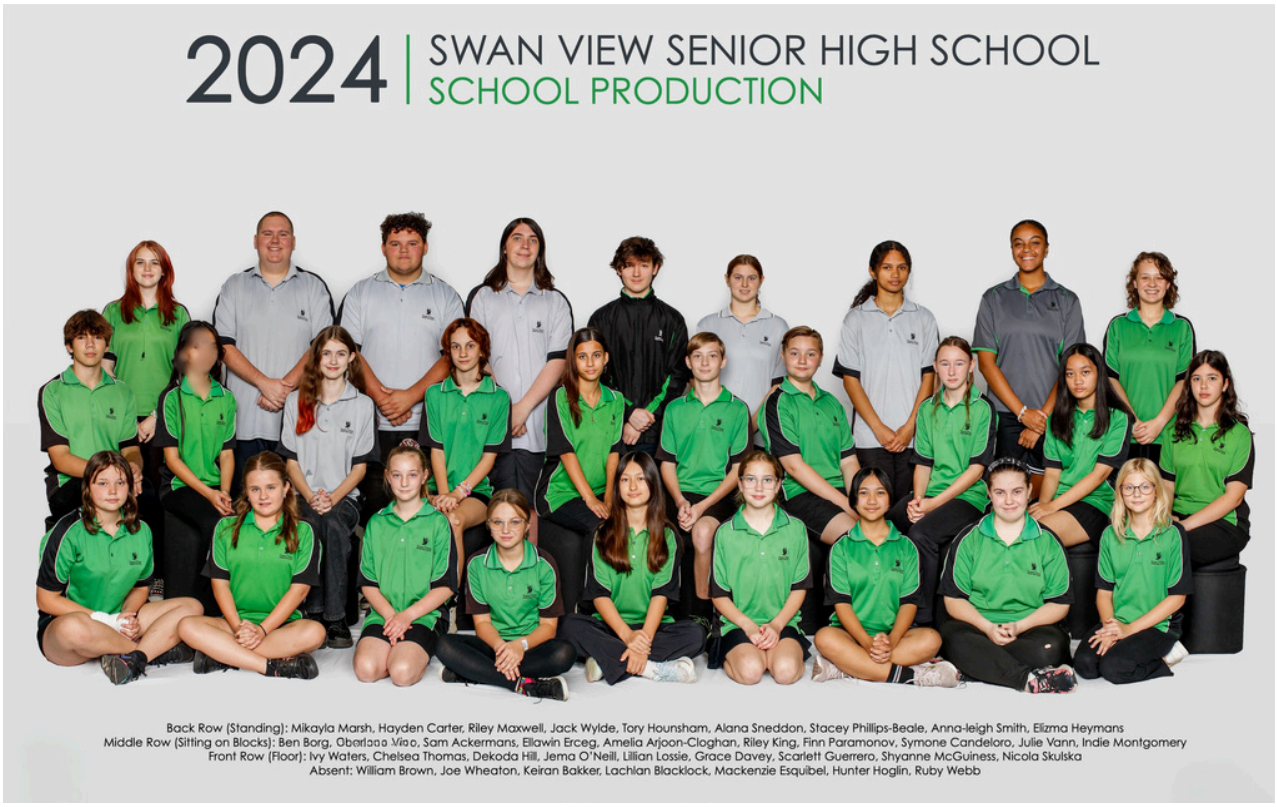

School Production

2024 saw the Drama students present “Night of the Living Dead” written by Lori Allen Ohm, based on the 1968 movie directed by George A. Romero. Directed by two Year 12 students, Hayden Carter and Riley Maxwell, the cast was made up of students from Years 7 – 12.

We had a huge amount of fun exploring the use of makeup to create our army of zombie characters and watching the Performing Arts Theatre transform into a graveyard.

Ms Kate Rogers
Head of Learning Area - The Arts

Curriculum

The Arts

Another busy year for the Arts team – filled with exhibitions, performances, excursions, visiting artists and other public events. This year we started a new tradition of celebrating our students in the school Open Day and Fringe, held in week 8, Term 2. As usual, the students were well supported by family, staff and students. We featured works and contributions from students in Years 7 to 12.

In Term 4, we were proud to present our annual Arts Open Day and Awards Night. As usual we had wonderful support from parents and family member, and many staff brought their classes to participate in our performances and exhibitions.

Please see the following pages for a more detailed look at the adventures and events in the Arts in 2024.

Drama

What a year 2024 has been.

YEAR 7
The newest students in the FAME family started their year studying ritual theatre, working together to create a whole class production. In Term 1, the Year 7 class travelled to the Ellie Eaton Theatre to see "Wilfred Gordon McDonald Partridge" presented by the Spare Parts Puppet Theatre. We went on to study radio drama, create props and costumes out of found materials and concluded our year with our first public performance – our circus show, having studied circus skills with trainers from Yip Yip Circus.

YEAR 8
We continued our FAME journey, commencing our year with a study of pantomime and learning how to create and edit sound for our productions. In Term 2, we studied stage combat with the amazing Nastassja from Stage Combat Perth. During Term 1 and 2, some of our Year 8s also continues their participation in the WAYTCo (WA Youth Theatre) hub workshops. Term 4 saw us present short plays based on Grimm's fairy tales, presented at the Arts Open Day. In Term 4, our FAME class excursion was to see "Hometown" – this was a lovely way to conclude our year of FAME.

YEAR 9
This class showed off their artistic side in Term 1, working on Post-Dramatic Theatre and in Term 3 preparing plays for our annual Book Week tour. In Term 4, we decided to take the plunge and work on two class productions – "Help Desk" and "Anti-Social. These were performed as part of Arts week in Term 4. Our Fame class excursion took us to the State Theatre Centre to see the "Barracking for the Umpire".

UPPER SCHOOL
As has become tradition at Swan View, the Year 10 FAME class joined the Year 11 and 12 classes which allowed them to work with the older students and learn from them. They were excited to continue their studies of stage combat, again learning from Nastassja. The senior students also staged some amazing class performances this year. To open Term 1, the Year 11 ATAR and all the 12s presented their monologues to friends and family. Following this, the Year 12s tackled the play "Mnemonic" by Theatre Complicite for their class production. The Year 12s finished their year strongly with their Solo performance night. The Year 11 and 10 class proudly presented their production of Matt Cameron's "Ruby Moon" at the start of Term 4. We attended several performances through the year including "RGB – Of Many, One" and "The Children" both at the State Theatre Centre, "The Woman in Black" at His Majesty's Theatre and "Death of a Salesman" at Crown Theatre.

CERTIFICATE II IN CREATIVE INDUSTRIES
Provided the support for all our public events in Drama this year. They worked hard to develop their public service skills, and also lead the staging of the Drama events for the Swan View Fringe event in Term 2. Not just skilled behind the scenes, the class also developed a group performance "New Generations" which was staged in Term 3.

Ms Kate Rogers
Head of Learning Area - The Arts

Music

2024 has been an exciting and dynamic year for the Music Department at Swan View Senior High School, with students participating in a wide range of performances and events. Among the annual highlights were the Swan View Senior High School Open Day, the Classical Guitar Festival, the Primary School Music Tour, and the Year 12 Graduation Ceremony.

The Classical Guitar Ensemble participated in the annual Western Australian Classical Guitar Festival at Carine Senior High School, further developing their skills and showcasing their talent in the classical music scene.

Upper School music students had the opportunity to explore music industry careers and courses during a visit to North Metro TAFE. While there, they recorded their own version of “Ghostbusters,” incorporating eight minutes of improvisation from all band members—a truly collaborative effort.

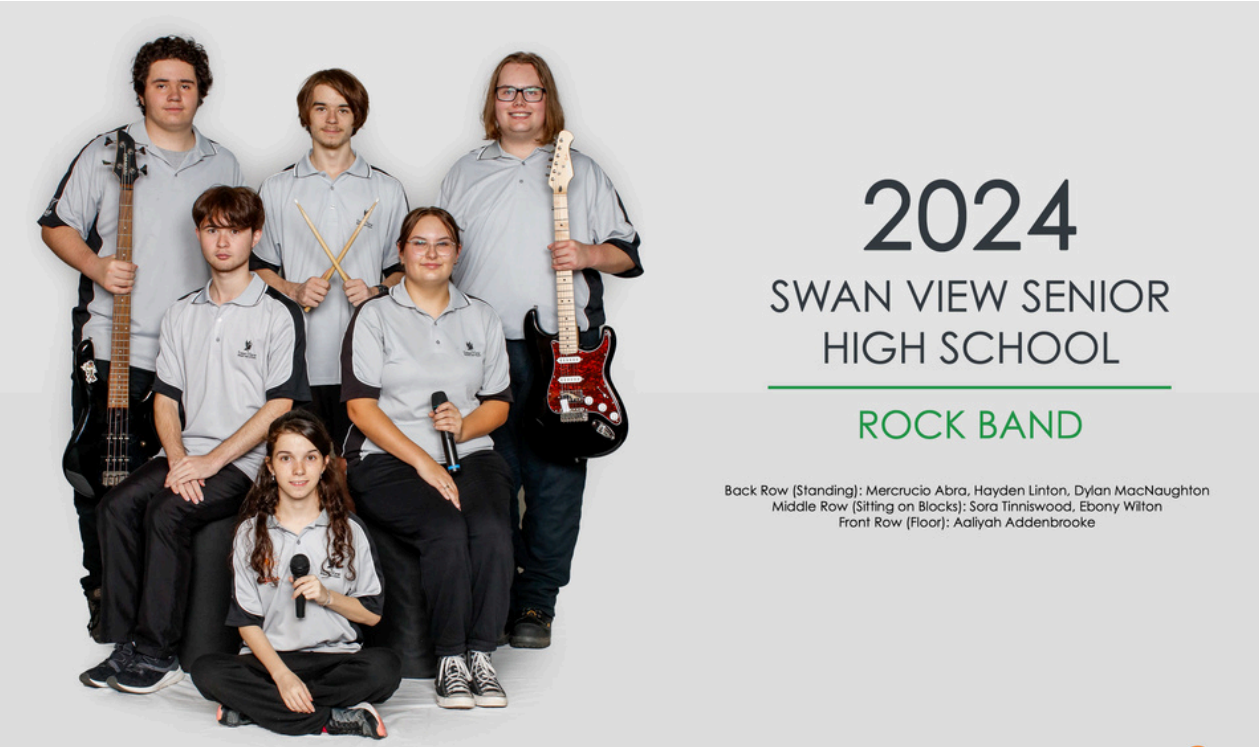

The Primary School Music Tour was another significant event, where students performed at five local primary schools over two days. The performances were met with enthusiasm, and a particular highlight was the rock band’s rendition of “Ghostbusters,” which captivated the audience.

A standout event this year was The Voice Swan View, which returned in Term 3. After several competitive rounds, Sharon Elvasharon emerged as the winner of the singing competition, showcasing her incredible talent.

In Term 4, music and other selected Arts students had the chance to visit the University of Western Australia. During the visit, students toured the campus, explored fine arts programs, and engaged in creative activities, including producing their own digital music backing tracks, designing sculptures for a moving video, and viewing an exhibition of works by Masters students.

The year concluded with an energetic and inspiring visit from Kaboom, a local percussion group from Perth. Students were treated to performances on homemade instruments crafted from recycled materials before taking part in a hands-on bucket drumming workshop, where they practiced and performed their own rhythms.

English

The English Learning Area had an extraordinary and vibrant year in 2024, full of creativity, academic achievement and memorable moments.

In Lower School, students explored a wide range of genres and texts.

- Year 7s created dioramas to show their understanding of setting development in novels, and later wrote their own news reports before finishing the year with a study of Ancient Greek and Roman mythology.
- Year 8s crafted picture books using multimodal elements, then examined short story conventions.
- Year 9s began their novel studies and also explored poetry, from modern song lyrics to the timeless works of Shakespeare.
- Year 10s studied Into the Spiderverse to analyse film techniques and how they compare to print texts, with a focus on character development and meta storytelling.

Upper School students were equally busy.

- Term 1 and 2 included OLNA testing, ACE assessments, and ATAR and EST exams.
- In Term 3, Year 12s took on a new challenge by producing their own podcasts, developing their storytelling, communication and media skills.

A highlight of the Term was a visit from renowned author AJ Betts, who inspired students in both Lower and Upper School with stories about her writing journey, her books, and her insights into creative expression.

Term 4 saw us farewell the Class of 2024. Our General and Foundation students wrote heartfelt graduation speeches as their final assessment task. Congratulations to this year's award winners:

- Kyle Hill-MacNally (ATAR)
- Chloe Jones and Olivia Landers (General)
- Jessika-Jane Newman (Foundation)

Finally, we said goodbye to Ms Schofield and Ms Melis. They have been valued members of the English Learning Area, and we thank them for their contributions and wish them all the best in their future journeys.

Ms Shaina Farrell
Head of Learning Area - English

Health and Physical Education

What a year it's been. There is always so much going on down in the Health and Physical Education Learning Area. It has been an exciting year full of highlights. Throughout the year, there were many events and activities that took place in the Health and Physical Education Learning Area – these include:

- Athletics Carnival
- Badminton Club
- Basketball Program
- Beach Carnival
- Duke of Edinburgh Award
- Interschool Athletics and Swimming Carnivals
- Outdoor Education Expeditions and Excursions
- Rugby Club
- Run Club
- Soccer Academy
- Volleyball Club

All these things are examples of the incredible opportunities that our students can take advantage of, at Swan View Senior High School. They are also examples of our students displaying high levels of engagement, maturity, and self-management skills to be able to safely participate in this variety of activities.

In Physical Education throughout the year, our students have had the opportunity to be active and develop skills to support healthy lifestyles. Across this year they have participated in a variety of sports and being given the opportunity to develop fundamental movement skills applicable to a range of activities. Athletics and fitness testing were completed by all year groups and then a range of other sports and recreational activities.

At Swan View Senior High School, we are committed to getting our students active and involved in physical activity. This is important for developing healthy habits for life and is part of our holistic curriculum. Students who have a passion for the Health and Physical Education Learning Area have been able to get involved in a variety of additional activities, including lunch and recess games in the Gym, sport teams and clubs, plus our Lightning Carnivals. All students in Years 7-10 had the opportunity to participate in a Lightning Carnival, where we competed against other schools from our region in both Basketball and Soccer Tournaments. All students who participated in these carnivals, should be congratulated on their efforts in representing our school – we are very proud of their performances.

In Health Education, we have covered a variety of important topics that are relevant for all students. This includes Drug and Alcohol Education, Relationships and sexual health, mental health, resilience, and online safety.

It's been a great year working with our students and engaging with the Health and Physical Education curriculum. I would like to acknowledge our Health and Physical Education team for all their hard work and commitment to our students. Through their hard work and the engagement of our students we have seen some excellent results in 2024. Enjoy looking at some highlights from Health and Physical Education – thanks for a great year.

Mr Steve Bezant
Head of Learning Area - Health and Physical Education

Outdoor Education

This year in Outdoor Education students from Years 9 – 12 engaged in variety of different outdoor pursuits, such as canoeing, mountain biking, rock climbing, orienteering and snorkelling.

In Term 1, the Year 10s were learning about navigation and orienteering. In week 7, we went to Armadale Settlers Common to put their navigation skills to the test. In groups, students navigated two orienteering courses using only a map and compass to direct them. All students did extremely well on both courses finding all points on the map.

In week 8, the Year 12 Outdoor Education students set off on their first expedition for the year, hiking up Mount Cooke. Students spent the Term planning, preparing and researching key information about the expedition area. Students took turns in leading the group throughout the 10km hike, enjoying picturesque views along the way and feeling accomplished once reaching the 582m peak.

Term 2 was a busy Term in Outdoor Education. The Year 11s and 12s started period 0 lessons to prepare for their upcoming camps. The Year 12s attended canoeing lessons at Middle Swan Reserve and the Year 11s rode from school to John Forrest National Park, each week exploring different trails along the way. Each lesson was a great opportunity for students to advance their skills and bond as a group.

On Thursday 13 June 2024, the Year 9 Outdoor Recreation classes hiked the Echidna Trail at Walyunga National Park. Students enjoyed walking along the 11km loop, taking in the beautiful scenery as they went. On Tuesday 25 June 2024, the Year 10 Outdoor Education classes went Mountain Biking on the Noolbenger Trail in John Forest National Park. Students had an opportunity to practise their mountain biking skills during the Term with extended lesson times to prepare for the excursion. On the day of the excursion, Students rode from school along the Heritage trail before entering the 16km cross country trail, testing their skills through a wide variety of terrain.

In Term 3, the Year 12 canoeing unit was coming to an end with a day trip on Monday 19 August 2024 and upcoming camp from the 27 – 30 August 2024. The day trip consisted of a paddle from the bottom of Bells Rapids along the Avon River. Students worked with their partner to navigate the river one last time before setting off for camp.

The following week students began their four-day expedition along the Bibbulmun track and Murray River. Students started the expedition with a 14.5km hike from Dwelllingup to Swamp Oak. When arriving at Swamp Oak students set up their campsites, cooked dinner on the trangias and sat around the campfire. On day two, we continued our hike and walked 13km to Yarragil campground. The terrain was tough, with several steep hills, however, students persevered, and we arrived at Yarragil to break for lunch. Once arriving at Yarragil, it was apparent the river level would be too high to paddle. A decision was made to paddle a safer section of river where students and teachers would be more confident to navigate and take on the rapids. Students were able to paddle a smaller section of river and enjoyed Island Pool Rapid to finish off the day. Our final night was spent at Dwellingup caravan park, students enjoyed warm showers and lots of s'mores.

On Wednesday 21 August 2024 the Year 9 Outdoor Recreation classes went rock climbing at Summit Rock Climbing in Malaga. Students prepared for the excursion by learning about different knots and how they are applied to climbing. Students engaged in an introductory lesson, learning to belay their partners before being allowed to free climb. Students attempted a variety of climbing walls, each with a different level of difficulty. After lunch, students were introduced to bouldering. Students learnt how to boulder and land safely, it was a great challenge to finish off the day with many students reaching the top of the wall unassisted.

At the end of Term 3, the Year 11 Outdoor Education students attended a three day, two night mountain biking camp in Dwellingup. On day one, students cycled along the Munda Biddi Trail to Nanga Mill campsite. It was an enjoyable ride through the bush, navigating different terrain, single tracks and riding along the river as we rode into camp. On day two, we stopped off in Dwellingup town, students enjoyed circling the pump track before arriving at the Murray River Trail Head. We selected to ride a green trail that involved a rocky cross-country climb that connected to a descending trail with steep, fast flowing sections and big berms. After completing the trail, students were filled with adrenaline as we rode to our next campsite, Marrinup. When we arrived at camp, we debriefed the day and enjoyed dinner by the fire, in the morning we packed up our campsite and returned to school.

In Term 4, the Year 9 Outdoor Recreation classes began preparing for their snorkelling excursion. Students went to Bilgoman pool prior to the excursion to practise their swimming and snorkelling skills and completed a research assignment about Omeo Shipwreck, located at Coogee Beach. On 29 November 2024, students arrived at Coogee Beach and were able to apply their knowledge and skills to snorkel around the shipwreck. Students observed marine life and enjoyed exploring the wreck. The second half of the day consisted of, snorkelling the reef at Mettams Pool, with the sea breeze coming in it was a difficult swim, however, this did not deter the Year 9s. Students ventured out beyond the break to explore the reef and go for a swim.

From the 3-4 December 2024, the Year 10 Outdoor Education classes attended their end of year camp at Lake Leschenaultia. Students went canoeing on the lake and engaged in many fun activities such as canoeing, raft building, team games and a quiz. Whilst paddling, students played games such as canoe tag and canoe polo. The raft building consisted of teams of four building a raft from four barrels, two planks of wood and two pieces of rope, students came together as a team to plan and build their rafts before getting a chance to race them. Overall, the camp was an enjoyable experience for the students.

Ms Constance McIntosh and Mr Timothy Wallis
Teachers

Humanities and Social Sciences

2024 was a fantastic year in Humanities and Social Sciences, with students continuing to go from strength to strength as they explored a diverse range of topics across Geography, History, Civics, and Economics.

Year 7 began their high school journey fresh-faced, before diving deep into the fascinating world of Ancient Civilisations. They explored the inner workings of our political system with an excursion to Parliament House and took a moment to develop empathy and sustainability awareness while studying liveability and water resources—both in Australia and around the world.

Year 8 students are surely still reeling from their deep dive into the dark and dirty medieval era, learning about life in Europe during the Middle Ages and the devastating impact of the Great Plague. They also explored the key fundamentals of freedom in Australia and inquired into geomorphic hazards, gaining an understanding of how we can prepare for natural disasters.

Year 9 tackled major historical milestones, including Industrial Revolution innovations and World War I, while in Geography, they examined biomes, food security, and human impact on the environment. A highlight for many was the visit to WA Museum Boola Bardip, where they gained valuable insights into Western Australia's cultural heritage, Indigenous perspectives, and historical artifacts, bringing their studies to life.

Year 10 delved into the rise and fall of Adolf Hitler, gaining a deeper understanding of how humanity has fought for equality worldwide and in Australia, particularly regarding the rights and freedoms of Aboriginal and Torres Strait Islander peoples. Their studies then shifted to environmental change, where they compared the wellbeing of people across different regions of the world.

Our Upper School students continued to excel, with their hard work culminating in the completion of their high school journey. A highlight for many was the ATAR Geography field study camp to Rottnest Island, where they enjoyed beautiful winter sunshine while cycling around the island and applying their geographic skills in the field. Aboriginal and Cultural Studies students explored cultural exhibits within the Perth region, using real-world experiences to deepen their understanding.

To our Year 12s, we wish you all the best and look forward to hearing about your future endeavours.

The world is an incredible place, but it becomes even more beautiful when we truly understand it. Our Learning Area will always strive to bring meaning to the complexities of the past and present while empowering students to shape a better future—one lesson at a time.

Mr Robert Vernon
Head of Learning Area - Humanities and Social Sciences

PHOT: ATAR Geography students.

PHOTO: Bryze Uy.

Languages

As we embarked on the new year, Swan View Senior High School was excited to enhance its Japanese language program.

In Term 1, we welcomed comedian and cultural ambassador Mr. Takashi Wakasugi, who entertained Year 7 and Year 9 students with his unique blend of humour and cultural insights during a performance workshop. The highlight was his playful introduction of his favourite movie, "Titan Nick," a clever nod to "Titanic," which resonated well with the students. The session included engaging activities such as hand games, Kanji learning, and Japanese physical exercises, successfully bridging cultural understanding.

In Week 2 of Term 2, we hosted renowned Manga artist Kenny Chan, who led a workshop for 80 students from Years 7 to 12. He guided them through character creation and expression, sparking creativity as students crafted their own characters. Following this, all Japanese classes focused on expanding vocabulary alongside Hiragana and Katakana writing exercises tailored to different year levels.

As Term 4 approached, students were immersing themselves in various cultural activities to deepen their understanding of Japan, such as the Year 9 students who enjoyed a visit to Hifumiya Japanese Udon Restaurant to feast on some delicious noodles.

Week 9 of Term 3 was dedicated to revision and Japanese Calligraphy, where students practiced writing characters representing places and modes of transport, allowing for artistic expression through Kanji.

In Week 10 of Term 4, students enthusiastically participated in Sumo Wrestling, honing their techniques in the dohyo despite the warm weather. Additionally, a Zoom meeting with students from Yuhigaoka High School in Osaka provided a valuable cultural exchange opportunity, showcasing our school live.

Looking ahead to 2025, we are eager to continue fostering Japanese language and culture at Swan View Senior High School.

Mr Paul Townsend
Teacher

Mathematics

We had a busy Semester 1 this year with students settling into their new classes, NAPLAN online, OLNA Round 1 and ACE/ATAR exams. Maths Homework Club continued Wednesday afternoons for all students plus we had ATAR study classes running before and after school on Fridays. A big thank you to Mr Guo, Mr Foale and Mr Pinnock for helping me out with the Wednesday Maths Homework Club.

Term 2 also saw our first Swan View Senior High School Open Night. Ms Seegoolam, Mr Foale, Mr Jaggi and Mr Pinnock ran this event for the Maths Department. They had a "guess the amount of jellybeans in the jar" competition that was won by Sebastian Gough. Visitors were also able to make and throw paper airplanes to see how far they would travel. They also got to have a go at making 3D shapes.

Semester 2 saw us creating posters for NAIDOC week showing the Noongar words for the numbers 1 to 10 and the corresponding hand signs. Students decorated these and they are now proudly on display in all of our Maths classrooms. Thank you to Mr Foale for coming up with this activity for us to do during NAIDOC week. Mrs McCann's Year 11 Maths Foundations class also participated in the "blanket" activity. This activity gave the students a deeper understanding of the impact of colonisation on our First Nations families.

Some of the other activities during Semester 2 were Mr Papas' Year 9 Maths class analysing 3D shapes, Mrs McCann's Year 11 Maths class conducting a capacity activity, Mr Jaggi's Year 12 Maths class completing a ratio task, the school ball, Year 12 Dress up day and the school graduation.

I would like to take this opportunity to thank Ms Seegoolam, Mr Foale, Mr Jaggi, Mr Papas and Mr Pinnock for their assistance and hard work this year.

Mrs Justine McCann
Head of Learning Area - Mathematics and Science

PHOTOS: (Clockwise): Michael Mitchell, Leah O'Neil and Adam Learmonth and Seth Hughes, Jack Morgan and Jack Garner.

Science

We had an exciting year of Science in 2024 with lots of activities, excursions and events happening throughout the year.

This year we had five Year 12 science pathways: ATAR Human Biology and Psychology, General Human Biology and Psychology and ATAR Chemistry. We as a Science Learning Area are very proud of the hard work, dedication, and passion to science these students showed throughout their years at Swan View. We would like to make special mention to Year 12 Kim Smith Memorial Award winner, Emily Slade for her dedication to Science and passion for learning all things Science. She was a clear model of the passion and dedication that the late Mr Smith shared for Science.

Zoo Excursion
During Term 1 this year, the Year 12 ATAR Psychology students headed to Perth Zoo for a day of adventurous learning with Mr Bekker and Mrs Garfield. The Psychology students attended a presentation about learning theories incorporated at the zoo and then had a chance to integrate their learning by walking around and monitoring the animals' behaviours. The students were treated to an experience of being exposed to a snake whilst learning the principles of systematic desensitisation (a treatment used to help people with strong fears).

Primary School Science Visits
During Term 3 Mrs Raven, Mrs Garfield and Mrs Matthews visited Midvale Primary School, Moorditj Primary School and Swan View Primary School to complete Science Week activities with a range of different year groups. Activities included making rocket seed launchers in Year 6, making kaleidoscopes in Kindy and making friction flying butterflies in Pre-Primary. All students had a fantastic time investigating science.

Science Week
During Term 3, this year Science Week was up and running with the theme "Species survival – more than just sustainability". Each year group was given a different topic to investigate including overfishing, endangered animals and invasive pests. The students also had an opportunity to take part in a lunch time activity where they used nerf guns to remove invasive species from other species. Congratulations to all students who participated actively in Science Week 2024.

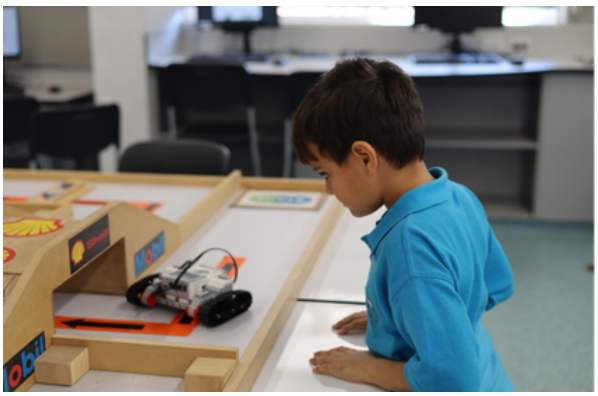

Mrs Jessica Garfield
Teacher in Charge - Science

Technologies

Robotics Visits
Technologies invited the Year 3 students in from our surrounding local Primary Schools to teach Robotics and coding using the Lego Mindstorms.

Building and Construction

This is the first year that Technologies offered the new and exciting Building and Construction general course. The two year course will now teach the students:

- Bricklaying
- Tiling
- Plumbing
- House construction

Mr John Vidler
Head of Learning Area - Technologies

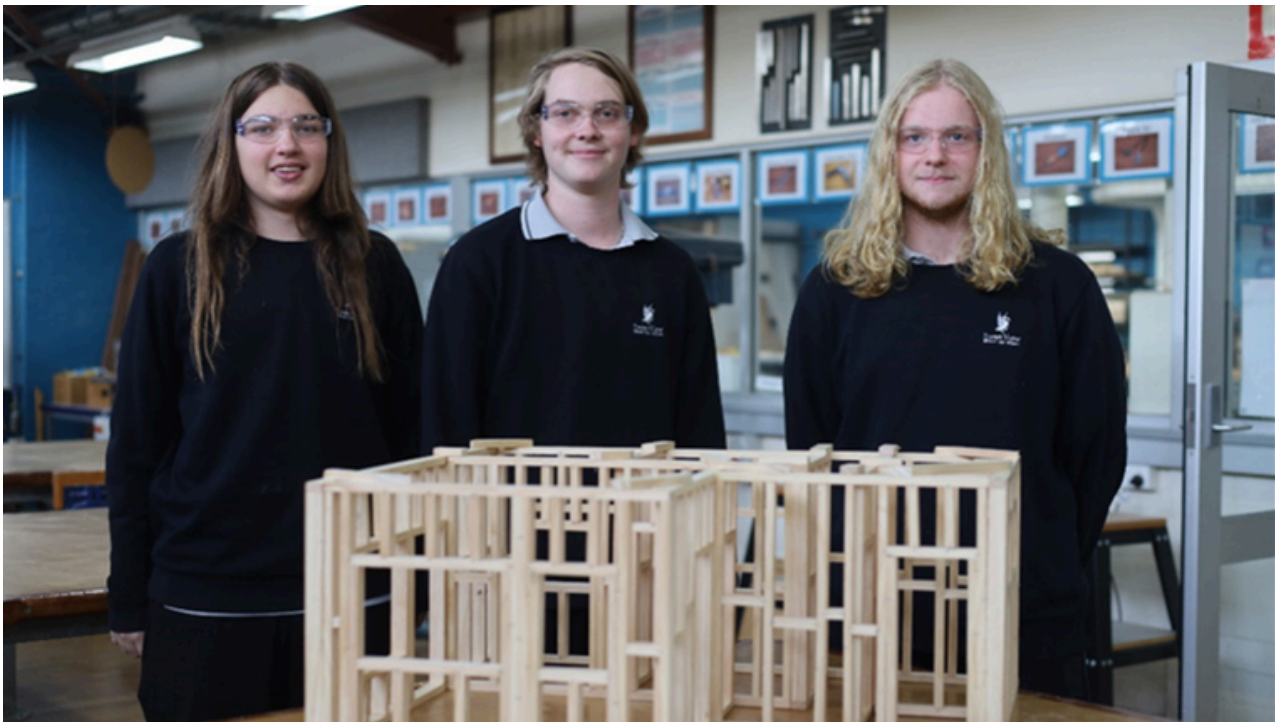

PHOTO: Max Cheesebrough, Jeremy Ramswell, Joel Fillmore.

Digital Technologies

In Digital Technology this year, Year 7 students got introduced to the core aspects of computer theory, used binary code to decrypt coordinates to locate secret symbols, designed and coded brand-new games using Scratch 3, and coded an Edison robot to navigate through a maze on its own.

Year 9 students got introduced to the world of game development by exploring the base coding language of Python, researched into the development of their favourite game franchises, delved into Minecraft to understand how coding in Minecraft can be done, coded intense games using Scratch 3, and got a taste of intensive game development in Game Maker Studio 2 where they were made to create their own sprites, backdrops, and code to build a game based on their favourite stories.

Year 10 students researched into the production of a classic game console release prior to 2015, learned how to make a 3D model a stack of donuts on a plate in Blender then created their own unique game asset, researched one of their favourite Australian indie game developer, delved into Minecraft to build and code challenging minigames, and learned how to make a 2D platforming game using the web based program Gamefroot.

This year the students visited the Pixel Expo 2024 . This allowed them to be emersed in a range of the latest gaming technologies that are being offered.

Mr Geoffrey Serafini
Teacher

Home Economics

Another busy year in Home Economics. Students have been able to develop skills that are useful in everyday life, they have learned how to prepare food, the cost and pricing of food, health and nutrition, safety, hygiene & cleanliness.

Year 7
In Year 7, Food Specialisation students got to learn basic cookery, uses of kitchen equipment, how to accurately measure ingredients, how to read recipes and understand abbreviations. Students got an introduction into nutrition and learn about the Australian Guide to Healthy Eating. They were able to demonstrate their practical skills by creating their own egg meal and healthy hamburger.

Year 8
In Year 8, Food Specialisation, students delved into sensory properties to create healthy meals, focusing on practical cooking and basic nutrition science. Through hands-on experiences, they mastered flavour, aroma, and texture while exploring ingredient nutrition.

Year 9
In Year 9, students explored international foods. They learned about diverse global cuisines, focusing on both practical cooking skills and understanding the cultural significance of dishes.

Throughout the year, students adapted recipes to consider cultural variations, dietary preferences, and nutritional principles.

Year 10
In Year 10, Café foods, students, focused on the intricacies of café foods. The curriculum placed a spotlight on honing practical cooking skills specific to café-style cuisine while also delving into the business aspects of running a café, aligning with the broader goals of the curriculum.

Year 11
In Year 11 Food Science and Technology, our three classes had an engaging journey exploring the wonders of food together. Students honed their baking skills with the bake-off competition, learned healthy eating recipes and devised a healthy meal that met the Australian Dietary Guidelines, enhanced their knowledge of macro and micronutrients. Costing and nutrition labels were taught to ensure students can continue using these skills to make positive choices.

Year 12
In the final year of Food Science and Technology, students mastered their cooking skills. They were able to utilise their knowledge of nutrition and produce meals that met the Australian Guide to Healthy Eating. They learned about functional properties of food and delved into the scientific aspect of food. Students produced their own ‘heat and eat’ style meal and created the label and nutrition panel. Students will be able to use these valuable life skills and continue cooking in the future.

Year 11 and 12 Children, Family and Community
Students engaged in learning about pregnancy, child development, developmental milestones, child theorists, family structure, child nutrition and much more in Children, Family and the Community. Students were able to take the reality baby home overnight and experience what it would be like to look after a newborn baby for 24 hours.

Ms Anna Taylor and Mr Ruby Walkden
Teachers

Vocational Education and Training (VET)

2024 was an exciting and activity-packed year for VET at Swan View Senior High School. We offered a wide range of activities to our students through auspiced (on-site) certificates, profile (off-site) certificates, traineeships, try-a-trade, career tasters, work experience and programs brokered by the Smith Family.

On-site VET included: Certificate III in Business, Certificate II in Community Services, Certificate II in Creative Industries – Drama, Certificate II in Engineering Pathways, Certificate I in Manufacturing, Certificate II in Sport and Recreation, Certificate II in Visual Art and Certificate II in Workplace Skills.

At TAFE students engaged in Certificate II in Automotive Servicing, Certificate II in Automotive Vocational Preparation, Certificate III in Business, Certificate II in Community Health & Wellbeing, Certificate III in Events, Certificate II in Hospitality, Certificate II in Rail Infrastructure and Certificate III in School Based Education Support.

We also had students participate in school-based traineeships where they completed a certificate course and also engaged in regular work experience one day per week. These traineeships covered Certtificate III in Early Childhood Education and Care and Certificate II in Workplace Skills.

Our VET trainers have continued to build relationships with a variety of industries and community agencies and are excited to see where these connections will take us.

Ms Kate Rogers
VET Coordinator

Structured Workplace Learning

This year we had a number of Year 10, 11 and 12 students participate in Work Experience. Spending time in a workplace gives our students a chance to see what it is really like in their chosen industry.

Our students spent time in a wide range of work places:

- Briffa Engineering
- BTP Group

Student Services

Lower School

PROGRAM COORDINATOR

In 2024, Student Services continued to prioritise recognising students who embody and demonstrate our DARE values (Diligence, Accountability, Respect, and Extraordinary). Throughout the year, Student Services ran a number of Year Assemblies to emphasise the importance of making positive decisions. These assemblies provided a platform for our students to understand the impact of their choices and the ways in which they can shape their futures. Recognising exceptional commitment to their education, students with attendance rates of 95% received commendation certificates. Consistent attendance is a cornerstone of success in education, allowing students not only to maximise their learning opportunities but also to develop crucial life skills such as responsibility and time management. Alongside the DARE team it has been fantastic to promote the DARE values and see students receive a record number of reward points for their efforts.

On Thursday 12 September, our school proudly participated in R U Okay Day 2024. This day served as an important reminder to all Australians that every day is the right day to ask, "Are you OK?" and initiate meaningful conversations with those we care about. To support this important initiative, we partnered with organisations like Headspace, RAC, and Helping Minds to deliver workshops focused on well-being, social media, and goal setting. Various agencies, including Derbari Yerrigan, Mercycare, CarersWA, and Rise, set up stalls to increase awareness of the support networks available to young people in our community. The event saw live music and a hugely popular petting zoo give students a chance to relax and enjoy the school environment in a different way. Our students also welcomed the different snack options and most importantly the dunk tank where staff risked their dignity to make sure everyone had a memorable day.

Student Services' focus throughout the year is to create opportunities for students to make and build healthy relationships through various memorable and fun-filled activities. Lunches provide students with fantastic opportunities to bond and create lasting memories alongside icy poles and sausage sizzle giveaways to show students that we value their contributions to our school community. As always Mrs Mathers has been the driving force behind various activities to brighten the students' day, the Quistmas Quackers challenge saw Students enthusiastically searched for numbered little plastic Christmas ducks hidden across the school with four lucky students winning gift vouchers through a draw of registered finds. Thank you, Mrs Mathers for your enthusiasm and for leading the initiatives.

In Week 9 and 10, staff nominated Year 7-10 students to receive recognition certificates at the DARE Award assemblies for embodying our school's DARE values. Congratulations to all recipients and for being outstanding role models for your peers. In addition, students who recorded 90% attendance and above and had Good Standing throughout the year, attended the Adventure World excursion on Wednesday 11 December. We extend our gratitude to the supervising staff who made this day a huge success in the beautiful weather.

We wish our Year 9 students all the very best for their transition to Year 10, you will be greatly missed and we're sure you'll make the most of the courses and programs in offer.

Mr Simon Marriette
Program Coordinator

Upper School

STUDENT SUPPORT COORDINATOR

The Upper School Student Services team are many things to many people. Our primary role is to support students in Years 10 - 12 with their education, social-emotional wellbeing and behaviour. We are also always available to discuss any issues or concerns that parents or caregivers may have regarding their child's academics, wellbeing or behaviour.

Mrs Fleur Fletcher, who replaced Ms Pauline Manser, and I have enjoyed building positive relationships with our Upper School students and take great pleasure in watching them mature over the course of the year. There is a definite shift in their thinking and actions as they mature and make positive choices regarding their academic journey. Year 11 and 12 students especially, focus on the final few years of their high school journey as they strive to achieve the best results possible to set themselves up for future endeavours.

Along with the usual rigors of academic achievement, in 2024 we also introduced several fun events to build a sense of community across the school.

We continued with Upper School events such as reward excursions, the River Cruise and the Year 12 School Ball, but also added some whole school events.

The Colour Run again featured as the end of Term 3 event. What a crazy and colourful event. Students who participated had a fantastic time. I'm sure I saw many staff with grins a mile wide as they chased students armed with water squirters and coloured powder.

To follow on from last year's successful Quistmas Quackers hunt we held an Easter Bunny and Quistmas Quackers hunt this year. One hundred numbered little Bunnies for Easter and Christmas ducks were hidden around the school for students to find and register. Students who found a duck went into a draw, with a student from each year group winning a $30.00 gift voucher each.

During the final week of 2024, we acknowledged the students who completed the year with 100% attendance. What an outstanding achievement. Approximately 15 students from Years 7 - 10 enjoyed a special lunch to celebrate. The students were joined by Principal, Dr Sekulla and Deputy Principals, Mrs Hawley and Ms Scriven also attended to congratulate students.

Now, as we say goodbye to 2023, I would like to extend a huge 'thank you' to Ms Karen Scriven, Deputy Principal - Student Services for her leadership, guidance and support of both staff and students. Her door is always open to students, parents/caregivers and staff and we continue to improve daily due to her tireless efforts.

We wish our Year 12s a fond farewell and hope the years to come bring amazing opportunities in whatever pathway they choose, and to our Year 10 and 11 students and their families, we wish you a well earned break and look forward to welcoming you all back for 2024.

Mrs Sophia Mathers
Student Support Coordinator- Upper School

River Cruise

The 2024 River Cruise was held at the end of Semester 1 for all eligible Year 11 and 12 students.

The Crystal Swan is the perfect vessel from which to enjoy an evening cruising the river and dancing the night away.

The night was a fantastic opportunity for students to get to know peers they may not normally spend time with, make new connections and build and strengthen friendships.

Mrs Sophia Mathers
Student Support Coordinator - Upper School

Extra Curricular

Badminton Club

The Swan View Senior High School Badminton Club went strong again in 2024.

Year 10, 11 and 12 students trained every Tuesday morning from 7.30-8:30am, developing fundamental skills and practicing competition strategies and tactics.

On 14 June 2024, Swan View Senior High School Badminton Club participants were fortunate enough to attend an interschool badminton tournament hosted by School Sport Western Australia (SSWA) at Kingsway Indoor Stadium. The tournament saw Swan View students take on eight other schools in a multi-tier doubles tournament, where pairs competed in four, first to 25 point matches, progressing into the semi-finals if they finished first or second in their pool.

All Swan View students competed extremely well and represented our school with pride. Congratulations to Shante Regnault and Lacey Hewer, Eric Arjoon-Cloghan and Hayden Linton and Josua Rokobukai who made it through to the semi-finals. A further congratulations to Josua Rokobukai and Riley King who were recognised by SSWA for their sportsmanship and willingness to help out during the day by officiating games.

Congratulations to all students who represented our school at the SSWA badminton tournament and thank you to all students who participated in Badminton Club training sessions throughout 2024.

Mr Michael Garfield
Teacher

Robotics Club

The Robotics Club were challenged to build and program a Lego SPIKE prime robot to participate in the 2024 First Australia Lego League competition. They had to explore the scientific world of ocean exploration and research by programming their robot to complete challenges. These challenges were based on different aspects of how scientists research different aspects of the ocean and how humans are working on healing and repairing ocean habitats that have been effected by pollution. Students were also tasked with devising an idea to solve an issue that scientists are experiencing with being able to remotely study and collect samples from the deepest parts of the ocean where humans have been unable to explore in the past.

Mr Geoffrey Serafini
Teacher

PHOTO: Nathaniel Bertlett, Obe Albrecht, Eli Wakeham, Michael Berry and Ragon Crawford at the 2024 First Lego League Competition.

Rugby Club

Term 2 this year, we had 10 students compete in the Western Force Cup Gala Day in a 10 a side game format. With the lead up to this tournament, we hosted after school trainings with the support of Rugby WA providing a qualified coach as well as donating two tackle bags, three hit shields, five rugby balls and a stack of markers to our school. This generous gesture assisted us to teach the students how to make a tackle effectively and safely, as well as develop an understanding to what a 'ruck' is.

Many of these students have limited prior knowledge of how to play the game of rugby union which is a very technical sport. For most boys that played for their first time, they demonstrated values of bravery, grit, sportsmanship and overall, a big smile on their faces. We appreciate the opportunity to play sport with our mates and embrace the many cultures that are involved.

Special mention to our Year 11 student, Rueben Sulusulumaivasa for being selected into the Under 16s Western Force team and played in Canberra. Rueben showcased his depth of skill on the Gala Day and coached his peers in specific areas of the game. Well done, Rueben.

Mr Caelan Toki
Teacher

PHOTO: Rugby students with Mr Ramirez and Mr Toki.

Run Club

During Term 4, students were provided the opportunity to participate in the 'Run Club'. Students communicated their goals at the first session and made a massive effort to run laps around the school oval every Tuesday and Friday morning.

Students involved saw massive improvements in their fitness and should be proud of their efforts to reach their desired goals. After achieving 20, 50 and 100 laps, students were recognised for their efforts and were rewarded with either a Zooper Dooper or an UP&GO for reaching a major milestone.

I would like to congratulate Riley Searle, who was present at every session this Term and completed a total of 103 laps, earning himself the 'Run Club' award at the last Assembly of the year. Finally, I would like to acknowledge the Health and Physical Education staff for their commitment, and a special mention to Mrs Renee Bowell for her participation.

Mr Michael Zampogna
Teacher

PHOTO: Mr Zampogna and Riley Searle.

Volleyball Club

Every Tuesday afternoon Ms Klimczyk, and on most occasions, Mr Garfield run Volleyball Club. The Club is a place for Upper School students to come down and have a go at volleyball and test out their skills before playing against other schools in the SSWA tournament.

The tournament is run as an all-day carnival where our students got the opportunity to play against other schools and demonstrate their volleyball skills in a competitive environment.

We nominated four teams, which is the largest group we have taken to date. All teams showed great skill and enthusiasm, each team making it through to finals. Unfortunately, the boys missed out this year each coming third in their divisions. The girls Swan View B division took home the trophy, after playing off against our own Swan View girls C team in the preliminary final. They should all be very proud of their efforts. It was a fantastic day, we all had lots of fun.

Ms Stephanie Klimczyk
Teacher

Australian Defence Force Awards

The Australian Defence Force offers an awards program which is open to all Australian Schools, the program supports the presentation of up to two awards to successful students each year from participating schools – two students from Year 10 and two from Year 12.

The awards are:

- Future Innovators Award
- Long Tan Youth Leadership & Teamwork Award

The Australian Defence Force (ADF) Future Innovators Award has been designed to recognise recipients' science and mathematics abilities while highlighting the value the Navy, Army and Air Force place on STEM skills and STEM career opportunities within Defence.

The awards are a means to formally recognise those students who have demonstrated motivation and innovation in the areas of STEM within their school, and who display strong personal ethical values, such as doing one's best.

The Australian Defence Force (ADF) Long Tan Youth Leadership and Teamwork Awards are to encourage the development of behaviours and attributes considered critical in Australia's leaders of tomorrow.

The awards recognise students who demonstrate leadership and teamwork within both the school and the broader community, and who display strong values, such as doing one's best, respect for others and "mateship" - values considered integral to both the ADF and Australian society.

Students are nominated by staff and the final decision made by Mrs Hawley, Deputy Principal – Teaching and Learning.

Head Boy's Address

So this is it, the culmination of the past six years. I would be lying if I said I wasn't scared to leave school, and I think a lot of people here today share that feeling, we've spent the last six years growing and changing together, and after today its over. No matter how badly we want to come back even for just one last lunchtime with our friends, we cant.

- No more Media class where we go on huge tangents about random topics.
- No more joking around with friends and annoying our teachers in class.
- No more stress of a test you didn't study for, or the slight relief you get when you find out your friends didn't study for the test either.
- No more dreading a class only for the teacher to decide to put on a movie that day.
- And no more recess and lunch's where we can just hang with our friends.

After today everything changes its both exciting and terrifying. We have to go and actually do something with our lives, achieve our dreams. I think ill look back at school very fondly, I've really enjoyed my time at the school and its because of everyone in this room, but especially all of youse sitting up here. I wouldn't rather any other group of people to have gone through school with, all of the friends I've made all of the drama and sad moments, but also all of the hilarious and amazing moments, they've made me who I am. Yous have made me who I am.

I remember coming to the school in Year 7 being quite nervous. I mostly hanged with my sister but I quickly left my shell and I can't remember how but started to be known as grandma part of this big sought of fake family we made and I was the grandma don't know why but who really understands what goes on in Year 7s minds.

Year 8 was the year where I met my closest friends. A guy suddenly appeared in my Maths class and I remember thinking he was a nerd and I don't remember how but that nerd became my best friend and still is today. Hi Daniel.

I also met Rahmah in English where we ate chips off the floor and drew horrible dictators as ballerinas. It's funny I don't remember how I became friends with either of them but I could not imagine my life without them.

That year, I also began playing games with Tiane which has led to many of my favourite memories late night playing games or going to the gym or going to get food. As time went on I got closer with other people, drama got smaller which allowed me to get closer to Jess and Chelsea eventually forming the awesome foursome along with Daniel which has sadly disbanded. RIP. But even though the group no longer exists youse are still amazing individually. If it's the late night drives with Chelsea or the hours I've spent watching you clean your room Jess. I'm thankful to have youse in my life.

Year 10 Taine introduced me to Karl in sport and if he didn't do that I don't know who I would be staying up until 2am with talking about life. Tom came to the school in Year 11 and has been the reason for the making me laugh the hardest I ever have. And special thanks to Chloe Raph who I've always been close with but being adopted as your passenger princess has been the greatest honour. I love our drives and our lunch dates Im excited for more to come.

If I was to name everyone who I appreciate from my time in school I'd be here all day because all of you have helped me through this journey and I want to thank youse for being so kind to me throughout these years. I also want to thank all of youse in the crowd who have interacted with me calling me Mr Carter, Mr Hayden, Mr Loveheart or just talked to me.

I'm glad youse have felt comfortable enough to approach me and I hope I did a good enough job as your Head Boy.

I want to thank all my teachers who have put up with me over the years I know I can be annoying, non stop talking and I know I slept far too much in class but thank you for being so patient and dealing with me.
You all have made my time here wonderful. I especially want to thank Ms rogers who has been my teacher since Year 7, you have taught me so much and made me become so passionate about theatre thank you for being so amazing.

I also want to thank my parents who have been the greatest parents I could've ever asked for. Thank you for raising the way you have I have had the best childhood ever and hope I can make you proud as an adult. I also want to thank yous for putting up with me I can be a real pain sometimes but yous have always been so forgiving. I couldn't have done any of this without your support.
Thank youse I love youse.

Now Ive spent a lot of time talking about the past but it shouldn't just be about that we are moving into the future, now time is scary, it constantly moves forward never stopping no matter how badly you wish to stay in a moment for just a bit longer, it continues moving, and it moves fast.

I can't believe I'm 18, I don't feel ready to be an adult yet, and now schools ended and I don't know what I'm doing but I look out into the crowd and see all the parents watching their children leave school and I realise that they were once in the same position I'm in. Their last day of school, scared for what comes next. And maybe to them it only feels like a couple years ago that they left and how time moves so fast and I think about how one day I'll be in their position watching my kids leave school, and I hope that when that day comes ill think of today and it will feel like a distant memory, that I've lived a full life since now that I hardly remember today and it helps make all these fears easier to handle. And I hope the same for all of you. that youse live a life so full that you cant remember this dumb speech. I know some of youse know exactly what you want to be after school and some of youse are probably like me and haven't quite figured it out yet but after getting to knows youse over the last years I have full faith youse can all do it, all of you are so passionate and creative and if after today we stop speaking I hope that one day ours paths cross again even if its just in Coles and you're able to tell me all about the full life you've lived.

I know I've thanked a lot of people today but theres one more I'd like to thank and that is my sister Emily who is also graduating today. I couldn't have asked for a better sister you are so kind to me and loving, I truly don't deserve you as my sister. No matter what, you are by my side always trying to help me study and push me to keep going. You're the only person who understands all of my silly jokes. I'm sorry I don't hangout with you enough I promise to improve that I'll make sure we play more Roblox together. I'm also sorry for how I've acted this year thank you for dealing with me. Over these past years. I've watched you come out of your shell and grow into a beautiful smart amazing person. You have come so far I know Maddy would be so proud of you like the rest of us are. You are the smartest person I know and I can't wait to see where you go in life I will be by your side no matter what. It is my greatest privilege to be your brother. I love you.

I wish I could stand up here and ramble on forever because I know that once I've done this speech it's the last time I will ever stand up in front of youse. I mentioned earlier how sometimes you wish you could stay in a moment just for a bit longer well this is one of those moments. Standing in front of you all. Looking at my year group seeing all the faces that have seen me grow up. Seeing all of you who have come to support us in our final moments. All of the staff who have dealt with us over the years. I'm sad to leave this behind but I'm more excited for what comes next and hope everyone else is as well, we've got a big night tonight so we better hurry this up so we can get ready and show everyone why the 2024 graduates are the best to ever exist. Theres a million different things I could say right now but ill say just one goodbye.

Hayden Carter
Head Boy

Head Girl's Address

It feels surreal to say that 12 years of schooling has come to an end, and I'm sure we're all embracing this time in different ways. Sadly, our time is up and the experiences that we've had are finally over, which will soon just be a distant memory. The school routine that we've known for as long as we can remember draws to a close and we now have free reign and endless choices to choose what we want to do.

High School was definitely a time where we made mistakes and learnt valuable lessons, but that was crucial in helping us become stronger people. Friendships don't always work out and the paths you choose to take might not be the right ones, but that's how we learn. If you're too scared of failing and are consumed by what others think of you then how can you expect to grow.

I think one of the biggest lessons that I've learnt is to be careful with who you surround yourself with and choose friends who actually value your presence. Your circle influences you more than you realise, and we shouldn't stick around with people who drain our energy.

I know that we all had different experiences and stories to tell from our time at school, but I'm sure we made memories that will last a lifetime. I'll forever cherish all the excursions and camps I went on which made school somewhat bearable, I'll miss bantering with the teachers and getting extremely competitive with them every time we played sport, and I'll definitely miss laughing with my friends in the back of class, gossiping more than doing actual work. However, I won't miss the work aspect and the exams. I'm so thankful every day that ATAR is over.

I want to say a few thankyous to some people who guided me and got me through the tough times these past few years:
Firstly, my ATAR teachers. You guys go the extra mile for us to ensure we were ready for exams, but not just that, you truly cared for our wellbeing and wanted to see us succeed.

Ms Farrell, you were one of the best English teachers I've ever had and really helped me to improve my exam marks and I'm so thankful for that.

Mr Marriette, I know you were just as fed up with our class as we were, but your teaching helped me to maintain my great mark and make history my top class.

And Mr Vernon, I don't think my friends and I really did much work in your class, but you made geography nothing but fun. I'll miss hearing you casually drop another near-death experience and watch you walk off like it's nothing.

Secondly, the most recognition and thanks that I think I can ever give is to my parents. Throughout my whole life, you always told me that anything is possible if you put your mind to it, and to keep dreaming big because you never know what you can achieve. I wouldn't be where I am today if I didn't have you guys, and as much as I hate admitting it, you are cool parents, and I aspire to do the stuff that you've done one day. I love you guys.

Lastly, I want to thank my best friend Brooke. You've seen me go through all my different phases over the past 10 years and you're still friends with me, so I think we're bonded for life. Even though you don't go to our school, you're always filled in with what's happening and give me the reality check I need to hear sometimes, even when it's not what I want to hear. I'm so excited for us to move onto the next stage of our lives and create some amazing memories.

This time is definitely challenging and almost scary as we feel lost on the steps to take next. As each year went past and people asked me what I wanted to do after school, I never had a concrete answer and knew I had time to 'figure it out later'. But now, time has crept up on us and I'm in the position where I actually have to figure something out. In saying that, don't rush into something you don't like just because you feel like you need to make a choice now. We're so young, and ultimately, do what's going to make you happy regardless of what anyone says because it's your life and you choose how to live it.

My biggest piece of advice that I can give to you is to have confidence in yourself. Showing up with confidence and believing you have what it takes to pursue something goes a long way. Don't let other people's opinions get to you and be a leader rather than a follower. Do what YOU want to do and don't try and live someone else's life because we're all on different journeys. You might be meant for greater things instead of the box you're trying to fit into.

I'm so grateful for the education I received and the teachers who taught me so much about life. It made me really happy having daily conversations with my favourite teachers about what steps I wanted to take next, and I appreciate the advice and wisdom that you offered me. I'm extremely excited to move on to bigger and better things and start creating the life I envision, I know it's the right time to move on.

To the class of 2024, I wish you luck with whatever you choose to do in the next stage of your lives. It will no doubt be challenging but if you put your mind to it I know you will succeed. Graduating is a bittersweet milestone in our lives, and I think we should embrace this with excitement.

Shante Regnault

"Not everyone deserves you, if they want to go let them, let them go so you can focus on yourself rather than focusing on trying to keep and please them".

"Past is past and present is present, so will be for the future. Try to enjoy the moment you live, even if things are not going as you consider to. Smile to the life".

Nickname: Zara

What is your favourite memory of High School? I had a small party with my classmates, my best friends at school. We all got everything from home and shared it at a little lunchtime party. It was fun because we ate together, talked and were joking together which was so fun.

If you could go back to Year 7, what is one thing you would do differently at school? Would befriend only the ones who were considering me as their friend, not everyone they were friends with when the time they needed someone and then leave me as they found another friend.
Where do you hope to be in 10 years' time? I have three big wishes that I want to achieve all of them in 10 years later.

Hamish Allen

"Only sometimes."

What is your favourite memory of High School? Hanging out in media all day.

If you could go back to Year 7, what is one thing you would do differently at school? Have better work ethics.

Where do you hope to be in 10 years' time? Anywhere but here.

Camden Anderson

"Hi, how's it going?."

Nickname: Cadminton
What is your favourite memory of High School? The time when Kyle said "no KFC Day 3."

If you could go back to Year 7, what is one thing you would do differently at school? I would re-establish the Mongol Empire.

Where do you hope to be in 10 years' time? In the year 2034.

Tyrone Andersen

Rahmah Andi Iqbal

Eric Arjoon-Cloghan

Summer Bell

Sienna Bradley

“This schools traumatised me more than the boys on my snap.”

Nickname: Ranga
What is your favourite memory of High School? Probably whole of year 7 and 8 ngl.

If you could go back to Year 7, what is one thing you would do differently at school? Actually getting outta bed and showing up.

Where do you hope to be in 10 years’ time? At the end of the rainbow protecting my pot of gold - while making bands upon bands.

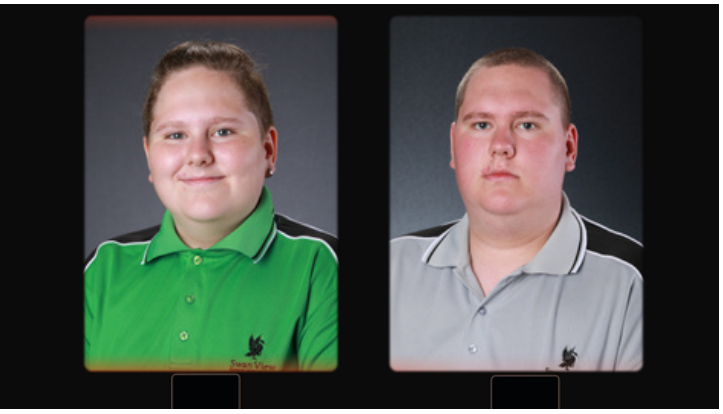

Emily Carter

“People call these things imperfections, but they're not, that's the good stuff. And then we get to choose who we let into our weird little worlds" - Good Will Hunting.

Nickname: Em
What is your favourite memory of High School? The 2020 Drama Production, from all of the rehearsals to the actual shows and bump out.

If you could go back to Year 7, what is one thing you would do differently at school? Not get involved in drama.

Where do you hope to be in 10 years’ time? Travelling the world.

Hayden Carter

“I think its nice that we share the same sky.” - Aftersun.

Nickname: Fatman Tingz
What is your favourite memory of High School? Eating chips off the floor with Rahmah in English Year 8 or the Winnie the Pooh performance in FAME Year 9.

If you could go back to Year 7, what is one thing you would do differently at school? Nothing. I'm happy with how things have turned put everything that has happened made me who I am. Only thing I would do is appreciate certain moments more.

Where do you hope to be in 10 years’ time? Started a family and content in the career I choose. (Own a lighthouse and become a hermit).

Kaitlyn Berry

Jayden Borland

Jayden Bradley

Phoebe Brown

Ponnie Carvell

“A life aint a life til you live it." - Mac Miller

Nickname: Pon Pon
What is your favourite memory of High School? Allllll of year 10 was top tier.

If you could go back to Year 7, what is one thing you would do differently at school? Have more fun. School isn't that serious lol

Where do you hope to be in 10 years’ time? Probably watching the sunset on a beach.

Sharon Elvasharon

“Sometimes the wrong train takes you to the right station.”

What is your favourite memory of High School? Doing something unique, silly, different and fun at every school event with everyone I know and even those I don't know.

If you could go back to Year 7, what is one thing you would do differently at school? Be more active and involve myself in every school activity to connect with other people instead of being an introvert.

Where do you hope to be in 10 years’ time? In 10 years, I will be the owner of 5 luxury houses and living somewhere with a skyline view, doing something I’m passionate about.

Charlotte Burke

Faye Carty

Dakota Cotter

Isaiah Dodd

Abby Fisher

“You’re the sun to me.”

Nickname: Feral
What is your favourite memory of High School? The holidays.

If you could go back to Year 7, what is one thing you would do differently at school? Absolutely nothing.

Where do you hope to be in 10 years’ time? Professional tattoo artist and piercer.

Carlos Garcia

“f miggalicious was tasty, then i would be the miggalicious consumer.”

Nickname: Miggy
What is your favourite memory of High School? Gang, not gonna lie probably my favourite moment in high school was meeting my girlfriend and best friends.

If you could go back to Year 7, what is one thing you would do differently at school? Try to be myself and be an academic student.

Where do you hope to be in 10 years’ time? Be a professional nurse.

Amy Harapeet

“Thanks Kayne.”

What is your favourite memory of High School? Finding $100 in the bathroom.

If you could go back to Year 7, what is one thing you would do differently at school? Drop out.

Where do you hope to be in 10 years’ time? Traveling.

Jasper Fouche

Martha Gareke

Willum Gilchrist

Kyle Harty

Abigael Henry

“Part of the journey is the end.” - Tony Stark

Nickname: Abi

If you could go back to Year 7, what is one thing you would do differently at school? I would be more social and go out of my comfort zone.

Where do you hope to be in 10 years’ time? Working my dream job as a soldier or starting a family.

Lacey Hewer

“I have to be successful because I like expensive things.“

Nickname: Lace

What is your favourite memory of High School? Year 12 Rottnest Camp, staying up till midnight riding around the island and eating Maltesers on a jetty plus doing the pub quiz with Ms Klimczyk.

If you could go back to Year 7, what is one thing you would do differently at school? Pick your friends wisely. Enjoy mucking around and doing stupid stuff, cause at the end you only remember those memories.

Where do you hope to be in 10 years’ time? Have traveled Europe, got my uni degree, married and have kids.

Kyle Hill-McNally

Cooper Hoglin

Thomas Houghton

Sarah Kemish

Karl Humes

“You mah brrrr ra da mmba eeeeenba brrr rat da nnda enda boo...” - Korn

Preston Mortimore

"Great success" Borat

Nickname: Preston

What is your favourite memory of High School? Mr Fletcher.

If you could go back to Year 7, what is one thing you would do differently at school? Keep getting the A's that I got in year 7.

Where do you hope to be in 10 years' time? In the army or in Sweden with a family.

Briony Noack

"If it won't matter in 5 years, don't spend more than 5 minutes upset about it"

Nickname: Bri

What is your favourite memory of High School? Nothing.

If you could go back to Year 7, what is one thing you would do differently at school? Don't be a teachers pet.

Where do you hope to be in 10 years' time? In childcare.

Chloe Raphael

"If you think about it, it was over in no time, and that's life - Frank Ocean"

Nickname: Chloe Raph

What is your favourite memory of High School? Chaos caused during SRC camps

If you could go back to Year 7, what is one thing you would do differently at school? Cherish the seemingly small things because before you know it you're gonna graduate.

Where do you hope to be in 10 years' time? Drinking champagne on a private yacht.

Shantè Regnault

"Don't settle for less just cause it's available."

Nickname:

What is your favourite memory of High School? Going on a Rottnest camp with my year 12 Geography class and going to the pub with the teachers.

If you could go back to Year 7, what is one thing you would do differently at school? Lighten up and not take everything so seriously.

Where do you hope to be in 10 years' time? Richer and travelling around the Mediterranean on a yacht.

Jessica Felicity Rotaru

"Life is short, the world is wide, and I wanna make some memories" - Donna Sheridan

Nickname: Jess

What is your favourite memory of High School? When Mr Wallis burnt his hair on the campfire at year 12 camp

If you could go back to Year 7, what is one thing you would do differently at school? Be more confident because it really doesn't matter at the end of the day

Where do you hope to be in 10 years' time? In Greece.

Ethan Scurrah

"Give me my money"

Nickname: My usernames so either "brej" "birgur"

What is your favourite memory of High School? When the canteen changed staff, the old canteen was sh*t and half the time the food was mouldy, I still even have the photo of it having mould. I also got food poisoning from that so you guys are lucky I didn't sue! :D

If you could go back to Year 7, what is one thing you would do differently at school? "If you went back to year 7 to fix all of your mistakes, you would erase yourself." jk i'd just change school lmao.

Where do you hope to be in 10 years' time? Helping out my family probably.

Alana Sneddon

“Go your own way, don't let others successes be the reason you hold back and self doubt.”

Nickname: Bean

What is your favourite memory of High School? Being apart of this years School production.

If you could go back to Year 7, what is one thing you would do differently at school? To study more.

Where do you hope to be in 10 years’ time? I hope to have a stable job.

Sora Tinniswood

“If you give up, the game ends there.”

Nickname: Dora

What is your favourite memory of High School? Making Monopoly Madness for fringe.

If you could go back to Year 7, what is one thing you would do differently at school? Tell everyone the future, or keep that future for my self and do everything what no one expects.

Where do you hope to be in 10 years’ time? Alive, be artists [music creator, manga artist].

Hannah West

"In life there’s only one choice you can make, whether it's a good or bad one is up to you.”

Nickname: Weetbix

What is your favourite memory of High School? Almost getting tetanus from Stevie Jarvis in year 7, thanks Preston.

If you could go back to Year 7, what is one thing you would do differently at school? Go to school a lot more.

Where do you hope to be in 10 years’ time? Not dead, I guess.

Ella Wilkie

“Violent sobbing.”

Nickname: Ell

What is your favourite memory of High School? I'd say my favourite memory is more of a feeling. It's just simply hanging out with my close friends and actually feeling like I belong somewhere, also just being in their company is always great.

If you could go back to Year 7, what is one thing you would do differently at school? I would teach myself how to not ghost people, I'm bad at keeping in contact with people. I would tell myself to learn the skill then so I don't hate myself later for not knowing how to talk to people through text.

Where do you hope to be in 10 years’ time? I'd prefer to not be dead, but I have no idea where my health issues will take me or just what the future holds in general. I might be a trans man, I might actually get my issues sorted out, or I could end up worse than I already am. But the one thing I do know about the future is that I'll be with my girlfriend Madi, even if she drives me insane. <3

In true Swan View Senior High School tradition, several days of leavers activities highlight the end of the High School journey for our Year 12s.

Dress Up day began with a delicious buffet lunch catered by the canteen followed with the Mock Awards presentation. The Awards were voted on by the cohort and very clearly showed that the group new each other's entertaining personalities very well.

Subject teachers also presented fun and quirky subject awards to many of the students.

The Learning Area costume parade occurred during recess with themes chosen by the Year 12 students.
